The addition of one new home for Nehawka was accomplished "almost overnight" as the saying goes, when the east quarry boarding house, belonging to Mr. Nicholas Opp, was placed on its foundation, on lots directly south of the Mrs. E. A. Burdick place in southeast Nehawka last Saturday morning. Mr. W. W. Stokes, the Nebraska City housemover, is gaining quite a reputation here for moving buildings. He has moved several here in town the past two months and to one above mentioned is a fitting climax to the competency and ability of Mr. Stokes to move anything in the shape of a building. Those who are acquainted with the size of the above building, its location and the road over which it had to be moved, marvel at the successful operation of getting it to its new site. What was once a useless, deserted piece of property, owing to its location, will, with reasonable expense for moving and repairing become a modern and beautiful home.

A pre-nuptial shower was given Miss Nellie Trumble Wednesday afternoon at the home of Mrs. Ernest Trumble. We presume we would be violating no confidences were we to

intended the construction, seeing that nothing but the most select materials were used in the structure. One needs to see and examine the home to fully appreciate the model of convenience and utility the place affords.

They made the trip in Mr. Porter's car.

Mr. and Mrs. Grant Klaurens and son Willard, of Washington, arrived here Saturday for a visit with Mr. Klaurens' cousin, N. Klaurens and family. The trip was made in 23 days by auto, the family taking several stops and spending considerable time visiting at each place of special interest. They departed Sunday for Bloomfield, Nebraska, and other places where they have relatives, but expect to return to Nehawka again later to finish their visit.

The addition of one new home for Nehawka was accomplished "almost overnight" as the saying goes, when the east quarry boarding house, belonging to Mr. Nicholas Opp, was placed on its foundation, on lots directly south of the Mrs. E. A. Burdick place in southeast Nehawka last Saturday morning. Mr. W. W. Stokes, the Nebraska City housemover, is gaining quite a reputation here for moving buildings. He has moved several here in town the past two months and to one above mentioned is a fitting climax to the competency and ability of Mr. Stokes to move anything in the shape of a building. Those who are acquainted with the size of the above building, its location and the road over which it had to be moved, marvel at the successful operation of getting it to its new site. What was once a useless, deserted piece of property, owing to its location, will, with reasonable expense for moving and repairing become a modern and beautiful home.

Miss Laura Vickers has accepted a place with the Farmers State bank and is filling the position of assistant cashier.

A pre-nuptial shower was given Miss Nellie Trumble Wednesday afternoon at the home of Mrs. Ernest Trumble. We presume we would be violating no confidences were we to

intended the construction, seeing that nothing but the most select materials were used in the structure. One needs to see and examine the home to fully appreciate the model of convenience and utility the place affords.
