

As Clean Cut as a Thoroughbred

The clean-cut businesslike design of the "Z" Engine results from efficiency in manufacture. A farm engine, to be efficient, must be properly designed—may also have graceful lines—free from geegaws.

Immensely strong in every part—weight where weight is needed. Every strain foreseen—every contact part case hardened—all parts carefully, precisely made by accurate machine work—therefore interchangeable.

Looks like a thoroughbred—is one. Delivers a steady flow of power—runs smoothly—operates economically. Unit assembly, precision methods, and efficient design make it the perfect farm engine. A mighty pleasing engine to look at. Come in and see it today.

Other "Z" features are: Runs on kerosene, coal oil, tops, as well as gasoline; built in Bosch high tension oscillating magneto; more than rated power; every part interchangeable; long-lived endurance.

EVERYTHING IN READINESS FOR THE OPENING

INDICATIONS POINT TO ONE OF LARGEST CROWDS EVER SEEN IN CITY.

BUSINESS AND FUN MIXED

Committees Have Made Their Final Reports—Everything Points to Success of Celebration.

Everything is ready, the stage is set and all indications are promising of the best of times for our friends from out of town and the people of Plattsmouth.

Several weeks ago had anyone said it would be possible to conceive an entertainment project of such magnitude for this city it would have been considered impossible, but now those who had any doubt of the success of the undertaking have had their doubts entirely removed. From the six stores, Wescott's, Dovey's, Soenichson's, Fetzer's, Wurl's and The Ladies Toggery, to whom the credit is due of having the initiative to attempt such an undertaking, to every man, woman and child in the city, all fears have been swept aside and each and every citizen of this community is pulling with all their might for the success of this mammoth adventure in advertising our town.

Every merchant and business man in the city has been busy the past few days arranging their affairs so as to devote all possible time to the entertainment of their visiting friends. Many different plans have been evolved in the stores carrying different lines of merchandise to offer special inducements to the visitors to make Plattsmouth their trading center. We have in this city stores of all kinds that compare favorably with those of much larger cities elsewhere and the many price inducements offered here during the next fifteen days should convince our neighbors in the near towns that Plattsmouth is the real place to buy and buy right.

To everyone who comes there is a welcome surprise in store, for from one end of the city to the other, they will find something of interest in every store.

Mr. T. H. Pollock, of the Pollock Auto Company is in charge of a very active committee of "live wire" auto men here, among whom are J. F. Wolf of the Wolf Garage; J. H. McMaken, of the O. K. garage and L. F. Terryberry of the John Bauer Auto company. These gentlemen with a number of other local "pep" artists are planning to display all the new models in their respective cars, together with tractors, and all the new ideas for the modern farmer and their co-operation promises to be a feature of the coming two weeks.

Always the most popular spot in town for the visitor and the traveler, the Wagner hotel has stepped out to make this likeable place even better and enters into the list with other "merchants" offering bargains by serving their famous mid-day luncheon at a special price during the circus.

E. J. Richey, the popular lumber man, is not to be outdone and says he will sell everything from a shingle to an entire house or barn at prices that will make every one in the country take notice. The Clويد Lumber company are not only promising some interesting quotations, but to them the Bargains Circus owes a depth of gratitude for their donation of the lumber to the American Legion with which to build the great amusement platform at Fifth and Main, which will be officially dedicated by the grand ball of the American Legion on Friday night, as well as used by the Legion for several other benefit dances in the interest of their new club home. In addition the platform will be open for many free exhibitions and community dances at which no admission will be charged.

That the Bargains Circus is a real proposition, is easily understood when it is approved by such a conservative institution as the Plattsmouth State Bank. The First National Bank is after your business, and the Cass County Bank will keep "open house" for every one of the city's visitors and its friends.

Dunbar's pool hall, which is the best of its kind in the city, has planned to take care of everybody, and the "root beer" parlors will quench the thirst of every visitor to this popular place. C. L. Herger, the "pie

MAKES SPLENDID GIFT

Mrs. Stephen A. Davis of Lincoln, has given to the Plattsmouth public library the unbroken files of the Harper's Magazine, dating from 1874 down to the present time and which will complete the files of Harper's in the possession of the public library from 1854 down to the present. This splendid collection of the files of one of America's greatest magazines is made by Mrs. Davis in honor of the memory of Mr. Davis who during his lifetime was a warm friend and supporter of the public library of the city.

Mrs. C. E. Smith departed this afternoon for Omaha, where she will visit with Mr. Smith, who is at the Immanuel hospital and was accompanied by Mrs. Mary E. Smith of Nebraska City, the mother of the young man and Mrs. Pauline Lindahl.

Careful Buyers Choose

PATRIOT

MOTOR TRUCKS

Whenever a prospective truck buyer's investigation goes far enough—when he digs deep enough for real proof—almost invariably he chooses the Patriot.

Patriot Trucks are not sold on promises—they are sold on the unusual service records they are making in the hands of thousands of users all over the country.

Before you choose your truck, give us the opportunity of telling you just what Patriots are doing for others.

master," announces specially fine delicacies during the celebration from the ovens of his New York Bakery.

Mr. Grist of Grist & Grist, the official photographers of the Circus, not only announces a twelve hour film service for the visiting kodakers, but a special offer on portrait sittings. Philip Thierolf is right in the midst of his already successful "Burglar Sale" and will have price inducements that should make this popular store a place of interest, while down the street, Bach & Libershal, those popular grocers, will have some specials to offer you that will make it worth while to visit them.

Frank Bestor, the "Winchester" man, has just returned from an eastern trip, where he has filled up on ideas as to showing the visiting public how to keep things good to eat with one of their air cooled "Chilcolt" refrigerators. Johnny Hatt, of Hatt & Son's popular market, has been busy all week getting lined up for the busiest time of this already busy store, and has some bargains up his sleeve that will make things hum around there.

Between selling the largest line of watches, clocks and silverware in town for the coming two weeks and playing all the new Brunswick records for his out-of-town friends, M. D. Brown, the popular jeweler, will have a busy time, while J. W. Crabb promises some interesting new features in fitting glasses.

William Schmidtman, the harness man, has some real values in harness which he claims will surprise and please the farmers who visit his store, and which together with the excellent line of trunks and bags carried by this wide-awake store should make this an interesting spot to visit, while a trip to C. E. Hartford's place will find a demonstration of Pratt's stock food and everything in stock preparations.

Another interesting event for the visiting farmer is the offer of John F. Gorder of a special discount during these Circus days on De Lavel and Primrose cream separators, and he will also have quite an exhibit of Dodge cars.

Adolph Giese, the champion soft drink dispenser of the city, has filled up his ice boxes to the brim so that no one may go thirsty. One of the prettiest spots in the town and the center of interest for the younger set will be Guy Morgan's Balcony Garden, which will be open during the Bargains Circus and the out-of-towner will find this the coolest place in town and a regular palace of sweets. Guy has something in a Carnival cocktail that needs investigating; it's a dandy.

Emma Pease announced her great sale of the Jordan millinery stock, and ladies you should not miss this. Every hat from this stock is offered at half price, and there are some real beauties included in these hats. Of course nothing would be complete if the Popular Variety store did not share in it. As usual, Roy Knorr has

joined the Circus enthusiasts with some real bargains, and his store should be packed every day of the great celebration. And lest we forget, Streight & Streight have an exhibition of furniture that it would pay any one to come a long way to see—all that is new, and the prices are to be very interesting during this fifteen day celebration.

Dozens of business men are sending us their offers to help in this booster undertaking and to list them all in this issue would be impossible, but there is no question that with a bunch of live wires like this behind everything that is for the good of the community, the Bargains Circus should be one buzz of business and pleasure from the start to the last bell.

Manager and Director Harry H. Harding of the Circus, announces that weather permitting, Lieut. Nielson, the flying parson, will make one of the most sensational flights ever attempted over any city on Thursday afternoon, and that the 20th Infantry band will play for the American Legion open air dance on Friday night and two open air free concerts on Saturday afternoon and evening. It's going to be a big time, given by big people in a big town; let's go!

Both of Plattsmouths photo play houses have booked additional features for this celebration. Mr. Clويد announces that the Parmele will have some of the best pictures ever shown in this theatre while Mr. Petersen of the Moreland has arranged for special matinees and some excellent pictures for this event. Both of these houses are filled with cooling breezes night and day and the spectator is assured of entertainment of the best, as well as comfort.

Just the thing for these hot nights is one of those nifty Polar Bear fans. Jess Wurga has a bunch of them and they will be picked up quick by those who care for real hot weather comfort. Farmers should see Jess while here about those Monopipe furnaces and Phelps lighting plants. They are worth investigating.

CASE STILL SERIOUS

From Wednesday's Daily.
 The condition of little Helen Pitz, who has been at the Immanuel hospital in Omaha for some time, is still practically unchanged and the little one has suffered very much in her two weeks illness. She has never fully recovered unconsciousness and has remained in that condition since a week ago last Friday. The parents are expecting to have the little one brought back home where she will be cared for by a special nurse.

CALLED TO OMAHA

From Wednesday's Daily.
 This morning Mrs. Michael Archer, accompanied by Mr. and Mrs. John C. Brittain, departed for Omaha, where they were called by a message announcing the death of Wallace Brown, a son-in-law of Judge and Mrs. Archer residing in the metropolis. Mr. Brown has been in poor health since the death of his wife some months ago and has gradually been failing until death came to him.
