Mr. Armstrong returned home Monday evening.

## AT SEVENTY SHE GAINS 20 POUNDS

"Tanlac Has Brought Me Health and Happiness," Says Mrs. Mary Noble.

"I am now seventy years of age, but I have actually gained twenty pounds in weight in just a few weeks time," declared Mrs. Mary Noble of 914 South Seventh street, West Cedar Rapids, Iowa, a few days ago.

"During the past ten years," continued Mrs. Noble, "I have suffered all the misery that goes with stomach trouble and nervousness. I had to be extremely careful about what I ate for even the lightest kind of food, such as milk toast, sometimes made me nauseated so I was unable to keep it down. Often I became almost deathly sick and I could taste my food for hours afterwards. Gas would form on my stomach and press around my heart so that it palpitated terribly and I got so short of breath I often thought I would suffocate. At night I was afraid to go to bed, for when I would lie down I felt like I was going to smother. My nerves were in a wretched condition and at night I would get to restlessness I could not lie in bed and would have to get up and walk the floor. As a result I began to lose in weight and I kept falling off until I lost about twenty pounds and was no more than a shadow of my former self. I was almost a wreck and the little housework I could do was a drudgery and I became so discouraged I saw little pleasure in life."

"About two months ago I started taking Tanlac and it is just wonderful how it began to build me up from the start. My appetite returned and my troubles gradually left me until today I have gained back all my lost weight and am once more enjoying splendid health. It makes no difference what I eat, I can digest it properly and my heart action is normal and my breathing is free and easy. My nerves are steady, my sleep is sound and refreshing and every morning I get up feeling refreshed and with plenty of energy. Tanlac has given me health, strength and happiness and I know of no better way to show my gratitude than by telling others about it so that they may benefit by my experience."

Tanlac is sold in Plattsmouth by F. G. Fricke and Company and the leading druggist in every town.

## Maximum Engine Service

Cheaper Power and More of It

That's just what every farmer and power user is looking for. It will be well worth your while to ask us to explain why Stover Good Engines give maximum engine service—cheaper power and more of it. Thousands of power users in all parts of the world have tested and proven the mechanical perfection and over plus of power.

1/2 to 60 H.P. GASOLINE, KEROSENE, DISTILLATE, CRUDE OIL

Cover construction is exceptional—drop forged and machine hardened parts. Cylinders and pistons accurately ground and fitted, saving wear and maintaining compression. Heavy enough to eliminate vibration, but no excess weight.

Stover Good Engines are particularly designed for the work you are able to do. They are built by experts—experienced designers and builders of "good" engines. Dimension for dimension, rated for ratings, and for gallons of fuel a Stover Good Engine affords cheaper power and more of it than any engine you can buy. They come to you all ready to set up and begin work at once. Their construction, material, workmanship and features afford every user of a Stover Good Engine many years of satisfactory, economical power service.

MANLEY NEWS

W. H. Frost, the lumberman, and uncle Joe Macenry, are kept busy these times building hay racks when not otherwise employed. The latter has had his hay rack at this time of stress of work is appreciated by those who have to use them and to meet the emergency and supply their customers with an excellent article. These men are putting in good time.

Frank Namemaker and wife of Weeping Water were visiting at the home of Mrs. Isadore Flashman in Manley last Sunday.

A. H. Humble was visiting with friends in Weeping Water last Tuesday evening and also looking after some business matters. The late Herman and Otto Harms, who have been visiting for some time at the home of George Schaffer, Jr., at Benson, where they enjoyed the time greatly, returned home last Thursday.

Virgil Miller has accepted a position as cook for the grading camp, which is doing the work on the road from Murray to Murdock, while Ed Keckler is doing an excellent job of conducting one of the large machines in the grading.

Adolph Strinkamp, who some time ago had concluded to retire from active farming, has again gotten into the work and is making a good man in the harvest fields.

Bert Mason was a visitor in Plattsmouth, where he visited with his folks for a short time and returned in time to go to work on the railroad, going down last Saturday and returning last Monday.

John Routh, who has been kept to his home on account of an injury he received from a horse watch he was riding some time ago, is able to be out again.

John Kelly and family of near Greenwood were visiting at the home of friends and relatives in and about Manley last Sunday, driving over in their car.

Mrs. A. W. Neilhart of Crete, was a visitor for a few days last week at the home of Mr. and Mrs. M. E. Neilhart of Manley, and returning to her home last Saturday evening.

Mrs. Charles Gerlich and daughter, Miss Vera, were visiting with friends in Omaha last Thursday.

Miss Minnie Peters of Brock and who was one of the teachers of the Plattsmouth schools during the past year, has been visiting at the home of Theo. Harms, and departed last Saturday for her home.

Rev. George Stohman, who is a professor in one of the schools at Fremont and who is spending his vacation with his mother, Mrs. George Stohman of near here, is assisting in the harvest fields during the harvest season.

Herman Dall was a visitor in Plattsmouth today, driving over in his car to look after some business at the county seat.

Appreciate the Fact. The farmers in the vicinity of Manley, who, like those of many other places, have been very short of farm help during the stress of the harvesting season and are expressing in a very appreciating way the fact that a few towards county agent B. R. Snipes for the admirable manner in which he has supplied them with farm help and of a very good quality.

Visiting With Friends Here. Morgan McCurdy and Lyle Graves, who formerly made their home near Manley, but who moved some time ago to near Winton, South Dakota, are visiting with friends near Manley. They accompanied the father of Mr. McCurdy, Mr. Daniel McCurdy, to a hospital at Lincoln, where he underwent an operation for the removal of a cancer.

Returns From Retreat. Rev. Father Higgins, who, during the past week, was attending the Retreat of the Priests of the Catholic church of the Lincoln diocese, which was held at York from July 5 to 10, returned home last week and reports having had a very profitable time in listening to the missionary who was holding the Retreat and in conference with the large number of priests who were in attendance.

The Fields are A'Smiling. From many a high knoll on this county, one can get a view of the fields well cultivated in Cass county, where the harvest of golden wheat is being harvested and where the oats, only a few degrees different in color, are soon to receive the sickle, while the darker shades of green which tell of the well tilled cornfields and the portion which has been allotted to alfalfa and other forage crops, tell of the bounteous love of the river of all good and perfect gifts to man. The fields are a smiling and all nature seems in accord with the reward which is apparent for the work of the husbandman. No one can look in the scene which can be viewed from many advantageous points and not be convinced that a

living Father has spoken in an abundance of crops to his children.

Clearing the Roads. In putting in better shape the roads between Murray and Murdock, it was found necessary to remove some large trees on the August Stander place, which is occupied by Fred B. Bauer west of Manley. It required the blasting of the stumps as well as the felling of the trees. Some thirty six large cotton wood trees, as well as a large number of box alders had to be removed. This will make the thoroughfare so much better when the work has been completed. Mr. George Supp from the state engineers office, is here superintending the work.

Reception Tendered. The many friends to the number of some half a hundred, gave a very beautiful reception to the newly wedded couple, Mr. and Mrs. Alfred Kanaley, the bride formerly being

Miss Frances Ash. The friends had prepared at the Modern Woodman hall and with a delightful luncheon they had a most enjoyable afternoon last Sunday. Mr. and Mrs. Kanaley will make their home in Falls City soon.

Electric Light Question. The matter of the securing of electric lights for Manley and Murdock is still unsettled and while the ones who are interested in the lights are willing to do all they can, they hardly know how to take hold as no definite information as to what the cost would be can be obtained by the people here from the company and until something is known that is tangible no progress can be made.

He thought she was beautiful, but was she popular? Well you can tell at the Bargains Circus, Plattsmouth, July 15th to 31st.
