

MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

The Bank of Murdock

offers any legitimate inducement which can or may be offered by any legitimate bank, to its patrons and customers.

We earnestly solicit your business, and assure you that we are not only willing, but able to take care of any reasonable demands for loans which you may request of us.

Remember, we are the only bank in Murdock, in which the depositors are guaranteed by the Depositors' Guaranty Fund of the State of Nebraska. Your money is absolutely safe, and you get this free insurance, at no cost to you. Do your banking with an old, established, reliable bank, properly and conservatively managed, and you will never regret it.

The Bank of Murdock

"The Bank where You Feel at Home"

HENRY A. TOOL, President J. E. GUTHMANN, Vice-Pres.
H. A. GUTHMANN, Cashier

Floor wax and dancing wax at Max Dusterhoff's.

Miss Margaret Tool, who has been visiting for some time in Lincoln with friends, returned home a few days ago.

Miss Lydia Streich, who has been on the sick list for some time, is reported as showing considerable improvement and it is hoped she will soon be well again.

Mrs. Carl Radtke of Waukomis, Okla., and Mrs. M. F. Elckhoff of Anadarko, Okla., arrived Tuesday to assist in caring for their mother, Mrs. M. J. Crawford.

Glenn Cople and wife of Bethany, Neb., came down Sunday to visit their mother, Mrs. V. M. Cople, and to call on their grandmother, Mrs. M. J. Crawford, who is ill.

Through this department Mrs. M. J. Crawford wishes to express her sincere and heartfelt thanks to her friends and neighbors for their loving kindness and help given her and for the many beautiful flowers that lent their beauty and fragrance to help hasten the hours of pain and suffering.

"Save the surface and you save all." Paint and varnish. Ask Max Dusterhoff for estimates.

O. J. Postast and wife spent the day at the home of relatives in Lincoln last Sunday, where they drove in their car.

Heel proof, mar proof, water proof, varnish. Ask for Pratt Lamberts No. 61 floor varnish. Max Dusterhoff.

Mr. Will Crump of Chicago, was a visitor at the home of his friend, O. J. Postast in Murdock last week, staying only for a day or so.

O. J. Hitchcock, who is looking after the business of L. Neitzel while he is away, suffered the loss of blood bound of the Beagle species last week.

Mr. Hoface Reeves was out with his road drag last week and did the streets much good by his work just at the right time. He evidently understands keeping the roads in good condition.

Max Dusterhoff and Joseph Wutchikne the painters, were looking after some business matters in Omaha during the past week, spending Friday and Saturday there. The business at home was looked after by Frank Braum and Jack Shields, who were busy finishing a wagon for a customer near Wabash.

On the resignation of Joe Hohamman as the road overseer, the commissioners have had some difficulty in securing some one for the position. They have finally persuaded Mr. Herman Smith to look after the work temporarily. Mr. Smith will make a good man for the position if he can be prevailed upon to accept the position permanently. The place does not pay sufficient to attract a capable man to the position.

County Commissioner, J. A. Pitz and C. F. Harris, accompanied by Highway Commissioner C. F. Vallery and M. R. Stewart of the state engineer's office at Lincoln, were in Murdock last Friday, looking after the road which is being built just south of town and arranged for the completion of the cut off which overlies the crossing of the Rock Island road. Roy Cole of Elmwood, the efficient road man, was assisting in the work.

Very evidently the autumn is upon us, for we noticed at the Bank of Murdock some corn stalks twelve feet in length and with from three to four ears on each stalk. This corn which is a very healthy specimen of the products of Cass county, was grown on the land of H. A. Githman near Cedar Creek. Mr. Githman was down to Plattsmouth Sunday and on his return visited the farm which is promising even more in the line of corn than it had in other grains this summer and that is saying a good deal.

Mrs. H. W. Tool, who has been visiting for some time in Lincoln, returned home last Friday evening.

Will Reuter was delivering his corn to the elevator, conducted by Mr. W. T. Weddell, last Friday and Saturday.

Heel proof, mar proof, water proof, varnish. Ask for Pratt Lamberts No. 61 floor varnish. Max Dusterhoff.

H. C. Backmeyer and wife from northwest of Murdock, were visiting in Omaha last week for a short time, driving there in their car.

Louis Hornbeck and A. J. Tael were visitors in Lincoln last Wednesday, where they were looking after some business matters.

Albert Bornemeier, who has been kept from work by a case of blood poisoning, is able to be at his work again after a rest of several weeks.

C. H. Rohrdanz of Bala, Kansas, is visiting in Murdock for a short time and is the guest of Edward Thimman and other friends while here.

Dr. Hornbeck and family and H. W. Tool and family, attended the chautauqua at Aivo last Friday evening, driving over in the car of Mr. Tool.

Kenneth Tool and Joe Johansen were visiting in Lincoln last Friday evening, going over in the car of Mr. Johansen where he was looking after some business.

Frank Globitz and family departed a few days ago, via auto, for Chappell, where they will visit for a few days and look after some business matters as well.

O. P. Jones and family of Fairbury, were the guests at the home of H. A. Tool and H. V. McDonald, Mr. Jones being a brother to both Mrs. Tool and Mrs. McDonald.

Charles Marshall, the son of Mr. and Mrs. E. E. Marshall, is now working for Emil Kuehn near Kanawha, running a tractor and bringing the new country under cultivation.

Miss Wilma and Clara Rainey of Plattsmouth, were visiting during the past week southwest of town at the homes of C. T. Edwards and John Parriott, driving over in their car from the county seat.

For Sale: One Parriott tractor, 12-25 in good condition; also one Hubert tractor good as new and only used a few days. Come and see them. Prices will be made right.

W. L. GEHRTS.

H. A. Gast, who has been on the sick list for some time past, is again at his work in the shoe and harness shop. Mr. Gast, while not feeling exactly himself, is trying to do what he can in the way of work.

James Drake and wife, who have been visiting in the west, having stayed for some time at Colorado Springs, stopped on their way home at Kelllogg, Iowa, for a visit at the home of Henry A. Tool and family. While in the west they also visited at Craig, Colo.

Mrs. J. E. McHugh and children, departed a few days ago for the west, where they will give much service in that vicinity. Mr. McHugh will probably go out for a short time and return home with the folks when they shall have concluded their visit.

Mr. O. B. McDonald and two children, Miss Margaret and Robert, who have been visiting at Plattsmouth and Murray for the past week, arrived home the first of this week, having had an excellent time while they were away. While at Plattsmouth they visited the parents of Mrs. McDonald and at Murray the mother of Mr. McDonald.

E. C. Thimman sold during the past week, a six cylinder Dodge touring car to C. A. Gauer of near Cedar Creek which is a beauty and a car which speaks well for itself in the performance which it does. The car is one that will give much service to Mr. Gauer, and that is the only class of cars handled by Mr. Thimman, the reliable cars. He handles other lines besides the Dodge though he can supply anything needed. He just received an up-to-date cotter-truck which he has on exhibition at his sales rooms.

Attended Wedding Last Week. Wm. Knapp and wife and Julius Reinke, Jr., and wife, were visiting at Drummond, Oklahoma, where they attended the wedding of a sister of Mrs. Knapp, which occurred last Wednesday. The gentlemen returned last week while the ladies will remain for a longer visit.

Adds Tractor and Plows. Herman Kupke, the progressive farmer and a general rustler as well, has just added to his farm equipment a new Allis-Chalmers tractor of 18-20 capacity with a gang plow of four bottoms, which will enable him to plow some fifteen acres per day. Just after the recent rain Mr. Kupke was out getting the good out of the new machinery which the most favorable conditions prevailed. The outfit was purchased from Wm. Gehrts, who has sold a large number of these goods and whose business is so satisfactory to his clients, that it is limited only by the supply which he can obtain.

Step the Decay. While driving through the country I find many homes and barns needing painting badly. Ask us for estimates on work, also see us for paint if you desire to do the work. We will cheerfully furnish estimates either way. New building standing exposed to weather, unprotected, begins to decay at once. Protect them now. "Save the surface and you save all." Paint and varnish. This is a fine time to have your painting done, weather being all one could ask for.

MAX DUSTERHOFF.

A House Full of Girls.

Last Friday, Miss Rose Amgwert and her sister, Miss Lillian, both of Council Bluffs and accompanied by a sister, Mrs. Lena Letts, also of that place, arrived in Murdock for a visit with their mother, Mrs. L. Amgwert. Miss Anna Amgwert, who came on Thursday and Mrs. Katherine Duell, nee of Omaha, and with Miss Margaret Amgwert, who is at home, made even a half dozen, who made a merry time for the mother and "Bud" they enjoyed the occasion very much as well as visiting with John Amgwert and family.

Visiting in the West.

W. H. Bush and wife departed a few days ago, accompanied by their daughter, Miss Mary, for Omaha in their car, where they were joined by Jack Burr and wife, and making a trip to the west and northwest in the car. They visited at Alliance with James Brittain and wife and Mr. and Mrs. Raymond Westlake.

Will Give Musical Recital

Miss Catherine Tool, who has had exceptional success with her music classes both at Murdock and Aivo, will give a musical recital on the twenty-seventh of this month. A more extended notice will be given in a later issue.

Are Visiting in South.

Gust Ruge and family and Mrs. Fred Ruge, mother of Mr. Gust Ruge, departed a few days ago in their car for a visit at many points in Oklahoma, where they will visit with many friends and look over the country. They expect to be away for several days.

Receives Injury

Mrs. M. J. Crawford slipped and fell on the cement walk at her home last Tuesday, severely injuring her left hip. She was taken to the Lincoln hospital for an x-ray examination which showed no broken bones. She is now at her home and resting as easily as could be expected for one of her advanced years.

White Leghorn Cockerels

I have for sale a few White Leghorn cockerels of the famous Thos. Barron laying strain. The mother of these cockerels, under trap-nesting, many laid 50 eggs during the winter. Buy while they are cheap, for the longer you wait the more they cost.

FRED FLEISCHMAN, of M's - W. Manley, Neb.

Needing Some Teachers.

The board of education for the newly created enlarged district at Murdock, which comprises three districts formerly separate, and four parts of other districts, have now the need of several of our new teachers, they having at this time but the superintendent, J. H. Burwell, who was with the schools last year, and Miss Peters, who will teach at the Rose Valley school. This will necessitate the employment of others, many for supplying the position, and any one desiring to be placed with the school force which will pay good salaries, should address the secretary of the new Murdock schools.

SERIOUS AUTO ACCIDENT NEAR EAGLE

Two Weeping Water Men Have a Close Call from Death as Result of Tire Blowout.

A very serious auto accident occurred on the O street road near Eagle on last Monday as a result of which the two occupants of a Ford were badly bruised and injured and had a close call from death. In speaking of the accident the Eagle Beacon says: As near as we can learn the accident occurred about 2 o'clock in the afternoon, and was the result of a tire blow-out. Fred McCleary and Dean Sargent, both of Weeping Water, were on their way to Lincoln in a Ford, going at a reasonable rate of speed, when a blow-out caused the car to lurch to the side of the road and strike a ditch. It went into the air and turned over. In the mix-up Mr. McCleary had an arm broken, a bad gash cut in the side of his head, and was badly bruised in the chest. While Mr. Sargent was not so badly dealt with, his face gave evidence he had been in the wreck.

Dr. Kline and Frank Domingo, also residents of Weeping Water, had just passed the Ford in their Sedan and were about 50 yards in front when they heard the report of the blow-out and looking back saw the accident. They turned back and got the injured men into their car and brought them to Dr. Donacre's office in Eagle, but the doctor had gone to Omaha, so they phoned to Elmwood and Dr. Harger came down and dressed the wounds and set the broken arm. Mr. McCleary was taken on to Lincoln to a hospital, while Mr. Sargent was taken back to Weeping Water.

TROUBLE OVER TIES

From Thursday's Daily. For the past few days grim visaged war has hovered over the west part of the city as the result of a dispute over some twelve railroad ties taken from the possession of James Bajek. Mr. Bajek it seems, had secured these ties from the Missouri Pacific railroad company and had hauled

them from the right of way and arranged them nicely in piles and great was his surprise later to find that they had disappeared but it was only a short time until he discovered their whereabouts and the clouds of wrath soon began to form as Mr. Bajek informed the parties taking them that unless they were returned there would be a severing of diplomatic relations as well as a forcible separation of the ties by law. One of the young men implicated in the case proceeded to return six of the disputed timbers but the possessor of the remaining six failed to deliver the ties and the ukase was issued by Mr. Bajek that if the ties were not returned by 5 o'clock this morning the power of the law would be called upon. As the ties were not on the spot at 9 o'clock Mr. Bajek hastened to the chambers of Justice M. Archer and secured a warrant for the possessor of the six ties and was busily engaged in looking for the constable to deliver the warrant and secure the return of the ties.

RETURNS TO CANAL ZONE SCHOOL WORK

Mrs. Albert A. Lang Enroute Home with Husband After Visit with Her Mother.

From Thursday's Daily.

Yesterday afternoon Mrs. Albert A. Lang of Bilbo Heights, Canal Zone, who has been spending a few weeks here with her mother, Mrs. Catherine Perry, at her home west of Mynard, departed for New York, enroute back to her home. Mrs. Lang will join her husband in New York, where he has been visiting and they expect to sail on the 20th for the Canal Zone to resume the work there in the district schools of which Mr. Lang is superintendent.

Mr. and Mrs. Lang have been in the Canal Zone for the past seven years and have during this time been engaged in educational work, at which Mr. Lang has been very successful and is now in charge of all the American schools there.

Their home is at Bilbo Heights, but the work takes the husband over the entire zone covered by the American authority, from Colon to Panama.

The trip back to Colon from New York will require in the neighborhood of a week as the transports make a short stop at Hayti and from there go direct to the Atlantic entrance of the canal. This is the first vacation back to the states for a number of years as during the war conditions were unsettled and Mr. and Mrs. Lang spent their holiday period in Costa Rica and the Central American states.

In speaking of the life in the tropics, Mrs. Lang states that all through the Central American states the fact is noticeable that there are two extreme classes—the very wealthy and the extremely poor—there apparently being no middle class as in the United States and the radical differences are very marked the people as a whole being a very easy going and careless type of humanity, but in the aristocratic class the traces of Spanish blood are to be found among the rich and well educated.

The conditions in the Canal Zone are, of course, much different as the American occupation has tended to benefit the people of all classes and less of the extreme poverty so characteristic of other portions of Central America is found there.

The visit back in the old home was very much enjoyed by Mrs. Lang and she returns to the tropic country greatly refreshed with the stay in the States and among those whom she has not seen for several years.

RETURNS HOME.

Mrs. Ivor Standish of Newton, Kansas, and daughters, who have been here for a short visit at the home of Mr. and Mrs. Byron Read, parents of Mrs. Standish, have returned home. Mrs. Standish made the trip to Nebraska to visit the parents and while here assisted in the big family reunion held last Sunday and at which all members of the family were present and the occasion was one that all members of the family will long remember.

ENTERTAINS SERVICE CLASS

From Thursday's Daily. The Sunday school service class of the Christian church were very pleasantly entertained yesterday afternoon at the home of Mrs. W. F. Clark. The afternoon was spent in a business session followed by a social gathering and during which time dainty and delicious refreshments were served that added much to the enjoyment of the occasion.

Read the Journal.

DUSTERHOFF INTERIORS are frequently SELECTED FOR

Church and Residence

where the finest and most highly idealized type of Interior Decorating is involved, as in some of the finest churches and residences we have finished in the state.

The preference for DUSTERHOFF INTERIORS in such cases is due to the steadily growing conviction that DUSTERHOFF INTERIORS represent the highest standards of interior decorating.

It is due also in great measure to the feeling of security inspired by our policy—

—to do interior decorating of the finest quality only and of such design and performance as to provide an exceptional value in DESIGN and DURABILITY beyond the most extreme requirement.

Max Dusterhoff,

Interior Decorating Wood Finishing

MURDOCK, NEBR.

GIVES A HOLIDAY

The rain of last night has checked the farm work for the day and for the first time in many days the representation of the farmers in the city was noticeable as most of the time they have been very busy with

threshing and harvesting. Everyone is feeling well pleased with the result of the rain and the prospects for a heavier corn crop.

The most exquisite line of birthday and gift cards to be found anywhere! At Journal office.

Murdock Mercantile Company

We Have a Special Ingersoll for Each One of These Folks

DID YOU ever "get fitted" to a watch? We mean, did you ever figure out exactly your watch needs and then see if you were properly equipped?

There are a dozen or more different Ingersolls—varying in price, varying in purpose—small watches, jeweled watches, medium sized watches for night use, and so on. For instance, if you have an expensive watch, you probably would choose a Radiolite for \$3.50. If you haven't a good serviceable watch, you'd be likely to buy a 7-jewel Reliance.

The point is that we'd like to "tail Ingersoll" with you—show you the line and the 100% money's worth prices and then "fit you" to an Ingersoll.

Good display in the window if you're too busy to come in.
