Get Rich Quick! Promotion Stocks! Hot Air Salesmen!

Naturally we all want to get rich, if we can, and it would be simply fine if we could do it in a short time.

Last year this country was literally flooded with solicitors who were selling promotion stocks, automobile tire stocks, automobile and truck manufacturing stocks, creamery stocks, potash stocks, insurance stocks, milling stocks, packing company stocks, stocks in sky scraper buildings and hundreds of other kinds of stocks. Did you buy any and, if so, what do you think of your investment today?

In 1919 alone permits were issued in the United States authorizing stock companies to sell over twelve billion dollars worth of stocks, involving an amount about equal to three of our Liberty Loans. These companies are planning on selling this stock in the present year if they can possibly do so.

Of course, the man who will "Get Rich" from these stocks will not be the man who buys stocks, but the men who promote these propositions, and the "Hot Air" salesman who sells the stock to you. Usually he gets twenty per cent or one-fifth of the amount of stock he sells. If he sells \$5,000 worth of stock, he gets just one thousand dollars. Pretty nice, he ought to get rich quick.

When this "Hot Air" man calls on you next time, don't let him sell you the stock at once. Think it over and then call at your bank and ask about it. Find out what you are buying. Don't take the word of the fellow who is getting a commission for selling you this stuff—usually your banker can buy it for you much cheaper than the stock salesman sells it for.

THE BANK OF MURDOCK has your welfare and interests at heart, and will always try to protect your investments, should you ask our advice. We do not make a practice of assisting in the sale of stocks, but if you want any particular stock, ask us about it, and we will see at what price we can buy it for you. Just now we have quite an assortment of stocks offered to us, at prices much below what they sold for last year, and if you must buy stocks, why not buy them as cheap as you can? Tell your banker what you want, how many shares, price you want to pay, and he will attend to the rest. It may take a few weeks to get the stock, but you will be saving money by doing so. Better yet, don't buy them at all.

At the present time we have offered to us the following—

Bankers Realty Bonds @	\$82.50
Hebb Motor Company stock @	97.50
Higgins Packing Company stock @	92.50
Iowa Packing Company stock @	74.00
Overland Tire Company stock @	7.35
Skinner Packing Company stock @	85.00
Skinner Company stock @	42.50
Sprague Tire & Rubber Company stock @	34.00

Some of these are from \$30.00 to \$40.00 less per share than the price at which the "HOT AIR" salesman sold them for.

THE BANK WHERE YOU FEEL AT HOME

HENRY A. TOOL, President J. E. GUTHMANN, Vice President
H. A. GUTHMANN, Cashier.

Miss Hilda Peters was a visitor in the capital city last Friday, going up to take her weekly instruction in music.

Special Varnish for table tops, window sills, outside doors. Won't turn white under water. At Max Dusterhoff's.

George Utt and son, Diller, have just finished the task of putting lightning rods on the barn and other outbuildings at the farm of M. S. Zaar. Mr. Zaar recently suffered the loss of one of his valuable cows by lightning and concluded the plan of "safety first" about the best thing yet.

Paul Schewe has had us place his name among the readers of the Journal, recognizing its worth as a newspaper as well as an advertising medium.

Miss Anna Amgwert, who is nursing in Lincoln, was a visitor at the home of her brother, Bud, and sister, Margaret, for a few days last week, remaining over Sunday.

John Oehlerking is having a new house constructed on his farm east of Murdock and already has the frame up and boxed in, as well as part of the rafters on. With good weather, the work will be pushed rapidly to completion.

Frank Glaubitz was looking after some business matters in Lincoln last Friday, going up in the morning and returning on the Jersey in the evening.

Chintz papers, Tapestry and plain colors for beautiful combinations are part of our fine wall paper stocks. Let us show you how to make up such combinations.—Max Dusterhoff.

Messrs. O. K. Brown and T. T. Craig, both of Ashland, were visitors at the farm of Mr. Craig north of Murdock last Friday and came on into town to transact some business matters.

Louis Bornemeier shelled corn last week, having some 2,500 bushels to market and which he brought to the elevator here. W. H. Rush and Robert Crawford looked after the shelling job for him.

A. E. Lake, residing southeast of Murdock, had a valuable cow killed by a Rock Island train last Tuesday. The animal had in some way gotten out and wandered onto the right-of-way, being struck by the train and killed. The cow was a young one and was valued at \$150.

Mrs. Kenneth E. Sedman, of Fremont, has been visiting at the home of her parents, J. J. Gustin and wife, of southwest of town, during the past week, having driven their car down. She was joined Friday morning by Mr. Sedman and they visited over the week-end at the Gustin farm, returning home Sunday.

While returning from the election last Tuesday, Henry Oehlerking had the misfortune to have the coil he was driving become frightened and turn the car over, throwing him out and bruising him up pretty severely although no bones were broken. Mr. Oehlerking is feeling much the worse as a result of his experience, but considers himself fortunate that his injuries were no worse.

Notice to Patrons
To the patrons of the Murdock Rural Free Delivery route: You will please provide yourselves with sufficient postage stamps for mailing your letters and parcels, as it is inconvenient for the carrier to search the mail boxes for pennies for postage, as is necessary when loose change is placed therein.
Yours respectfully,
F. A. MELVIN, P. M.

W. O. Gillespie was a business visitor in Plattsmouth last Thursday, being called there to look after some matters connected with the final hearing of the Geo. Isenbut estate, of which he is administrator.

O. J. Pothast and wife visited in Lincoln over Arbor day, which on account of it being a legal holiday, afforded them opportunity to get away from the duties at the bank and visit friends in the capital city.

H. W. Tool was a business visitor in Alvo last Friday, his business interests being looked after by Wm. Weddell, who, by the way is so well qualified that he is able to look after any business about the yard that might claim his attention, and who is withal a most accommodating gentleman.

Martin Blum, of north of Murdock, though a resident of South Bend precinct has the honor of winning the oral spelling test in the spelling contest held at the court house in Plattsmouth last week. Martin is the son of Mr. and Mrs. Andrew Blum and is a speller whom one can depend on.

More Ford Cars Now
E. W. Thimgan, who is one of the rustlers when it comes to supplying the demand for cars, tells us he is now getting more Fords and that he looks for an easing up of the stringent demand for this make of car. For a long time now one has had to have his order in weeks and even months ahead in order to get one, but as production is being increased, they are coming easier now.

Many Personal Favorites
At the election held last week there were many personal favorites brought out in the way of delegates to the county convention. The ladies, who had just come in possession of the right of franchise, were seemingly anxious to prove their inde-

pendence of action, and voted for 42 delegates on the republican side and some 20 on the democratic side. This shows plainly they were not influenced by any one in particular who might or might not wish to attend the county conventions and participate in their deliberations. For the most part those voted for received from one to three votes each, but there were a few honored by receiving as high as 20 votes, and by them will be delegated the task of representing the people at the county conclaves.

Welfare Association Meets
The noted lecturer, Theodore Hansen, of Denver, who has established headquarters in Omaha, was a visitor in Murdock last Thursday and gave a very interesting lecture relative to state, county and city welfare, which is another reform movement. A committee, composed of Rev. A. H. Schwab, Mr. and Mrs. H. A. Tool, Louis Neitzel, Mr. and Mrs. A. J. Tool, H. V. McDonald, G. Bauer and Mesdames Otto H. Miller and Oscar McDonald was appointed to attend a county convention to be held at Plattsmouth May 18th.
