After hearing much testimony, decision in the matter was left to the state superintendent, who has not yet announced his ruling.

Henry C. Long returned a few days ago from the west, where he went to market his wheat crop of last year. He found the same condition there as here, namely, a serious shortage of cars, and was forced to return home without being able to sell the wheat. As soon as the car situation clears up a bit he will return and again endeavor to get his grain on the market.

Last Monday while Font Wilson was coming to town with two cans of cream, his horses became frightened as he was passing the road grading gang which was at work on the road east of town, and started to run away. One Change Makes Another
The McDaniel flats are now occupied, they having been vacant since the departure of Frank Good for the west last winter. Jesse Chambers has rented the place and given it a thorough renovation and will make use of it for a paint shop and a place to store his tools. This move on his part was made necessary by reason of the room he had been using being needed by Mr. Barber for the storage of his goods, as he could not get them all in the rooms at the telephone exchange.

Murray Schools Close
Last Thursday evening, under the direction of the popular teacher, Miss Mae Barker, Murray people witnessed the first eighth grade graduation exercises which proved exceptionally good and were appreciated by all.

The class was composed of five of the young ladies of Murray, Misses Mabel Howard, Blanche Scotton, Marie Puls, Gladys Lyle and Ethel Davis. Each member of the class assisted in the rendition of the popular program, the Misses Mabel Howard and Gladys Lyle giving excellent piano solos, while Misses Mae and Glenna Barker gave a piano duet. One of the most pleasing parts of the evening was the winding of a May pole, in the national colors, red, white and blue.

Miss Barker presented the students with their diplomas of graduation, thus concluding the first graduation exercises of the Murray public schools.

On Friday afternoon Miss Barker and Miss Sans gave the children a picnic at the park in Murray, there being everything good to eat on hand but only for a short time as it soon disappeared. The past year has been a most successful one in the Murray schools.

SENATE REJECTS WILSON REQUEST

23 DEMOCRATS AND 39 REPUBLICANS RECORDED AGAINST THE MOTION

DEMOCRATS JOIN REPUBLICANS

Resolution Will Be Sent to House Today and Leaders There Plan to Have It Adopted Thursday.

Washington, June 1.—President Wilson's plea for an American mandate over Armenia was rejected in the senate today by a vote of more than 2 to 1.

Thirteen democrats cast their votes with the united republican membership on the final roll call and the resolution "respectfully declining" to grant congressional authority for the mandate was adopted 52 to 23 in the form drafted by the republican leaders.

The resolution will be sent to the house tomorrow and the leaders there plan to adopt it without change on Thursday. They say they hope for as decisive a majority as the measure was given in the senate.

In the debate today, the democratic leaders counseled delay and tried in vain to put the decision over until the next session of congress. Scarcely a voice was raised in out-and-out advocacy of accepting the mandate and on motion to amend the resolution so that the requested authority be given, only thirteen senators, all democrats, voted in the affirmative. Recorded against the motion were twenty-three democrats and thirty-nine republicans.

In their effort to ward off action, which they argued was advisable because of the peace treaty deadlock, the minority leaders had better results. The resolution to send the resolution back to committee with instructions that it be "reported after the ratification of a peace treaty with the central powers", mustered almost solid democratic support, but was lost, 43 to 34.

Hitchcock Offers Amendment
Senator Hitchcock presented an amendment, which he said would make the resolution acceptable to him, providing for a joint commission of Americans and Armenians to rehabilitate the new republic economically. It was rejected, 43 to 34, with only two republicans, Senator Kenyon of Iowa, and Townsend of Michigan, supporting it.

Senator Walsh of Montana and several other democrats declared the foreign relations committee had drafted the resolution hastily. In reply, Senator Lodge, Massachusetts, the republican leader, pointed out that the sub-committee had made an exhaustive investigation of the Armenian situation before the president's request was received.

"I do not desire", said Senator Lodge, to have this country give to the world the impression that it does not sympathize with the Armenian people. They are a gallant people. I think they deserve aid. But there are many ways to give them aid without involving the United States."

YOUNG FARMER FOUND DEAD

Beaver City, June 1.—Roy Thomas a farmer, twenty-eight years old, was found early this morning outside his garage with the top of his head blown off. Beside his body lay an automatic shotgun which he had taken from the building.

The tragedy was discovered by Mrs. Thomas, who looked for her husband when he did not show up for breakfast. The county attorney is of the opinion that the discharge of the gun was accidental.

TWO MOONSHINERS MADE PROFIT OF \$6,000 A DAY

Sioux City, Ia., May 28.—Two alleged moonshiners caught here were netting nearly \$6,000 a day profit, according to government agents.

Mrs. Anna Gaster and son, Charles Wittstruck departed this afternoon for Tacoma Park, South Dakota, in response to a message announcing the injury of their son and brother, Fred Wittstruck in an automobile accident at that place.

Mrs. W. T. Smith was a passenger this afternoon for Council Bluffs to visit with relatives and friends for a short time.

Mrs. J. H. Donnelly came down from Omaha yesterday afternoon to attend the meeting of the St. Mary's guild, of which she has long been a member, and to spend a few hours with the old friends, who are delighted to have her with them.
