# GEDAR RAPIDS MAN GIVES OUT FACTS

**Says Tanlac Has Wonderfully Benefitted Both Himself and His Wife.**

"Tanlac has not only completely restored my health, but I have gained quite ten pounds in weight since I started taking it," said Abraham L. Davis, 519 South Tenth street, Cedar Rapids, Iowa, a prominent real estate dealer.

"Five years ago I began suffering from stomach trouble. My appetite became very poor and even when I did manage to eat a little something, I could seldom retain it. Finally I got so bad I had to confine myself to a diet of breakfast food or milk toast; but even this caused me to bloat up so badly with gas I was in misery. It was absolutely impossible for me to eat anything solid, for I always suffered with such intense pain in the stomach and bowels that I could hardly stand them. There was always a bad taste in my mouth and I had such terrible headaches they became almost unbearable. Quite often these headaches came on me suddenly while at my desk, everything became dim and I would have to stop to get what I was doing, so home and go to bed. I began losing weight, my nerves became so badly shattered I could get up with a draggy, tired-out feeling. Then, in addition to my other troubles, I suffered with rheumatism in my knee-joints so bad I could hardly walk and just had to drag my feet.

"Although I have taken only six bottles of Tanlac, I have as good an appetite now as any one could wish, eat just anything I want and never have any bad effects. I sleep like a child and always get up greatly refreshed, feeling like an athlete. The rheumatism has almost entirely gone out of my knees and I can get around as well as ever. I have not had a headache since I began taking Tanlac and just feel good all the time. My wife had also suffered for a long while from stomach trouble, and is improving every day since she began taking Tanlac."

Tanlac is sold in Plattsmouth by F. G. Fricke and Company; in Murray by the Murray Drug company and by the leading druggist in every town.
