Once in a while the greatest truth is told by the biggest liar.

The man who hasn't been well done by the profiteers is rare.

———:o:———

Thirty billion dollars for a place in the sun, only to be laid in the shade.

———:o:———

Its about time to call an armistice on that war of words in the navy department.

Never censure people because they are rich—they may be as respectable as you are.

I would rather be beaten in the right than succeed in the wrong—Garfield.

———:o:———

Burglary is an easy profession, generally speaking, because no American householder can put up a very courageous fight when a strong light is turned on him in an old-fashioned nightshirt.

———:o:———

A New York preacher says we need a Moses to lead the American people out of the wilderness. Nothing of the sort. It took Moses forty years to get the children of Isreal out of the wilderness—and he didn't finish the job, either. We want a quick action chap for this undertaking.

One can no longer find an appetizer but, considering the prices of food, it is perhaps just as well

———:o:———

Paderewski has accepted a seat in the Polish parliament—swapping piano music for chin music, so to speak.

———:o:———

One reason why there are so many divorces in this country is the large number of people who are getting married.

———:o:———

Some candidate can win in a walk four years from now if he can adopt as his slogan: "He kept us out of the poor house."

———:o:———

Something tells us that Governor Lowden may never get back that part of his campaign fund which was "held in trust" by some of Missouri delegates.

———:o:———

The unpledged delegates will hold the balance of power in both conventions. Also it would be well for all candidates to remember that the unpledged voters hold the balance of power in the country.

———:o:———

Senator Newberry is threatening to again run for the senate. As he paid the voters of Michigan an average of about $10 each, they are no doubt willing to see him run every few days, if he so desires.

———:o:———

Strikes are becoming so common nowadays that even when a union makes a mistake and goes out unauthorized, it insists on staying out, no mattre if the higher-ups do say that strike is illegal. Sort of force habit.

———:o:———

The Chicago packers announce that the wholesale prices of beef dropped from 3 to 5 cents a ponad during the month of May. Thanks for that information. We never would have guessed it if the packers hadn't told us about it.

———o.———

Who will the Democrats nominate at San Francisco? Well, that depends. But whoever he is he should have the undivided support of all who call themselves democrats and those who find this impossible, should step into the ranks where they belong.

———:o:———

Removing the ban on dancing, is going to be hard on the evangelists, who devote most of their sermons on the abuse of the young for engaging in this "damnable" amusement. With the ban on dancing removed and "old demon rum" out of the way, it is easy to see that the tobacco chewers are going to get the worst of it now.

Now is a good time to commence worrying about your coal supply for next winter.

———:o:———

Whatever else there may be in the platforms, there will be the usual amount of bunk.

———:o:———

Still underneath all her paint and powder, the modern girl is about as pretty as the old-fashioned girl.

———:o:———

A waitress in St. Louis married a guest after serving his dinner. Her haste was due to the fact that she didn't care to wait any longer.

———:o:———

Another hard decision for the president to make was whether to be rid of congress the rest of the summer, but evidently he has decided he would get more satisfaction by choosing the former course.

To Keep American Ships on the Seas

For the first time since the Civil War we have a real merchant marine. It cost us $3,000,000,000 to get it.

The farmer, manufacturer, laborer—every American is interested in holding our position on the seas.

As a first step in this direction it is necessary to modify those articles of existing commercial treaties which have operated to thwart the upbuilding of our merchant marine—

By giving the notice of termination for which the several treaties provide.

This action is directed in the constructive Shipping Bill now before Congress;

Which declares it to be the policy of the United States "to do whatever may be necessary to develop and encourage" a merchant marine.

This policy deserves the support of every American.

Lacking this support the present effort to maintain our merchant marine may suffer the fate of many ineffective attempts of the past.

Send for a copy of "For an American Merchant Marine."
