THIS IOWA MAN HAS GAINED 30 POUNDS

Lost Strength and Energy Have Returned Since He Began Taking Tanlac.

"Since I began taking Tanlac I have not only gained thirty pounds in weight, but am enjoying better general health than I have in years, and I just can't find words to express my gratitude for what it has done for me," said Charles J. Paukert, 804 Oakland avenue, Cedar Rapids, Iowa, weighmaster for the Quaker Oats company.

"I had always been a strong, healthy man up to about three years ago, but at that time I began losing weight and strength until finally I had no energy left and was in a badly run-down condition. Although I tried many different kinds of medicines, until I started taking Tanlac I had never found anything that did me any good. My stomach was in bad condition, I had no appetite and every time I did manage to eat a little something I would fill up with gas until I would be in perfect misery for hours afterwards, and I suffered with heartburn so bad just about all the time that it nearly drove me distracted.

"Finally, on the advice of a friend who had taken Tanlac with fine results, I began taking it. Well, in a short while I had a splendid appetite and could eat just anything I wanted without having a sign of gas, and I have not had the heartburn since taking the first few doses of Tanlac. I continued taking it and continued to improve until now I feel like a different person. I have regained my lost weight and strength and feel just simply fine all the time. I am only too glad to have this statement published, hoping it may be of benefit to someone else who may be suffering as I was."

Tanlac is sold in Plattsmouth by F. G. Fricke and Company; in Murray by the Murray Drug company, and the leading druggist in every town.

Need of High School Here

One of the important problems facing this town at the present time is that of inadequate school facilities. Just now there are nine young people from Manley attending high school at Louisville, for whom tuition is paid by the Manley district in a sum approximating \$1,000 for the year. Besides these students are forced to go back and forth daily or to board in Louisville and be away from home influences and environments in order to gain the common school education privileges they are denied in their home town.

Murdoch and Wabash, as well as Eagle, have looked to this matter in a satisfactory manner, through the medium of the consolidated school district.

In addition to its education advantages to the pupils themselves, a good high school in a town is the means of attracting and holding a class of citizens who would otherwise go elsewhere to reside.

The amount of money spent on tuition for these nine students attending the Louisville schools would pay the salary of one high school teacher. Children of the community are entitled to the privileges of a high school education and should be able to obtain it without having to run around all over the county in search of it.

Two Cattle Killed While driving past the home of Fred Bauer, west of town last Saturday, September 11th, two of the Earhart boys accidentally struck a couple of cattle belonging to Mr. Bauer, injuring them so badly that it was deemed expedient to kill them.

The automobile insurance company, which carries risks of this sort, finding they were liable for the loss of the cattle and repairs to the car, immediately ordered the loss made good and the repairs made.

Driving along a highway where cattle are running loose is a difficult matter and often results in accidents even more serious than this one. The matter of carrying insurance on both one's own car, and immunity against damage done the property of another in collisions, etc., is a very good policy, as in this manner losses are adjusted satisfactorily to both parties and without delay.

Lloyd left Wednesday so as to be on the ground when the car arrived. It is expected that in a few years we will be telling of Lloyd as among the big wheat growers of the Sunflower state.

ENJOYED OPEN-AIR SUPPER LAST NIGHT

Members of the Kez-he-kone Camp of the Campfire Girls Take a Hike to B. F. Wiles Home

Mrs. Harry Smith, the guardian of the campfire girls of Camp Kez-he-kone, went to the home of B. F. Wiles last evening south of the city, where they had their supper out of doors and gave three hundred donations in fire building and raising a steak over the bonfire. Mrs. Smith by her instruction, which she gave to the candidates, enabled them to cook the steak to a turn and as their appetites were sharp, they surely enjoyed the supper. Mrs. B. F. Wiles came to the rescue with a delightful supper of warm fried chicken, rolls and coffee cake, which delighted the crowd. The Rev. McClosky and wife also appeared and added to the pleasure of the evening. On their return to town they were treated to a theater party by their guardian Mrs. Smith.

The camp had for their guest at the supper, Miss Adeline Stevens, one of the teachers of the high school.

Buying Grain and Stock!

Farming only pays when the man who manages the farm receives at least one half of the net income from the farm.

Grain and stock should be bought by individual buyers who take an interest in keeping posted on the market.

Co-operative associations will never be a success until they sell at least one-half their stock to their managers.

Bring your Grain and Stock to us. Thirty-six years' experience on "market conditions" and "grading up" grain. Free to our customers.
