He delivered the cream last Monday and then on his return trip took a load of groceries home.

Child Dies in Omaha Hospital.

Last Saturday Wm. C. Romine, the two years old son of Mr. and Mrs. H. C. Romine of near Nehawka, died at a hospital in Omaha, where he was receiving treatment. The little child was born at Avoca, November 4, 1917. The funeral services were held at the home of Edward Chappell northwest of Nehawka last Sunday afternoon and was conducted by the Rev. W. A. Taylor of Union, while the interment was made at Mt. Pleasant cemetery a few miles north of Nehawka.

Big Meeting Sunday Evening

There was a large crowd at the Sciota school to listen to the excellent sermon delivered by W. A. Taylor at that place, there being no services at that place in the morning as at that hour Mr. Taylor had to go to Nehawka for a funeral. There was a large and interesting attendance at the Bible school in the morning.

He Knows His Business.

From absolute knowledge we can testify to the ability of Joseph Lidgett as a gardner for we were the recipient of a box of tomatoes and cabbage grown at his home under his careful cultivation, on what is known as the "Lynn Arbor" just north of Union. Mr. Lidgett has an abundance of garden truck of all kinds which are of the finest grown. One of the tomatoes which he presented to the writer weighed one pound and nine ounces, while others were just as good. Any one desiring the best in any line of vegetables grown will do well to get in touch with Mr. Joseph Lidgett for he sure knows how to grow the stuff.

Looks Like He Has Done His Part

For a long time the public was compelled traveling south of Union to use the right of way of the Missouri Pacific, but in order that the public might have a road of their own W. L. Stine set his fences in and gave the public a strip of ground wide enough for a road of their own. It looks now like after Mr. Stine has given without the asking even of this of his lands for a road, the county should take hold of the matter and give the required amount of money to make and maintain a good passable road at that place.

Were Guests in Union.

Mrs. Al Wright and children from Anthony, Kansas, Mrs. A. K. Worley and children of St. Joseph, Mo., and Mrs. G. S. Sherman and children of King City, Mo., who have been visiting at the home of Mrs. Clara Davis and W. A. Carriher for the past week, were joined by Mr. Worley last Sunday morning, who visited only for the day and they all departed for their homes in the south, being taken to Nebraska City at which place they took trains for their homes. Mr. Carriher drove them to Nebraska City in his car to catch their train.

Have An Eye to Business.

The members of the Blue Birds, which is a juvenile Campfire girls organization, gave a delightful ice cream supper on the grassy spot between the Willis garage and Nels Martin's and R. D. Stine's stores. The shade of the garage in the late evening, Friday, afforded a good place for the evening repast and the girls netted about twenty dollars for their order. The Campfire girls, under the direction of their guardian, Miss Mary Becker, also gave an ice cream supper at the same place Saturday evening which netted their organization just a little in excess of the amount the Blue Birds made.

Almost the Kiss of Death.

Last Thursday after Mrs. Olney Easter, who lives west and south of Union, had finished her trading with the Union merchants, she essayed to depart for her home and getting into her car, drove down the street and was just on the point of crossing the Missouri Pacific tracks when she observed the approach of the Flyer going south and endeavored to stop her car, the breaks not working to their capacity, but was able to check the speed some and trying hard to turn the car out of the way of the oncoming train, the engine passing, but the front wheel of the auto was caught by the track of the baggage car and the auto thrown around and away from the track in such a way that it was cleared from the train.

The wheel of the auto and the front portion of the frame and radiator were somewhat delapidated, but Mrs. Easter came through without any harm other than the intense shock which the crucial position gave her. Her's was a just cause for rejoicing on account of the escape from what seemed sure death to those who watched the accident from a distance.

Still Near Victory.

The Union base ball team last Sunday at the Dunbar park, came very near winning a game, a thing which has not happened for many a moon. The game was finished with the runs being eight for the team of Dunbar and seven for that of Union. This is just as near as they have won, with the single exception of the game played at Plattsmouth, where the tallies were five each and on account of the lateness of the hour, the game could not be continued longer. Just as the car carrying the mascot of the Union team was entering the suburbs of Dunbar, it was noticed the smoke settled to the ground from nearly dwelling and with a slight breeze from the east and a black cat crossed the road in front of the auto, it was evident that the team could not overcome the handicap. However, they will play with the team from Murdock next Monday and they will meet a fine set of young men with a determination to play ball, but a jolly set though. Now go to it boys and win the game, if you don't the other boys will.

ANNABELL ALLEN INJURED

From Wednesday's Daily. Marvin Allen of this city has received word from a sister residing at Nashville, Tennessee, announcing that the daughter of Mr. Allen, Miss Annabell, had been the victim of an auto accident and had been injured so severely that it had confined her to her room.

The message did not give any of the particulars of the accident aside from the fact that the young lady had fallen from a car and did not give the extent of her injuries. The message has caused a great deal of worry to the father and further particulars of the accident are looked for in a few days. Miss Allen has been making her home with her aunt for a number of years and completing her school work in the southern city.

PRIMARIES IN THREE SOUTH-WEST STATES

MISSOURI, KANSAS AND OKLAHOMA VOTED YESTERDAY RESULTS NOT ALL IN

GOV. ALLEN CHOICE OF KANSAS

Although Opposed by Labor—Looks Like Senator Gore of Oklahoma, is Defeated.

St. Louis, Aug. 3.—Unofficial incomplete returns from today's statewide primary indicated John Atkinson had defeated Frank H. Farris and Charles H. Mayer for the democratic nomination for governor. Arthur M. Hyde and E. E. McJimmey, contesting for the republican nomination, were running neck and neck, the former polling a large vote in the rural sections of the state, and the latter running strong in many of the larger cities.

Senator Sheldon P. Spencer apparently won over Dwight F. Davis and James L. Minnis for the republican nomination for United States senator. Breckinridge Long was running strong for the democratic nomination and it appeared he would defeat his five opponents—Charles M. Hay, George H. Scruton, Arthur N. Lindsey, Henry S. Priest and John C. Higdon.

Senator Gore Defeated

Oklahoma City, Aug. 3.—A tabulation of the returns from 810 precincts from fifty-five of the seventy-seven counties in the state gave Scott Ferris 61,200 votes for the democratic nomination for U. S. senator and Senator Thomas P. Gore 58,572 in today's statewide primary. Early returns, coming in rapidly from towns and cities, but slowly from the rural districts at midnight gave Scott Ferris the lead over Senator Gore. Returns on the republican contest for the senatorial nomination were meagre.

The Gore strength, it was said at political headquarters here, would not appear until late as it lies in the rural precincts.

Kansas Incumbents Win

Topeka, Kan., Aug. 3.—Early returns from today's statewide primary election indicate Senator Chas. Curtis, Governor Henry J. Allen and all present congressmen are leading their respective opponents.

The returns from the city indicate labor voted against Allen, putting him behind Senator Curtis. In the rural districts, however, the vote for the governor apparently was large.

The democratic returns up to a late hour were not sufficient to form any estimate of the strength of the four candidates for the nomination for governor, Jonathan Davis, W. S. Hart, Dempster Potts and O. T. Wood.

George H. Hodges, democrat, was nominated for the United States senate without opposition.

The following named were nominated for representatives in congress on the republican ticket without opposition: Homer Hoch, Hays B. White and J. N. Tinsler.

These democratic candidates for representatives in congress were unopposed: J. D. Tarkington, Thomas F. Johnson, J. R. Beeching and W. A. Ayers.

EVEN THE BEST OF 'EM FAIL.

From Wednesday's Daily.

The tragic death of Lieut. Locklear and his assistant, recounted in today's press dispatches will come as a surprise to those who saw the fearless aviator perform at the state fair last fall. And, although wonderful strides have been made in flying, it cannot be decreed as absolutely safe, any more than automobiling, or any of the various "improved" modes of travel that have come in vogue during the past decade. Locklear and his assistants flew over Plattsmouth in two planes last fall while enroute to Lincoln and were seen by large numbers of Plattsmouth people who were attracted by the rumbling of their motors as they swooped down over the buildings apparently in an effort to gain their proper bearings, for soon they rose to a high altitude and continued on their way.

Frank Wooster was among those going to Omaha this afternoon to visit for a few hours while attending to some matters of business in that city.

John McLean and wife and Richard Avard wife and little son will depart this afternoon on their way to New York and Quebec, prior to sailing for Europe.

Misses Hilda Brinkman and Josephine Rys returned today from their vacation in the north, having spent the past few weeks at Loretta, Minnesota, where they enjoyed the delights of Lake Independence.

Attorney D. O. Dwyer was a passenger this afternoon for Omaha to look after some legal matters for a few hours.
