Max Dusterhoff and workmen finished last week the work which they were doing at the homes of August Panska, LeRoy Gorthy, and George Vanderberg.

Yes, ask the boys at the Bank of Murdock what time it is, they will be glad to tell you. They have the clock home again after having been at the jewelry store for several weeks.

Art Young and wife of Wafeloo, Iowa, and Miss Mae Tool of Ackley, Iowa, were visiting in Murdock last week the guests at the home of Henry A. Tool and family, being on their return home to stay at Colorado Springs for a while.

The new home of the Rev. John Oehlerking, which is being constructed east of town has been plastered and is now being finished by the carpenters, John Fleishman, the contractor of Manly, and F. Hite, his assistant of Murdock.

Thomas Walling of Plattsmouth, the abstractor of titles and E. J. McHugh of Falls City, where he is a dispatcher for the Missouri Pacific, were visiting in Murdock for a short time last week being the guests at the home of J. R. McHugh and family for Friday and Saturday.

Herman Kupke has finished threshing the second time this season. He has completed the work for which he was expected in his neighborhood, and stored his machine for the winter, where he was prevailed on to do some more work and has now finished the second time.

Mrs. C. F. Hite, who has been visiting at the home of her daughter, Mrs. John Krueger and family at West Point, for some time past and her return, appeared at Oakland for a visit with her son and family George Hite, returned home a few days ago, having had an excellent time while she was away.

John Dee, who is a linotype operator on the Omaha Bee, and who has been taking a short vacation from his duties on the paper, and is now occupying his time in the harvest field acquiring some brown and sunburn in the field of Fred Reuter. Mr. Dee returned to his home and work at Omaha last Saturday after having thoroughly enjoyed the outing.

L. Neitzel and son-in-law, Dr. McDermid of Omaha, departed last Thursday for Waucombs, Minn., where they are spending a week at the home of the daughter of Mr. and Mrs. Neitzel, where they will enjoy the time fishing and other amusements. While they are away Mr. and Mrs. J. J. Hitchcock of Havelock, are staying at the home in Murdock and also looking after the business of Mr. Neitzel while he is away.

She Was Seven Years Old.

Miss Mary Catherine McHugh, enjoyed a celebration with some of her friends at her home last Friday evening, it being the passing of the seventh milestone of her young life. Life looks bright to her and we are wishing that many happy birthdays may be her's and that her life may be filled with a host of good deeds for the peoples with whom she may meet.

Former Murdock Lady Dies.

Mrs. Emil Koehn, formerly Miss Elsie Braun, daughter of the pastor of the Callihan church a few years ago, who was injured as a child by having her neck torn by a pickle which was on an auto truck wheel, backed into the car in which the lady with others were riding and whose life was dispersed of, passed away last Thursday, the remains being taken to her late home at Saylorfork for interment. The many friends of this woman will remember with kindness her excellent qualities of character and extend sympathy to the parents, husband and other members of the family in their loss.

Stop the Decay.

While driving through the country I find many homes and barns needing painting badly. Ask us for estimates on work, also see us for paint if you desire to do the work. We will cheerfully furnish estimates either way. New building standing exposed to weather, unprotected, begins to decay at once. Protect them now. "Save the surface and you save all." Paint and varnish. This is a fine time to have your painting done, weather being all one could ask.

MAX DUSTERHOFF.

Will Give Program and Debate. Making the services interesting is a feature which in a way is solving the church attendance in Murdock, during the excessively warm weather. The Evangelical Association will have at their church on Sunday evening a program which will be interspersed with musical numbers by the ladies quartette, the mixed quartette and the male quartette, as well as readings and addresses by the lay members. The most interesting of the themes will be the discussion as to the advisability of the forward movement. This will be participated in by three members of the Murdock church and three members of the Louisville church. The affirma-

tive will be supported by Mrs. Carl Schlapf, Mr. August Oehlerking and Mr. Gust Ruge, all members of the Louisville church, while the denial of the proposition will be maintained by Mrs. Otto Miller, Herman Schmidt and Leo Rikli, of the Murdock church. H. Bauer will be the leader and an excellent time is anticipated.

Make Some Fine Catches.

That it takes a fisherman to get the fish is sure. Lacey McDonald went over to Meadow a short time ago and landed a four and a half pound member of the finny tribe, and Captain J. A. Bauer, though he would not be out done, and so sallied forth and making a mistake hooks one that weighed a pound less instead of getting the larger one. Then Lacey went over to show just how it was done and to get a larger one, but when landed only weighed three pounds. While not entirely satisfied, they will have to be contented until the fish get larger.

Town Board Takes Action.

At the regular meeting of the town board of Murdock last week, the matter of the automobile was taken up in a manner which looks like it was done and to get a larger one, but when landed only weighed three pounds. While not entirely satisfied, they will have to be contented until the fish get larger.

Did Not Observe Red Flag.

The grading of the road south of Murdock, which is making an excellent roadway, is also causing some trouble for those who travel while the work is being done. The other evening while endeavoring to get off a portion of the road which had been worked, a family living southeast of town were violently thrown against the top of their car, the little girl receiving some bad cuts, while the mother was quite badly shaken up as well. The representative of this paper saw the red flag, but thought his Ford could go anywhere, but when he had gotten the front wheels in the ditch at the side, it would not mount into the roadway, until a number of his friends who were passing put their shoulders to the rear and pushed, then "Elizabeth" crawled up the bank. Thanks boys, we appreciate the timely assistance.

KODAK

Of course they can make a picture of grand, ma—the kind of a picture that you'll be glad to treasure. They can make pictures of their playground pals, as well, and their pets. There is nothing confusing about a Kodak—and a Brownie is even simpler.

If you like pictures, you will find a visit to our photographic department interesting. We have some splendid enlargements from Kodak negatives to show you.
