

LOS ANGELES GETS ANOTHER SHAKING UP

FOUR EARTH TREMORS CAUSE A PERIOD OF HYSTERIA—CASES OF NEAR PANIC

DAMAGE DONE NOT EXTENSIVE

Pictures Jolted From Hooks, Plaster Torn Off, One Water Main Broken and Plate Glass Demolished

Los Angeles, Cal., July 16.—A sharp earthquake shock, the fourth since 10:10 today, was felt here at 6:13 tonight. There was no damage reported.

Los Angeles, July 16.—Three severe earthquakes here today threw the city and its suburbs into excitement, indirectly caused a number of injuries to men, women and children and slightly damaged several buildings, chiefly old ones, but none to a great extent. While the shocks seemed to center in Los Angeles, some of them were felt more than thirty miles away, but, as in this city, no material damage was reported from any other southern California city or town.

An unusually warm morning produced from some citizens the remark, "good earthquake weather." It was said in jest and none was more surprised than those who made the re-

Slight damage was done in the way of falling plaster to the old court house and a crack was noted in the platform connecting it with the newer hall of records. Pigeons, which for years have made their homes in the tower of the court house, fled in a cloud after each shock, but each time returned. A crack was reported in the east face of the clock on the court house tower. The minor damages probably never will be recorded.

Today's shocks were the most severe felt here since June 1, when considerable damage was done at Inglewood, a town a few miles to the southwest of Los Angeles, while some damage was recorded then in Los Angeles city. In the interval of nearly a month a few minor shocks were felt. Miss Florence White came down this afternoon from Omaha to visit here over Sunday with her relatives and friends.

mark when the first temblor came at 10:10 in the morning.

It felt much as does the sudden stopping of a street car, operated by an inexperienced motorman, only that the temblor produced the unpleasant sensation multiplied many times.

Excitement, in many cases hysterical, followed the first shock and had hardly been calmed when at 1:27 in the afternoon came the second, followed two minutes later by the third. These two were sharper than that of the morning. Then the agitation of the citizens became prolonged and it was some time afterwards before it was a case of "business as usual." Courts and other public places were scenes of near panic, some people running for open air, some fainting, some stopping to pray. Many gathered at street intersections waiting to see what would happen. Others who felt they must be on the way walked down the middle of the streets with watchful eyes on the buildings. Many sought Pershing square in the heart of the downtown district as a sanctuary and remained for hours. Pictures were jolted from hooks; plaster jarred from brick walls and plaster from ceilings; cracks appeared in some of the older structures, a water main was broken, a few copings and chimneys fell, part of an embankment collapsed, throwing dirt and bricks into the street and plate glass windows in some of the downtown department stores were broken.

While the excitement was at its height, rumors of horror traveled fast, but when it had subsided there was not one report of any extensive damage done to any establishment, while the worst injury recorded was a broken leg, caused when a derrick fell on top of a building and struck an elderly man.

A chimney on a tall building just north of the Third street tunnel fell in such a manner that most of the bricks landed on the south side of the tunnel, although one fell through the top of a moving automobile, just missing the driver. The tunnel was closed for a time by the fire department. A retaining wall near the entrance to the Hill street tunnel, used jointly by the city and the Pacific electric railway collapsed.

A woman in her haste to run down stairs and out of the house, sprained her ankle. Another woman rushing from a department store fell and cut her finger on a piece of plate glass window, shattered by the tremor. Another became so hysterical her neighbors sent her to the receiving hospital for treatment.

A little girl playing near a business structure suffered a three inch scalp cut when a piece of coping struck her. Similar instances could be multiplied.

The morning tremor found the city council in session. One councilman moved adjournment. It was not recorded. Mayor M. P. Snyder later described the tremor as "just a little appetizer."

VISITS HIS FATHER

From Saturday's Daily. Mike Grassman of St. Louis, arrived Tuesday evening to visit his father, Jacob Grassman whom he has not seen for nineteen years. Mr. Grassman is a traveling salesman, but at one time was in the mercantile business at Schuyler. Grand father Grassman makes his home with his daughter-in-law, Mrs. Clara Grassman. He has been a helpless invalid for many months and Mrs. Grassman surely deserves great credit for the kindness and attention given to the aged man, who receives the best of care from every member of the family.

When his son came in, the father did not at once recognize him as his eyesight is almost gone but after a time he remembered his voice and he was overjoyed and he could hardly bear to have him out of his sight during his visit.—Louisville Courier.

WHERE THE MONEY GOES

From Saturday's Daily. The entire proceeds of the dance platform at Fifth and Main go to the American Legion fund for use in purchasing and outfitting their new club home and so far as the merchants are concerned it is far from being a money making affair for them. Tickets issued by the Bargain Circus stores with purchases, are redeemed to the Legion in cash. In return for the dance privilege the Legion boys erected the large open air platform, which will be used not only for dancing but to accommodate numerous free entertainments, vaudeville acts, etc., during the next fifteen days, and will, at the conclusion of that time, tear it down and place the lumber in shape for return to those who loaned it.

Inasmuch as the Legion is a community organization having in view a laudible enterprise, the support of Plattsmouth is and should be with the Legion.

A DEVOTED FISHERMAN

Hon. W. H. Newell is one of the real devotees of the sport of the fisherman and enjoys nothing better than a day along the river or a lake fishing for the finny residents of the water. Mr. Newell has made several fishing trips along the Missouri this season, but finds that the high waters have made the river very muddy and the fish do not bite as freely as they should but he has enjoyed some very pleasant hours of recreation in this way.

FUNERAL OF WILLIAM HEIL

The funeral of the late William Heil was held this afternoon from the home in Eight Mile Grove precinct and the body laid to rest in the cemetery near there. The services were private, only the members of the family being present and were conducted by Rev. Robert Kunsendorf of the Eight Mile Grove church.

NEHAWKA News-Ledger

Miss Mary Todd of Long Beach, California, who has been visiting relatives in the state for some time, came to Nehawka Tuesday for a visit with her sister, Mrs. Geo. C. Sheldon.

Mr. S. O. Murdoch of Arapahoe, a brother to Albert and John Murdoch and Mesdames W. S. Norris and J. W. Thomas, arrived Monday morning for a short visit with them. He reports good crops at Arapahoe. Sunday five young men friends of Truman Tysor from his old home town, Riverton, Ia., drove over to see him, but failed to locate him as he was playing the good samaritan on the road to Nebraska City to a man who, with his family, were on the road to Florida. A balky automobile was the cause of all the misses.

Owen Wilhs who lives two and one-half miles north of Nehawka, is the first farmer in this community to thresh wheat. He started yesterday afternoon and threshed two wagon loads, which were delivered to the Nehawka Farmers elevator. The wheat tested 21 1-2, but will test better when it is dry. Threshing was stopped on account the grain would heat if put in the bin. An automobile accident on the hill near the Delles Denier farm, which might have proved more serious, occurred Sunday evening. Miss Elizabeth Chappell was driving the Ford belonging to Mr. and Mrs. John Chappell. In descending the long hill Elizabeth, who is an inexperienced driver became confused in applying the breaks, and the car turned over. She was caught under the steering wheel, and received a severe cut to the lower limb, but otherwise uninjured. Mr. and Mrs. Chappell escaped unhurt. The car was driven home, but the steering apparatus was bent and windshield broken, and the car looked as though it wanted to go over to Fishers.

Jay Johnson and wife of St. Joseph, Mo., and Mrs. Maude Johnson of Lincoln, arrived in the city today to visit with Mrs. John W. Chapman, prior to her departure for her home in Montana, as she is expecting to leave the first of the coming week.

EAGLE Beacon

Our information is that both A. A. Alloway and Chas. Renner are getting along nicely in the hospital. Bill Sacks is not satisfied with the manner in which his leg is healing and went to Lincoln Tuesday and had an x-ray picture taken of it. We have not learned the result.

Will Hudson received word the first of the week that hail had destroyed his entire crop—wheat, corn and oats—on his farm in Box Butte county. This is the first time hail has struck him and he carried no insurance.

Mrs. Minerva Trimble returned last night from a six weeks visit with relatives in and around Chicago. She experienced all kinds of thrills even a railroad wreck coming home, but never missed a trick and gained nine pounds to boot. She went out to Ft. Sheridan and took flowers and fruit to the Nebraska boys. She took Clare Garden out for a picnic dinner and says he eats as though he enjoyed it. He does not know when he will get to come home.

Were Victors in Game.

The Manley ball team went to Mount Hope last Sunday, where they played with the team from that vicinity, with the result of a victory for Manley, though by a very narrow margin. The game ended with Manley having eight scores while Mount Hope had seven. Mount Hope has a good team and played an excellent game. The line up for Manley was as follows: Mike O'Leary 1b, Hugh O'Brien ss, John Heeneey c, Henry Petersen 2b, Edward Harris 3b, Eli Keckler lf, Wm. Harms rf, Edward Schehan cf, John Schaefer sub, Earl Quinn p.

Were Fooling the Toads.

The toad, while he looks uncouth is not such a fool as one might suppose, and last week, while August Pautsch was going home from town at Louisville, he observed a number of toads assembled under a light post, where they apparently were holding a caucus, preparatory to

sending a delegate to the non-partisan league convention. Mr. Pautsch was joined by John Group, who thought they would investigate, and one watching them, found that they had assembled there to catch bugs which were attracted by the light. As they watched the bugs and toads, they were found and joined by Dan Bourke and Wm. Rau of Manley. The gentlemen then put up a job on the toads, and securing a pocket of paper, rolled spit balls like they did in school years ago, and shooting them across the walk, laughed when the toads thrust out their tongues as quick as lightning and downed the paper wads. The old boys enjoyed the game until a late hour and all the paper was used up.
