Owing to its light weight and efficiency, the upkeep as well as the first cost of this convertible car is less than that of the ordinary heavier touring car—and you have in addition its all-season advantages and its extraordinary riding comfort.

Women especially are enthusiastic over the beautiful interior of the Overland Sedan, its many conveniences and ease of handling.

\$500,000.00

Lincoln Telephone and Telegraph Co. of Lincoln, Nebraska

This stock has paid dividends regularly every three months in January, April, July and October for the past 11 years at the rate of—

7% Per Annum

and is now being offered at its par and regular value of \$100.00 per share in amounts to suit the purchaser, and presents an excellent opportunity for the safe investment of large amounts or small savings, and pays dividends from date of purchase.

It is free from normal Federal Income Tax and all Nebraska taxes, as these are paid by the company.

The stock issues and expenditures of this company are under the control of the Nebraska State Railway Commission, assuring fair rates to the public and protection of stockholders' interests.

The stock may be transferred at any time in whole or part on the books of the company without expense.

Adequate telephone service has become one of the prime and growing necessities of civilization, which fact gives absolute stability to telephone stock, and for a regular quarterly income stock in an established telephone company is the most satisfactory investment available.

This is an old established company with assets of \$9,915,000 and furnishes exchange and long distance telephone service to 64,576 subscribers in 118 cities and towns in 22 counties of the fertile lands and prosperous communities of southeastern Nebraska. Its territory extends from the Missouri river on the east to the west line of Adams and Webster counties on the west, and from the Platte river on the north to the Kansas state line on the south, having an area of 12,500 square miles, with a population of 415,540 people.

Its present revenues amount to over \$200,000 per month. It has 1,570 employes, and its stockholders and owners are the officers and employees of the company, hundreds of its subscribers and patrons, and many investors outside of Nebraska.

The officers and directors of the company are among the most prominent and successful business men of Nebraska, and are the same who are responsible for its continuous growth and prosperity.

7% net per annum, paid quarterly by a check for \$17.50 for each \$1,000.00 of stock you own, sent to your address every three months in January, April, July and October, is a good return on such a safe and conservative investment.

To secure some of this stock, send your check with your order for the number of shares you desire to purchase, and stock will be sent direct to you, or send the name of your bank to which certificate will be sent, and you can pay for it on receipt.
