depends quite as much on correct lubrication as on suitable fuel.

It is quick, complete combustion that generates power in a motor; but it is lubricating oil that supplies the seal which insures full compression of the fuel charge and which holds the explosive gases behind the pistons and makes them work.

Polarine does this effectively—and more. Between engaging parts and in bearings it maintains a protective oil cushion that insures quiet, smooth operation with minimum vibration, wear and strain. Keeps motors fit the year round and makes overhauling and repair bills small.

## The NEW EDISON "The Phonograph with a Soul"

The Original Official Laboratory Model! That's a name to conjure with. That's the phonograph which cost 3 million dollars.

Remember the 7 long years during which Mr. Edison experimented night and day. Remember the marvelous result he achieved.

Remember the countless times that exact duplicates of the Official Laboratory Model have matched their art directly against living artists,—and have proved that there is no difference between a singer's voice—or instrumentalist's performance—and its RE-CREATION by the New Edison.

We have exact duplicates of the 3 million dollar Original Official Laboratory Model. We guarantee that they will also match the living artist and equal the entire 3 million dollar musical ability of its famous prototype.

Our Budget Plan! The ideas of common-sense Americans, from Ben Franklin to Thos. A. Edison, applied to the purchase of a New Edison. Do you know about it?

### EPWORTH LEAGUE HAS ANNUAL PICNIC

Owing to inclement weather meeting is held at parlors of Methodist Church last evening.

From Friday's Daily.

The members of the Epworth League last evening enjoyed a most delightful time at the observance of the birthday of the League in this city which took the form of a picnic party. The weather had proved unkind to the young people who had planned to hold the gathering at the pasture at the Elliott farm north of the city and the event was accordingly staged at the parlors of the church.

The evening was spent in the enjoyment of games as well as in the discussion of the plans for the district convention of the Epworth League which is to meet in this city on June 15, 16 and 17, and for which the members of the local league are making great preparations.

The occasion being the birthday of the local chapter of the league a large birthday cake occupied a conspicuous place in the table decorations and with its glowing candles made a pleasing feature of the event. Each member of the party was requested to bring to the picnic the number of pennies that represented the years of their life and which added a neat sum to the treasury from the fifty guests present. The committee of the league in charge of Miss Velma Elliott had prepared some very pleasing refreshments which added to the pleasure of the young people present.

Mrs. Charlotte Osterlich Passed Away Yesterday Afternoon and Mrs. Carl Dunfee This Morning

From Friday's Daily.

Two of the ladies who have been making their home at the Nebraska Masonic Home in this city have passed away as the result of their sickness and affliction due to their advanced age.

Mrs. Charlotte Osterlich who has lived at the home since March, 1917, and who for a greater part of the time has been practically helpless, died yesterday afternoon at 1 o'clock. Mrs. Osterlich was a native of Delaware county, New York, where she was born in 1854, and prior to coming to the home resided at Kansas City, Mo., and while living in that city sustained a severe fall which had made her a practical invalid since that time. She was a member of Vesta chapter, Order of the Eastern Star of Omaha. The funeral of this lady was held at 3 o'clock this afternoon at the home conducted by the members of the home chapter of the Eastern Star and the interment made in the Oak Hill cemetery.

This morning Mrs. Carl Dunfee passed away at 8:15 following a short period of illness. Mrs. Dunfee was sixty years of age at the time of her death and has been a resident of the home since 1915, coming to Plattsmouth from Lincoln where she was a member of Elecia chapter of the Eastern Star. She leaves to mourn her loss the husband residing in Indiana, one sister, Mrs. J. P. Marsh of Lincoln and one brother whose residence is unknown. Mrs. Dunfee has been quite active up to the last two months, but since that time has gradually been falling until death came to her relief. There has been no definite arrangements made for the funeral, awaiting word from the Eastern Star at Lincoln, but it is thought that the body will be taken back to the old home in Indiana for burial.

Emil Koukal was among those going to Omaha this morning to visit for the day and attend to some matters of business.

## "Wall-Surface Satisfaction"

DRESSING the walls is one of the arts of today. More money is being put into it by the average family than, say for pictures or other wall decoration. From the mere covering of an unsightly wall surface, it has grown to the dignity of a decorative art.

Can there be any surprise, therefore, in the fact that the public is evincing a greater interest in better wall decoration?

And having helped to lift wall decoration to its proper place in home beautification, we feel this concerns the interest of every home owner who feels justly satisfied with only the best in home decoration.
