COMPLETES THE TEACHING

A. D. BELL, OF FILLEY, NEBR., IS CHOSEN FOR THE MANUAL TRAINING WORK.

SCHOOL OPENS IN SEPTEMBER

Medium of Football Team-First Since 1907.

From Monday's Daily.

The Plattsmouth city schools are being made ready for the opening of the school year which will occur TRAINING FOR THE early in September and as a part of the teaching force of the high school, the board of education has named A. D. Bell of Filley, Nebraska, as the head of the manual training departcharge of the athletic activities of the high school

The manual training department is the latest addition to the high school and completes the curriculum so that it is on the equality of that of other modern schools of the state and one that will be a credit to the city and fit the boys and girls for their higher education with all the advantages that any school in the state can give. With the selection of Mr. Bell the city teaching force now numbers 36 and this gives them three male teachers, including Supt. Pratt and H. A. Stromsburg, princt pal of the high school.

Mr. Bell will take over the athlette work of the school and with his extensive experience in this line will make a very valuable coach for the school athletics and the year in this line promises to be one of the best in the history of the school as the basket ball team will be the same as pionship in their class.

The proposed increases and, reductions will make very little difference in the total of the entire state. It may result in lowering the grand total \$2,500,000.

Method of Equalization.

The report of Secretary Philip F. Bross of the department of finance and W. H. Osborne, jr., secretary of the state board of assessment and equalization, shows the manner in which sales values were modified for application as an equalization basis. It shows that the assessed value, as returned by counties, is 68 per cent Athletics to be Rejuvenated Through of the modified sales values of land. Counties which fail below this percentage in assessed value are cited for an increase. Counties that report a much higher percentage are to be reduced.

The work of Connors in the box for the Red Sox was of the very best and at all stages of the game he had the visitors on the hip and in a close pinch in the eighth the visitors were able to score their lonely tally but with the sacks loaded were prevented from threatening the lead of the Sox. The headwork of Connors during the game kept the Ralston players guessing and when on bases they were very leary of the south paw artist of the locals. The Sox as a whole played a good game and William Harvey Mason in the left garden demonstrated his reputation as the best ever when he robbed the visitors of several hits. The Backing Behind the Bank

-To place confidence in a bank, one must know several important things about it, but most important of all-who is back of it!

-Back of this bank, in addition to its officers and directors, stands the strongest financial institution in existence todaythe great Federal Reserve System of the United States.

-We are naturally proud of this fact, not alone because of our personal satisfaction, but because it enables us to extend to you a security and range of service which would otherwise be impossible.
