### A FINE AUTO TRIP

From Wednesday's Daily

Sunday, Fred W. Ebinger and wife and son William of Plainview and Mrs. Fred Wagner of this city, returned home from an auto trip to Buffalo, New York, covering a period of several weeks. The trip was one of the rarest enjoyment and during their stay at Buffalo they enjoyed the visit to Niagara Falls and the many beautiful spots that

lie around the lake country. While there they were the guests of Mr. and Mrs. Earl Blish, Mrs. Blish being the sister of Mrs. Ebinger and Mrs. Wagner. On the return trip they left Buffalo on Wednesday and reached this city Sunday, which is a splendid record and the trip was made without an accident.

and Main Streets

The city legislators did not tarry long last evening at the first meeting of the month and the matters coming before them was dispatched with speed and the session adjourned in less than one hour from the time that the gavel of Mayor Schneider called the gathering to order.

Mayor Schneider stated that he had looked into the matter of the granting by the city council of lots in the cemetery to the American Legion for the purpose of a memorial lot for the soldier and sailor dead and had been informed that the council could not grant this without the proceedings of an ordinance and accordingly the action of the council at a previous session in granting the use of the lots was stricken from the minutes of the body. The matter may be brought up later.

Application of William Wilson for location as merchants police was read by the city clerk and the petition signed by a number of the business men was laid over until some future time.

W. M. Sheldon, the contractor on the Marble street sewer presented a petition asking for further time on his contract as the scarcity of material made the completion of the work at the set time uncertain and on motion this matter was placed on file.

The bill of Mr. Sheldon for work already done was read and on motion the sum of \$700 was ordered paid to the contractor as a partial payment of the amount due him.

Harry H. Harding, general man-

ager and director of the Bargains Circus, presented a request to the council asking permission for the use of the streets during the two weeks of the community gathering and for permission to erect a dance platform and band stand on South Fifth street and also for permission for the stringing of decorations and the erections of such small stands as might be necessary and on motion of Mason seconded by Schulhof, the permission asked for was granted.

The matter of an additional police officer was referred to the police committee for future action.

City Clerk B. A. McElwain reported that as the result of his activities for the past month the sum of \$431.90 had been turned into the city strong box.

Judge M. Archer reported that three parties had been fined in his court in the past month.

Chairman Mason of the judiciary committee presented for the consideration of the council an ordinance providing for the removal of mud and filth from the sidewalks and placed the responsibility on the property owners. The ordinance provides that this refuse be removed twenty-four hours after it accumulates and provides a penalty of not less than \$5 or more than \$20 for conviction of violation of this ordinance. This ordinance was laid over until the next regular meeting of the council.

Chairman Ptacek of the streets, alleys and bridges committee reported favorably on the sidewalk resolutions in South Park and the walks were ordered placed as per the petitions.

Mr. Ptacek also recommended the placing of tile at the junction of Chicago and Lincoln avenue, better known as the "horn" and which will permit the cars making a turn there in much more safety.

In the matter of the fire equipment, Chairman McCarthy reported that the committee had made tests of the Master and Douglas trucks and recommended that the Douglas truck be purchased at the price of \$2,000 for a ton and a half truck. Also the committee recommended the purchase of the Child's fire equipment, which Mayor Schneider stated would amount to \$1,800.

On motion the fire and water committee was authorized to go ahead and make the purchase in conjunction with the city attorney and have same installed as part of the fire fighting equipment of the city.

Councilman Lindeman reported that the work of cleaning the jail had been completed as per the instructions of the city council.

In regard to the weeds that are growing profusely over the city, Councilman Schulhof secured the ordering of cutting the weeds along the walk on 3rd street to Richey street on Main street and Councilman Ptacek asked that the board of education be notified to cut the weeds surrounding the various school buildings over the city.
