

Always the Same

Clean-burning, hard-hitting, powerful Red Crown Gasoline is always the same—uniformly good from the first drop to the last.

Red Crown vaporizes readily—ignites instantly—burns up completely. It means quick starts; prompt, smooth acceleration and plenty of power and punch for high speeds and the hills. Standardize on Red Crown Gasoline—every gallon mile-packed—every gallon the same.

Polarine, the correct lubricant for every car, keeps the motor young and powerful.

Fill up—at the sign of the Red Crown.

SCHMARDER WINS AGAIN FROM RAY

Exciting Wrestling Match at Coates Hall Last Night Results in Victory for Local Mat Artist

From Wednesday's Daily.

One of the largest crowds that has been present at any of the wrestling matches this season was present last evening when Frank Schmarder and Tom Ray met on the mat for the second time during the season and the Louisville mat artist proceeded to once more demonstrate his superiority over the Omaha wrestler. The match consumed an hour and a half and the Omaha lad by his skill and alertness was saved several times from holds which the clever Louisville wrestler had fastened upon him. The first fall required forty-two minutes of strenuous wrestling before the shoulders of Ray were pinned to the floor. In the second fall thirty-five minutes was required before Schmarder with a toe hold made Ray yield and the match was won. Sailor Jim White, the strong man, was an added feature of the evening and during the intermissions of the wrestling match he proceeded to give exhibitions of his strength that brought forth the applause of the auditors. The husky sailor regards large spikes as mere toothpicks and bent a number of these very easily as well as other feats of strength.

WILL MAKE HOME HERE

From Wednesday's Daily.

J. A. Francis of the Plattsmouth Tire company, has decided to make Plattsmouth his permanent home and has been joined here by Mrs. Francis and as soon as they are able to secure a residence will locate here permanently. The company has moved their offices and store room from the location on lower Main street to the room in the M. W. A. building formerly occupied by the Water Co. Mr. and Mrs. Francis are well pleased with this city and anticipate a pleasant home here in the future.

MUCH DAMAGE DONE BY SMALL CYCLONE

Poles on High Line of Nebraska Gas & Electric Company Suffer From the Effects of High Wind

From Monday's Daily

The lines on which the high transmission service between this city and Omaha and Louisville is handled was put out of commission Saturday through the effects of a small sized cyclone that twisted off three poles of the Nebraska Gas & Electric company, west of the city about three miles and placed the lines out of commission. The poles were completely twisted off by the effects of the wind and hurled across the roadway and it required the most strenuous work to get the lines in shape for work. A force of workmen were hurried to the scene and from 10 o'clock in the morning until 7 in the evening the linemen were busily engaged in getting things back into working order. During the breakdown the task of supplying the lines with electric current was put up to the plant in this city and the Plattsmouth plant carried the load

for seven towns all day Saturday. The storm yesterday also had a bad effect on the lines and caused the service last evening to be very irregular.

CELEBRATES 52ND WEDDING ANNIVERSARY

From Tuesday's Daily.

On the 13th of April at their home in Los Angeles was observed the fifty-second wedding anniversary of two of the old residents of this city, Mr. and Mrs. C. E. Wescott, who are now spending their declining years in the pleasant climate of California. Mr. and Mrs. Wescott were married at LaPorte, Indiana, April 13, 1868, by the Rev. J. P. Ash of the Baptist church of that city and they have since 1879, for the greater part of the time been residents of Plattsmouth, removing a few years ago to the coast to make their home. The seventy-second birthday anniversary of Mrs. Wescott will be observed on the 21st of April, and the only regret of the family and friends here is that they cannot have the opportunity of assisting her in the observance of the occasion.

FUNERAL OF MRS. CHARLES W. STOENR

Services Held at Presbyterian Church and is One of Largest Funerals Ever Held in That Church

From Wednesday's Daily.

The funeral service of the late Mrs. Charles W. Stoehr were held on Monday afternoon at 1 o'clock from the First Presbyterian church in this city and was one of the largest that has ever been held in the city, a very large number of the relatives and friends of this estimable lady gathering to pay their last tributes of love and respect to her memory.

The services were conducted by the pastor of the church, Rev. H. G. McClusky, who in his remarks gave a brief sketch of the life of this good woman now gathered to her final reward and from the scriptures selected words of comfort for the family and friends in which the blessed reward of those who died in the faith of the Lord was brought to the minds of the members of the congregation and the reunion in the future when the light of the other world has dawned held out to the sorrowing ones. A quartet composed of Mesdames G. L. Farley and J. W. Holmes and Messrs. R. W. Knorr and G. L. Farley, gave during the service a number of the songs of Christian comfort and hope.

At the conclusion of the service the body was borne to Oak Hill cemetery, where it was laid to rest in the family lot there.

How do you judge oil?

These are the things that determine the true cost of a motor oil—the protection it gives the motor against wear, economy in fuel consumption, the size of repair bills for operation and upkeep.

Polarine stands high when judged by these standards. It cushions all engaging parts with a wear-preventing film that keeps moving parts snug-fitting, working easily with little vibration or noise.

Polarine has unusual stability under high engine heat. It assures a fuel-tight and gas-tight oil seal in the cylinders—maintains full compression and delivers maximum power.

Use Polarine and reduce motoring costs. It is sold where you buy big-mileage Red Crown Gasoline—at first class garages and service stations where this sign is displayed.

Why Let Clothing Prices Worry You?

It is true in many places you cannot buy a suit of clothes less than \$75.00 to \$100.00, and some men are paying as high as \$150.00 to get what they want, but men of Plattsmouth "should worry" so long as they can buy stylish *Styleplus* clothes in all wool fabrics at \$45 to \$60.

You may not realize how low these prices are until you see how good they are. Don't fool yourself out of this opportunity to buy a really good suit at a real fair reasonable price.

We're more than pleased to show you—no obligation to buy!
