## EPWORTH LEAGUE CON- VENTION ON

OPENING MEETING HELD LAST  
EVENING AT THE METHODIST  
CHURCH LARGELY ATTENDED

### FINE PROGRAM IS ENJOYED

Rev. A. V. Hunter Presides and Main  
Address of Evening Made by Dr.  
W. E. J. Gratz of Lincoln

From Wednesday's Daily.

The twenty-eight convention of the Epworth League of the Tecumseh district of the Methodist church opened last evening at the First Methodist church in this city with a large number of delegates from all over the district in attendance.

Rev. A. V. Hunter, pastor of the church presided at the opening session and offered the prayer as well as introducing Miss Rachel Stander of Louisville, president of the district league, to the convention.

The delegates were welcomed to this city by Jesse P. Perry, president of the Plattsmouth chapter, who expressed the pleasure of the local chapter in having as their guests for the first time in twenty-five years the workers and leaders in the league in this portion of the state. The address of Mr. Perry was responded to by the members of the convention.

As a special feature of the meeting the P. M. quartet composed of Rev. A. V. Hunter, Rev. H. G. McClusky, Don C. York and Frank A. Cloldt, gave two very pleasing numbers, "In Liberty's Name" and "Now the Day is O'er", which added to the interest and pleasure of the delegates.

The address of the convention was delivered by Dr. W. E. J. Gratz of Lincoln, pastor of the Grace Methodist church of that city, and was one of the most able addresses that has been given before any of the league conventions. The speaker took as his subject the motto of the society, "Look Up, Lift Up", and was a very vivid exposition of the teachings of the society and the church and inspiring to the young people who were just embracing on a very important meeting.

At the conclusion of the evening session the delegates and members of the party were invited to the church parlors where a very novel and informal reception and "get together" meeting was enjoyed by the members which proved a delightful means of getting acquainted. The reception had been designated as "left handed" and the guests were greeted with the clasp of the left hand and the introductions were also of the left handed variety, making a very novel and amusing entertainment that made the occasion thoroughly informal and pleasing.

### RETURNS TO DUTY

From Wednesday's Daily.

This morning Joseph Seagraves, who has been home for a short visit with his mother and brothers and sisters, departed for Pensacola, Florida, where he will resume his duties in the marine corps. Joe is attached to the aviation section of the marines and has been stationed in Florida for the past two years. During his stay at home he has noticed the extreme heat that has prevailed as he states it seldom reaches more than 74 degrees at Pensacola, the warm

atmosphere being tempered by the breeze from the Gulf of Mexico. At this city there is a large aviation base and several hundred planes are stationed there. Joe has been in the service for the past three years and is now completing his last part of the "hitch" but is well pleased with the work in the aviation service.

THE UNIVERSAL CAR

During all the years the Ford Model T One Ton Truck has been on the market, we have never had one complaint of rear axle trouble. We have had no complaints of motor trouble. As the motor and the rear axle are the vital fundamentals in a motor truck, we have the right to conclude that the Ford One Ton Truck has not only met the demands of business, but has done so in a satisfactory and economic way. There is no other evidence so convincing as that which comes from long practical experience. Ford One Ton Trucks are serving along all industrial and commercial lines. You will find them everywhere. If these statements were not facts, the demand for the Ford One Ton Truck would not be as large as it is, because people are not buying trucks which do not give service. Coupled with the dependability of the Ford One Ton Truck in all classes of usage, comes the economy in operation and maintenance. On the farm, in factory delivery, for the merchant, manufacturer, and contractor, in these days of modern business methods, this worm-driven One Ton Ford Truck has become an actual necessity. Come in and talk it over.
