Schewe has, during the past week, excavated the small lake which covers about a half acre at his home, so that it will afford an excellent place for bathing. Last summer the place was a resort for many in this neighborhood, who went there daily in the evening to bathe. The public is welcome to the use of the lake as a bathing resort, but Mr. Schewe and with good reason also, desires it understood that he does not want any boys who cannot swim to come unless accompanied by parents or guardian. Last year a youth came near drowning and but for the ready assistance which was rendered, would have not been able to have gotten out alive.

Sure an Excellent Farm Home

One is especially pleased with the magnificent appearance of the new farm home of Andrew Zoz and wife a few miles southwest of Murdock, which has just been refinished inside and out, and with the green of the large trees for a background and the house painted immaculate in white, with a green trimming, and in the foreground a couple of miniature lakes which with the vibrant leaves of the trees and shimmering of the water, adds much to the attractiveness of the beautiful home. Max Dusterhoff and his coterie of workmen, did the interior and exterior as well.

Enjoyed Excellent Time Sunday

The three churches, the Murdock, Louisville, and Callihan churches, had the combined children's day exercises, last Sunday at the Callihan church southwest of Murdock, where after the program which was an excellent one and enjoyed by all of the immense crowd which attended, they had their dinner under the shady trees near the church. This manner of getting together of all the members of the different churches and joining in their exercises, is one which should be commended, as it is conducive of much good and enables the churches to work in harmony for the common good.

Besides the favorite and savory weenie and its accompaniments, there was a general good time had, and enjoyed by all in the games and the social place which prevailed. There were from Murdock on the occasion, which occurred last Thursday evening, Conrad and Walter Baumgartner, Henry and Margaret Angwert, Misses Martha and Magdalene Gakemeier, Catherine Tool, Esther Schmidt, Wm. Meyers and Kenneth Tool.

Girls Enjoy Merry Time

A number of the more mature young ladies of Wabash enjoyed the celebration of one of the members, Mrs. Cynthia Wilson of Wabash, last Wednesday, it being the 22 anniversary of her birth. A cake was baked by some of the friends indicating the number of milestones which this young lady has passed, and they all, with two autos, making eight with the drivers, departed for Weeping Water, where they picnicked in the park at that place, eating their dinner in the shade of the trees and each sharing in the birthday cake which was one of the best. The ladies then went to Elmwood where the jolly crowd had a photo taken by the artist, Mr. Neihart, after which they returned to their home in Wabash.

Those of the party were Mrs. Cynthia Wilson, the guest of honor, Mesdames Marcia Wood, Sophia Allis, Ira Bosworth, R. H. Lawson, Otis Wilson, while the drivers were Messrs. M. Wood and W. Murfin.

Death Claims a Noble Woman

After having suffered for many years of ill health, during which time Mrs. Albert Thiel had the best of care, she was taken a short time ago to a hospital in Lincoln, where last Saturday she passed away. The funeral services were conducted from the Catholic church at Elmwood, the Rev. Corcoran of that place saying the funeral mass. Mrs. Thiel, who was Miss Anna Marie Stansliski, was born in the old country and came to America in 1888, the same year

being united in marriage to Albert Thiel and from which union six children were born, one son dying in infancy, one son and four daughters surviving. The Thiels have made their home in Murdock for a number of years and have a host of friends who accompanied the funeral cortege to Elmwood last Tuesday.

The sorrowing friends have the sympathy of all the community in their hour of bereavement.

Carried The Bees Away.

Last Friday evening at the time the west bound passenger train was arriving, I. G. Hornbeck, the affable agent of the Rock Island, was also endeavoring to surround a swarm of bees, which were settling in the vicinity of the passenger station, but became disturbed and arising settled on the coal of the tank of the engine and were hauled away with the train, and just where their destination was no one knows. Another wandering swarm thought the chimney of the new home of H. A. Tool would make a good place for their base of operations, and accordingly arranged to locate there, but as the Tools were of a different mind, they closed the chimney and smoked the bees out.

Is Cheerful and Happy

That one should be deprived of their eight is indeed a great inconvenience and one which places a handicap on their efforts and curtails their enjoyments cannot be gainsaid. Notwithstanding the fact that she has not been able to see for the past 17 years, Mrs. Simon Abernethy, living east of town has, during the time made herself useful and just recently knitted 76 pairs of mittens and two sweaters of the best quality. She was in Murdock during the past week visiting at the home of her brother, Mr. C. L. Miller.

Kenneth Tool will look after the delivering of the mail to the patrons of the rural route while the folks are away.

Attended Ball Game at Ashland

The Ashland team defeated the dusky sons of the south. Miss Irene McDonald remained for a visit with her friend, Miss Ruth Jones, who formerly made her home in Murdock.
