

Notes for Housewives

—We try to make shopping for the home both pleasant and profitable for you. Here are some values that are unusually interesting:

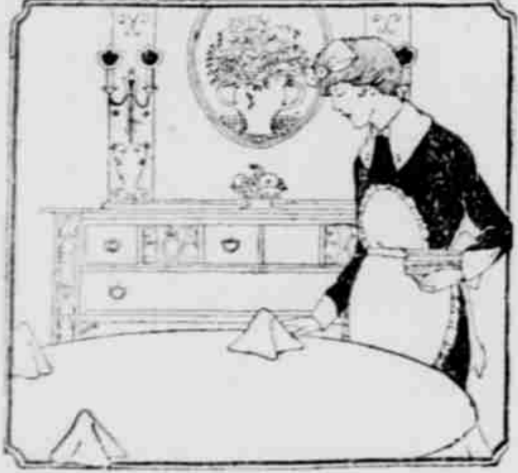

TABLE LINENS

70" Union Table Damask. So nearly "all linen" that it's difficult to tell it isn't. Two qualities in this width at the special prices of \$2.50 and \$3.50 per yard.

Mercerized Cotton Damask. 60" wide; very pretty pattern. At the unusual price of \$1.00 per yard.

Colored Renfrew Damasks are priced at \$1.25. Buff, red and blue are the colors these come in.

Bed Spreads—Sheets and Cases—Sheeting, per yard—Tubing, per yard—All are here in abundance at the right prices. OUR NEW FALL WOOLENS AND SILKS ARE ARRIVING DAILY. Ask us to show them to you—you will be delighted with them. Fall fashions were never prettier than they are now—and the impulse to sew your own clothes never stronger. McCall Fashions make home sewing easy. The fall Quarterlies, price 25 cents, are now in. Get a copy at once and select your style at your leisure.

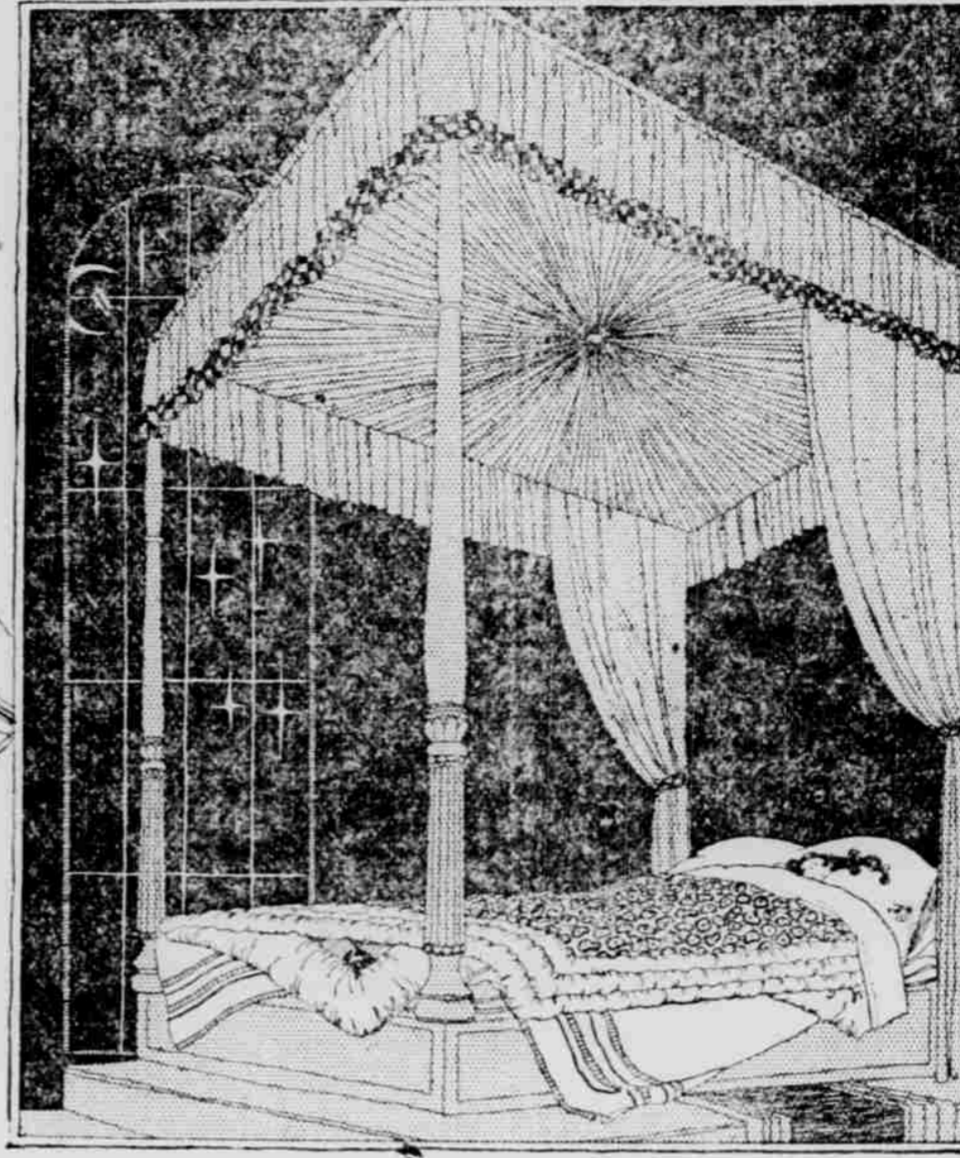

AUGUST SALE of BLANKETS and BEDDING

BEGINNING MONDAY, AUG, 30th

Autumn will be here almost before we know it, with its cold nights demanding plenty of warm blankets and bedding.

We have assembled for your approval a most comprehensive line of Blankets, Comfortables, Pillows and other Bedding Items, quality and prices of which will immediately convince you of their unusual value.

We can unreservedly state that no better values are found in any city store. We can't tell you about them all here, but those described below are typical of the values.

Fluffy Comforters

The loveliest comforters. Silkline and sateen covered—all filled with pure white cotton and all full size. These offerings include the "Maish" comforter of well known excellence and dependability. Prices range from \$4.50 to \$9.50.

Crib Blankets

An adorable array of pretty pink, blue and white crib blankets. Teddy bears and other animals gambol about on some of these blankets. The plain ones come in cotton, wool mixed and all wool and range in price from \$1.85 to \$6.00.

Wool-Mixed Blankets

and wool finished blankets come in such a large variety of pretty plaids. The long yarn employed in weaving these blankets assures them of the utmost serviceability. Some have the edges neatly braid bound. All full size. Prices are \$8.00, \$9.00, \$10.50 and \$12.50.

Cotton Blankets

Pretty pink and blue borders make these cotton blankets very attractive. They are especially fine to have when the nights of late summer develop sudden chillness. Weigh over 3 pounds. Colors, gray, tan and white. Full size at \$5. The three-quarter size in gray only are \$4.

Wool Blankets

The coldest sort of a winter night will mean no discomfort to those whose Bed Coverings include a pair of these soft, cozy all wool blankets. You may have your choice of a variety of beautiful plaid patterns at \$16.50, \$17.50, \$22.50, \$25.00 and \$30.00.

CALL PHONE 53 for DRY GOODS

GROCERY DEPT. PHONES 53 OR 54

LOUISVILLE Courier

Mr. and Mrs. Frank Wheeler and grandson, Charley Grassman, left on Monday for Norfolk, Neb., for a week's visit with Mr. Wheeler's brother who lives in the country near Norfolk.

Raymond Larson, of Plattsmouth, brother of Cashier Ralph Larson of the Bank of Commerce, has resigned his position as cashier of the bank at Odell and has returned to Plattsmouth to take up a position at the local postoffice, which he filled at a former time. Mr. Larson is a splendid young man and Plattsmouth is to be congratulated upon having him again in their business circles.

August Pautsch and sister, Mrs. Mary Schleifert have received word from their brother, Herman Pautsch of Burness, Wis., that he is improving in health since his serious automobile accident when his car was struck by a train at a crossing, and he received several broken bones and other injuries. He has been in a hospital and for a time his life was despaired of, but he is now considered on the road to recovery and by this time is no doubt at his home as they wrote that they expected to move him last week. The accident occurred about a month ago.

Councilman William Stohlman and wife entertained their children at a family dinner last Sunday. Those present were Mr. and Mrs. Fred Brunkow and family, Mr. and Mrs. Henry Gabel and family and Mr. and Mrs. Walter Stohlman and little son, Wallace Dale, and a friend of Mrs. Stohlman's from Murdock. Mr. and Mrs. Brunkow had just returned from a two weeks' visit with relatives in South Dakota and a few hours after their return, their little seventeen months' old daughter fell off the bed and broke her arm between the elbow and wrist. She is making good progress and the trip over to her grandparents last Sunday did not cause her any suffering or trouble.

John Schoeman, who returned on last Friday from a trip to Perkins county, is enthusiastic over crop conditions in that part of the state. He has a farm thirteen miles from Ogallala and his mission at this time was to look after the threshing of his wheat crop. John had seventy acres of wheat in it and averaged 29 bushels to the acre. He said that it was a great sight to see the hundreds of wagon and truck loads of wheat being hauled to market. On

last Wednesday he said one elevator at Ogallala received and shipped out five car loads of wheat and then filled the elevator because no more cars were available that day. At the little town of Grant with a population of three or four hundred they are building an opera house to cost \$100,000. Land sells for from \$60 to \$100 per acre.

WEEPING WATER Republican

Mr. and Mrs. N. C. Halmes left Sunday evening for Denver, Colorado. They have sold their home here and are looking for a location.

Mrs. L. D. Switzer returned this week from her summer's visit with her children in points in Nebraska, Colorado and Wyoming.

Mr. and Mrs. B. F. Ruby left Tuesday morning for Colorado. They will visit friends at Pueblo, Denver and with Mrs. Ruby's son, L. W. Ingwerson and family at Hooper, Colo. They may be gone a couple of weeks or more.

Lloyd Philpot who has spent the last three months in California returned home Saturday night. Lloyd was not very much carried away with California, said he got tired of it. The fact that Lloyd came home without a wife disproved a lot of gossip that had been circulating here.

L. W. Sutton and L. P. Wolcott returned Sunday evening from a trip to Garden City, Kansas, where they went to show land. They were accompanied by August Hansen, Henry Wolf, son William and DeForest Philpot. We understand 320 acres of land was purchased by the party.

R. B. Jameson received word Sunday morning from his daughter, Miss Rene at Rochester, Minn., which stated that her mother had undergone the operation for the removal of the goiter and was getting along nicely although the operation was a very severe one. This will be good news to the family and Mrs. Jameson's many friends.

The Hall & Philips aeroplane that has been stored at the Buick garage during the winter was taken out Monday and assembled for a flight to Greenwood Thursday to attend the three days picnic and carnival. The machine has been thoroughly overhauled and will be back from Green-

wood to give an all day passenger service at Weeping Water on the big picnic day, September 1st.

Rev. N. W. Rich arrived here Tuesday morning from an extended trip east. He and Mrs. Rich who had been visiting here left Wednesday morning for Bloomington, Neb., where they will hold a week of meetings. From there they go to Atlanta, Neb., and on home to LaJunta, Colo., which will finish a 7,000 mile trip for Mr. Rich. Later Mr. Rich will go to Kitchner, Ontario, Canada, to attend the World Conference of the Mennonite church which includes the United States and Canada.

EAGLE Beacon

Chas. Renner is able to be out again, after a serious spell of sickness and a couple of operations.

Mr. and Mrs. Gus Selkman and Mr. and Mrs. Jacob Frohlich returned to Eagle Tuesday, after their brief sojourn to Denver. Mrs. Selkman's health was not such as to make the trip an enjoyable outing.

H. K. Prantz and family returned Wednesday morning from a ten days outing in the mountains of Colorado. They visited Estes Park, Colorado Springs, Pike's Peak and other places and thoroughly enjoyed themselves.

Rev. Trowbridge left Monday morning for Hastings, where he will visit for a few days before going to Boston, Mass., where he expects to attend college this year. He also expects to secure a student pastorate there to aid him through the school.

Ed Betts gets himself scattered around the worst of any man we have heard of lately. Last spring when the primary was advertised he was said to be in Alvo. Now it is reported that his name is on an R. F. D. box a few miles south of Kearney, but he still holds his residence here in Eagle.

Some miscreant went after Bill Bloemenkamp's hen roost the first of the week. Bill heard the racket in time to get out just as an auto started up from the O street end of the alley. He could not say how many chickens were taken until his wife returned. Will Hudson also reports a new inner tube stolen from Will Muenchler's barn, where he keeps his auto. As these pilferings and other devilry are almost a nightly occurrence it has been suggested that a "Vigilance" committee be organized to deal with the situation as was done in the days when horse-stealing became a pass-time.

ELMWOOD Leader-Echo

Grandpa Woodruff of Stanton, Nebraska, is visiting at the home of his daughter, Mrs. C. G. Bailey here this week.

Francis Parish is spending his vacation with his aunts at Murray and Plattsmouth, Mrs. Glen Vallery and Mrs. Jim Hill.

A. J. Leonard and family of Nehawka arrived the first of the week and are occupying the Grandma Beck house in the east part of town. He has already started his black smith shop.

A. J. Box who lost one of his fingers some time ago and has had a very sore hand as a consequence is getting along nicely and while he has had to carry the hand in a sling he will be able to use the hand again in a short time.

Chas. Peck has just completed the frame work for a large barn on the Geo. Oehlerking farm west of town. This barn is 28x52 feet with large shed additions on two sides. Charles has put up a lot of barns in this end of the county and has the reputation of the best builder in this line in the county. The barn that he is building for Mr. Oehlerking is going to be a fine one and shows that the farmers in this section are up to "snuff" when it comes to building good buildings.

Dr. G. G. Douglas is something of a gardener and uses his hoe a good deal but during the course of the summer he took pity on a rather likely Kansas sunflower and let it grow. It was soon as high as the barn and had a rich profusion of the famous yellow blossoms. He has been thinking of grafting it with the pumpkin in an effort to produce a specimen that will grow pumpkins on a tree. Aside from this the doctor is a lover of flowers and has a fine box of cannas which offsets the Kansas sunflower.

Chamberlain's Colic and Diarrhoea Remedy

This is unquestionably one of the most successful medicines in use for bowel complaints. A few doses of it will cure an ordinary attack of diarrhoea. It has been used in nine epidemics of dysentery with perfect success. It can always be depended upon to give prompt relief in cases of colic and cholera morbus. When reduced with water and sweetened it is pleasant to take. Every family should keep this remedy at hand.

FORT WORTH IS GETTING BIG

Washington, Aug. 26.—Fort Worth, Texas, with a population announced tonight as 106,482, has joined the list of cities having a population of 100,000 or more. Since 1910, Fort Worth has increased 33,170 or 45.2 per cent. The Texas city is the eighteenth to come into the hundred thousand class since the last census and increases

the total number of cities in that class to sixty-eight. Crane county, Texas, supplants its neighbor, Cochrane county, as the least populous county in United States, so far as the 1920 census has yet shown. Figures announced tonight give Crane county thirty-seven inhabitants, or thirty less than Cochrane.

Wanted: Two (2) first class automobile mechanics. Good wages, permanent employment. T. H. POLLOCK AUTO CO. 41-d 21-w.

Mrs. Peter Herold and children were among those going to Omaha on the early morning Burlington train to spend the day with friends and look after some matters of business.

Ford THE UNIVERSAL CAR

The Ford Sedan is the favorite family car, seats five comfortably. While an enclosed car with permanent top, it has large windows, and may in a minute be changed to a most delightful open car with always a top protecting against the sun. In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and demountable rims with 3 1/2-inch tires all around. A real family car. Anybody can safely drive it. It has all the conveniences of an electric car with the economy which goes with Ford cars, low cost of purchase price, small cost of operation and maintenance. Won't you come in and look at it?
