When asked as to whether there was any risk in hauling the dynamite by auto Will replied that it didn't give him any more concern than hauling anything else, but that none of the garages along the route would let him store his car over night and he had to camp out or drive all night. The latter is what he did.

CEDAR RAPIDS MAN IS NOW CONVINCED

Believed Nothing Could Help Him, But Tanlac Put Him Back on His Feet Again.

"Since I began taking Tanlac I not only feel better than I have in years, but I have gained fifteen pounds in weight, and am still gaining every day," said Gary Walters, Cedar Rapids, Iowa.

"For seven years I had suffered from stomach trouble," he said. "My appetite was poor and my stomach so badly upset that at times even the sight of food made me sick, and everything I ate disagreed with me. After every meal I became nauseated and seldom being able to retain a thing and would have such severe pains in the pit of my stomach they almost drew me double. My heart palpitated terribly at times and often I had such smothering spells it was all I could do to get my breath. These spells troubled me most at night and sometimes I had to get up and walk the floor just fighting for breath. My head ached so bad at times it almost drove me distracted and I suffered so much from dizziness I could not begin to do any work that required bending over. I had lost weight and strength until I was in a badly un-down, weakened condition and despaired of ever getting well again.

"I decided to try Tanlac because others said it helped them and not that I had any confidence in it to help me. I did not doubt the word of the people giving these statements, but I had taken so many different medicines without getting a particle of relief from them I didn't believe Tanlac or anything else could do me any good. Well, I had taken it only a short time when I began to realize it was not like other medicines I had tried, for the improvement in my condition was simply remarkable. As I kept taking Tanlac, I kept getting better until today I'm a well man. My stomach is in fine shape, everything I eat agrees with me, my heart does not palpitate and I never have a sign of shortness of breath. My head had topped aching, I never become dizzy and I have regained my strength so that my work as an iron-moulder is actually a pleasure to me. There is a wonderful difference in me now and before I took Tanlac, and it's a real pleasure to tell others about it."

Tanlac is sold in Plattsmouth by F. G. Fricke and Company and the leading druggist in every town.
