## WATERMELONS TO THE FOUR WINDS

Missouri Pacific Southbound Train Strikes Truck of L. Paperney Near Fort Crook.

From Wednesday's Daily.

The vicinity of Fort Crook yesterday was liberally covered with watermelons in large and small sections as the result of the encounter of the truck of L. Paperney of Omaha and the south bound Missouri Pacific passenger train due in this city at 2 p. m. Mr. Paperney, who has been driving to this city with melons for the retail market had started out yesterday afternoon to visit Plattsmouth and in approaching the crossing had not noticed the fact that the train was due and just as he was about to clear the crossing the train swept down on him but fortunately only the rear portion of the truck was on the track and this part of the vehicle was cut off cleanly by the train and the melons scattered all over that portion of Sarpy county.

The scene of the wreck was soon visited by a large number of the residents of that vicinity as well as passing tourists and all had a good feed of melons which were lying in profusion along the track and road. Mr. Paperney was fortunately not injured in the smashup and was able to return to Omaha, but his truck will be practically a complete loss to him. The accident resulted in the loss of nearly all the melons on the truck which will add considerable more to the amount of damage sustained by the owner.

## WILL THIS CITY BE REPRESENTED?

Proposition of Having a Float for Plattsmouth in Omaha Celebration of Pilgrim Fathers.

From Wednesday's Daily.

The call of Governor McKelvie for a statewide observance of the 300th anniversary of the landing of the Pilgrim fathers on the rocky coast of New England, and which has become one of the most important events in the history of the nation, has created a great deal of interest and one feature that is especially interesting to all residents of the state and especially in the eastern section is that of the big daylight parade to be held during the Ak-Sar-Ben festivities in the metropolis. For this parade it is proposed that each of the cities have a float in the line of march and these floats will show some part in the history of the Pilgrims in New England.

The cost of the floats will be undertaken by the different towns and it is estimated that it will require \$700 to prepare a float, the Omaha designer preparing and having all the work done in that city, and the characters represented on the floats will be selected from the residents of the cities that subscribe for them. The parade is to be the greatest ever held in Omaha.

## BRINGS BACK SAMPLES OF GRAIN FROM WYOMING LAND

From Monday's Daily.

S. S. Gooding of this city was a caller at the Journal office on Saturday and left several specimens of the grains grown in the state of Wyoming, where he has a claim near the town of Gillette, and on which Mrs. Gooding and their daughter, Stella, are now residing and completing the proving up on the land which has had a great advance in value in the past few years.

The exhibition of the Wyoming products certainly speaks well for the new country that is just being opened up by the settlers and where as yet the fullest results have not been secured.

The crops there compare very favorably with those of Nebraska and are raised on land that is far cheaper in price than that of this state and Iowa.

Mr. Gooding also reports that his family are in the best of health and enjoying very much the summer season in the cool of the Wyoming climate and amid the newness of the vicinity of Gillette. While in Edgemont, South Dakota, en route home, Mr. Gooding met Miss Clara Young, daughter of Mr. and Mrs. D. A. Young, of Murray, who is in the Black Hills for her health and he reports that her improvement has been wonderful in the time she has been there.

Miss Adelle Sayles, who has been attending summer school at the state university, has completed her course and last evening returned to her home here and will rest until the opening of the school season in the fall when she will become a member of the teaching force of the Mrs. J. F. Sindelar of Omaha, who city.
