Come in and ask for special figures on Rex barn paint—a strictly linseed oil paint.—Max Dusterhoff.

George Utt has just completed the installation of lightning rods on a number of Fred Newman's buildings.

Edward Vanderberg has become the proud possessor of a new motor-cycle which he enjoys riding a great deal.

Special Varnish for table tops, window sills, outside doors. Won't turn white under water. At Max Dusterhoff's.

Horace Reeves was busy lately dragging the streets and from the improved condition afterwards we would say, "Do it often."

John Beck has just finished work on a body for the truck of F. H. Fitch, the well man at Elmwood, and did an excellent piece of work.

Chintz papers, Tapestry and plain colors for beautiful combinations are part of our fine wall paper stock. Let us show you how to make up such combinations.—Max Dusterhoff.

H. M. Lake was a visitor at the home of his brother-in-law, W. M. Richards, the influential farmer, and during his stay was entertained at grubbing stumps from the latter's farm.

Adolph Glatzel purchased an Overland auto of Emmitt Cook, the Elmwood dealer, last week, and now will make the young ladies smile when he goes joy riding in his fine new boat.

T. E. Englehart, of Maryland, who has been working in the Murdock neighborhood for some time is now employed by Joe Johansen, the market man, and is making a first class hand.

Mr. and Mrs. W. H. Tool were visiting with friends in Lincoln for a short time last Friday evening, Mr. Tool attending the Masonic convocation, where work in the higher degrees was being symbolized.

Fred Zink, Ivan McCrayer and Warren Richards were three of the substantial farmers southeast of the village who shelled corn last week. Wm. Rush did the work with his big sheller and the corn was delivered to a local elevator.

Max Dusterhoff was at Omaha on Sunday, Monday and Tuesday, where he was successful in securing some help in his line, and which he is anxious to have arrive as soon as possible, on account of his work crowding him at present.

Miss Meta Dehning, of east of town, left a few days ago for the western part of the state, where she will visit for some time at the homes of her relatives Henry Dehning, Edie Dehning and wife and Mr. and Mrs. Otto Brockmueller, the former two being brothers and the latter a sister of Miss Dehning, who reside in the vicinity of Big Springs.

H. H. Lawson, who has been working pretty steady, trying to look after the business coming his way, in the line of painting, etc., has slightly overgauged his capacity to turn out work, as a result of which he has not been feeling well during the past week and has had to lay off several days. He hopes to regain his ability to resume work in the line of work.

School Meeting Saturday There will be a meeting of the electors of the school district which comprises the Murdock schools, held at the public school building Saturday evening June 5th, at 8 o'clock, for the purpose of electing a moderator and the transaction of such other business as may be brought before the meeting.

Were Visiting with Friends Mrs. W. O. Gillespie and Miss Viola Everett have been visiting at Tobias, guests at the home of Dr. and Mrs. Blattspeller. They also spent some time at the home of Mrs. Gillespie's brother, at Fairmont.

Enjoyed a Season at Lincoln I. G. Hornbeck and Louis Hornbeck were among the guests to Lincoln for a short time last Friday evening to attend the Shriners' convocation, when the degree was being conferred upon a class of candidates. Louis returned via the Mop to Wabash where he was met by William Gehrts, but I. G. was left to come home later via the Rock Island, he having remained to talk to a friend on the platform while the Missouri Pacific train was pulling out.

Boxing Match Last Friday Some of the young lads with iron in their blood boxed a few rounds at the barber shop last Friday, just for practice and the fun of the thing. Henry Dehning and Hubert Schliefort went a lively round with honors about even. Orville Ingerson and Walter Brown also had a lively bout in which Mr. Ingerson came out the better, but with the best of feeling prevailing.

Another Worth While Structure The excavation has been made and the foundation is being laid for the new home which Mr. and Mrs. Charles Long are building in Murdock. Matt Thimgan has the contract for the erection, and with the foundation now out of the way the work of erection will be begun at once. The new home is to be all modern in all its appointments and will be rushed to completion as soon as possible.

Seeing the West With a determination of finding a place to his liking in which to establish himself in business, Robert Williams, the former Murdock blacksmith, started west with his Universal (Ford) car, and will visit the places which he thinks he might like. Unless he is struck with the appearance of some hamlet en route,

he will make the west coast of this broad domain his ultimate objective and settle near the ocean.

Sure Fooled the Fish J. E. McHugh, H. A. Tool, Harold Tool, W. O. Schewe, Louis Hornbeck and Will Klepser went to the Platte river near Ashland last Monday, fully prepared to make wholesale slaughter on the funny tribe. When they saw the equipment on hand to destroy them, a portion of the fish started upstream and the balance down and it is reported that the resultant wave nearly washed out the Rock Island bridge at South Bend.

Pleasant Kensington Meeting The Royal Neighbors Kensington club held their regular weekly meeting at the home of Mrs. C. Mooney, a few days ago, spending the afternoon in effectively merrile work, and also in effecting some business matters. They were royally entertained by Mrs. Mooney, who knows well the art of making one feel at home. At a late hour the hostess served a delightful luncheon. In departing, the ladies expressed much gratitude for their excellent entertainment and a wish that it might again some day in the not too far distant future be their lot to be entertained by this most charming hostess.

Closed School with Picnic. The Pawnee school closed last Friday, and in accordance with her promise to the scholars made at the beginning of the year that if they did good work she would treat them, Miss Edna Woods tendered them a picnic that was not only attended by the pupils but by a large number of Murdock people and a most excellent time was had.

Attending Conference Rev. A. H. Schwap, Rev. A. Brauchle and August Panska, the layman delegate from the church at Murdock, have for the past several days been in attendance at the conference of the church being held at West Point, Nebraska.

Wedding is Promised Dame rumor has it on the calendar that a wedding of some life-long friends, now lovers, of Murdock and vicinity, is soon to take place, and the happy couple will make their home near Murdock. The numerous friends—and they are numerous—are already silently wishing the participants much joy and happiness, and the Journal will join them in public expression when the proper time comes.

Attended Alumni Banquet A number of Murdock young folks who have during the past few years graduated from the Elmwood high school, and who are members of the alumni association of that school, went to Elmwood the latter part of the week to attend the annual banquet and entertainment, which included the initiating of the members of the class of 1920 into the mysteries of the association. A most enjoyable time was had, and all remained until a late hour. Those from here to attend were Will Meyers,

"Bud" and Margaret Amgwert, Carlton Zink and Frank Melvin.

### NOW HEADING THE LEAGUE

From Saturday's Dally.

Pa Rourke's Omaha team is now heading the Western league, with St. Joseph, last year pennant winners running them a close second. In Jack Lellvelt, Rourke has captured a first class manager and one of the "headiest" players in the Western this year. Palmero, the Cuban, is also a worth-while addition to the pitching staff, and without him it is doubtful if the team would be far out of the cellar. The St. Joe team plays in Omaha today, tomorrow and Monday—with a double header on the latter day, and it is anticipated the "fur will fly" when these first-place contenders come together.

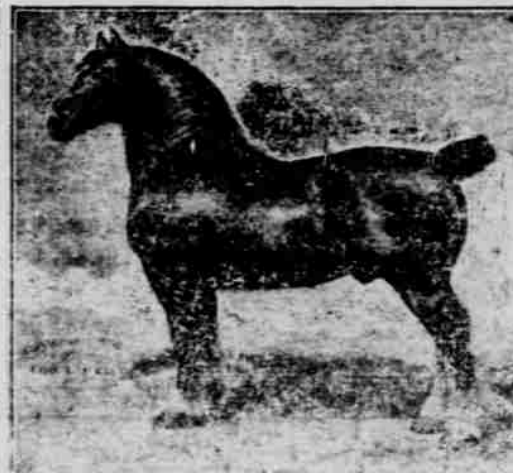

### WILL OPEN NEXT WEEK

From Saturday's Dally.

The Burlington shop boys hope to be favored with suitable weather to permit them opening the season in wet league baseball next week. Wet grounds, rainy weather, etc., have been responsible for delaying the grand opening nearly a month now. While it has not been arranged to have any bands, a parade, or the like to usher in the opening game, some good playing is promised and inasmuch as admission is free, a la contribution, no one need fear being stung or worry about rain checks.

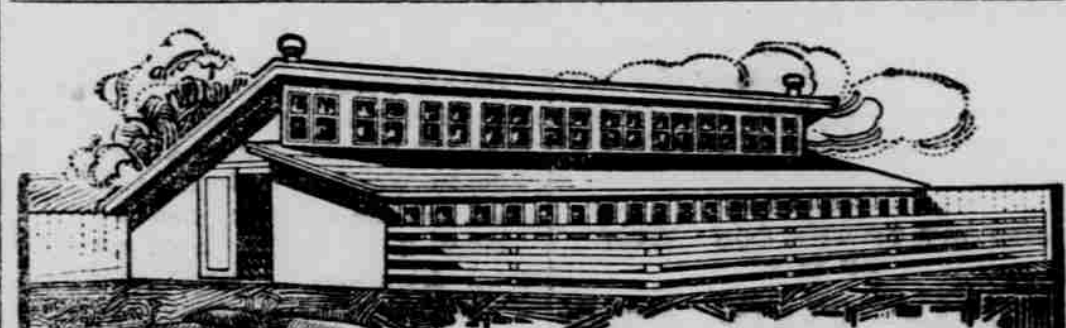

We print everything but money and butter. Let us serve you.

## COPORN

## Use the Sunlight It's Free

Sunlight is the world's champion disinfectant. It's on the job most of the time and it's just as necessary for the sleeping quarters of the hog as it is for bedrooms in the house.

Therefore, in planning your hog house, be sure to provide plenty of windows. See that every nook and corner gets its share of this reliable disinfectant. In this way you will also make sure of good ventilation.

Build a substantial hog house, for the hog needs protection more than any other animal on the farm. Make sure of good drainage and cleanliness.

We stand ready to give you any advice on the question of material. And our advice is just like the sunlight—it's free.

TOOL, NAUMAN & MURTEY, Murdock, Nebraska

## Memorial Day!

It is a day for the nation to stop, absolutely, and remember. Why? There must have been crepe on half the homes of the world in the last half century. Crepe for the early dead above whose dust taps have sounded and who are waiting on the other side for their comrades. Half the homes of the United States have been desolated. Let us give to these homes and their dead a flower and a thought; nay, tears will well become young as well as the oldest when we recall what each of these dead represents to us—a land saved, redeemed—a world rescued, for humanity's sake.

Memorial day is a principle, not a sentiment. "Do this in remembrance of Me, as oft as ye do it," commanded the Christ.

"As He died to make men free," and it is our Christian as well as patriotic duty to "drink the cup" at the shrine of our immortal dead of all wars.

This Bank will be Closed all Day Monday, May 31st, in Silent Tribute to those who made the Supreme Sacrifice.
