

**Yes you can have such a phonograph**

LET us show you the Certificate of Authenticity Messrs. Collins and Harlan have signed. This is the outstanding fact which comes to you out of the memorable tone-test recital given last Monday evening at the Parmele Theatre: A new era of music is here. Mr. Edison has lifted the phonograph to the dignity of a new art.

You can no longer be satisfied with a phonograph that imitates. Now you want a phonograph that equals the human voice.

You know there is such a phonograph. Mr. Edison made an astonishing test with the Official Laboratory Model of the New Edison to prove it. Plattsmouth heard the New Edison Re-Create the voices of Messrs. Collins and Harlan in direct comparison with their living voices. So realistic was the New Edison's performance that no one in the entire audience could distinguish it from the living voices of Messrs. Collins and Harlan.

"The Phonograph with a Soul"

You yourself can have such a phonograph. Let us show you exact duplicates of the Official Laboratory Model, which triumphed in the tone-test. Let us show you the Certificate of Authenticity, which Messrs. Collins and Harlan have signed, after inspecting these instruments, and in which they declare that these instruments are the equals in every respect of the instrument used in the tone-test.

### MAKES PURCHASE OF MONUMENT

From Saturday's Daily.

Mrs. Jesse L. Root and daughter Alice, of Omaha, were in the city last evening and visited the cemetery where they looked after the last resting place of the parents of Mrs. Root, Mr. and Mrs. J. N. Wise, and while here gave an order for some work to Mr. Harry Smith the monument man. Their reason for patronizing the Plattsmouth man was the excellent quality of work that he puts out. Mrs. Root and her daughter missed the train and Mr. Smith took them to Omaha in his car, which was the first time they had ever made the trip other than by rail in all the years they have lived in Omaha, Mrs. and Mr. Smith remained for supper at the Root home and speak highly of their hospitality and friendliness.

Elmer Webb was a passenger to Omaha this afternoon, where he goes to meet Mrs. Webb, who is returning from a visit at Creighton, Nebraska, and will also attend the class initiation being put on at the Omaha lodge of Elks tonight.

C. P. Richards departed this morning via Pacific Junction and Council Bluffs, for Omaha, where he will attend the auto races to be held there this afternoon.

E. B. Perry who has been staying at the home of his daughter, Mrs. Albert Funke, near Memphis, where he has been assisting on the farm, returned home this morning.

One of the long dry spells of the year remains unbroken today, although a good shower to settle the dust would be welcomed. In the past more than two weeks scarcely a sprinkle of rain has fallen.

W. A. Cleghorn, one of the members of the office force in the Bank of Commerce, at Louisville, was looking after some business matters in Plattsmouth today, coming down on the Schuyler this morning.

Mr. and Mrs. Charles McGuire, who have been at Osmond for the past week, called there by the death of the father of Mr. Becker, their son-in-law, and remaining for the week, returned home last evening.

## BOTH PARTIES FILL VACANCIES ON TICKETS

COMMITTEES MEET IN THIS CITY TODAY TO NAME CANDIDATES FOR OFFICE

### HAVE MAN FOR EVERY OFFICE

With the Exception of County Assessor, which Republicans Have Left Vacant.

From Saturday's Daily. The republican county central committee met this morning in the equity court room at the court house and after the preliminaries had been disposed of, got down to business and filled the vacancies which existed because of the resignation of A. A. Wetenkamp, who had been regularly nominated as a candidate for commissioner from the first district, and by reason of no qualified nominee being named through the medium of the primary for the position of county assessor.

To fill the vacancy on the ticket caused by the resignation of Mr. Wetenkamp, George L. Farley present incumbent in the assessor's position, was selected and will accordingly be voted upon as a candidate for that office at the November election. No action was taken, however, relative to naming a candidate for county assessor, which position can not be held successive terms by any one.

Wm. Atchison who was appointed recently to serve as commissioner from the third district until the holding of the fall election, was also named as a candidate to fill out the unexpired term, ending a year from next January 1st.

This completes the republican county ticket with the exception of the county assessorship for which it is doubtful if anyone will be nominated.

### The Democratic Meetings.

The county central committee of the democratic party met at the office of J. P. Falter this afternoon and after having looking after the minutes of little things the matter of filling the vacancies which had been on the ticket.

In the matter of county assessor the name of Will Rummel was placed on the ticket and it seems that a better selection could not have been made. For the vacancies in the precinct assessors in the city, were filled by the placing on the ticket the names of J. W. Tritsch and G. G. Meisinger.

The following is a list of the committee of the county: Frank Lanning, Mary E. Lanning, Eagle; F. E. Cook, Mauguerte Foreman, Alvo; J. A. ### VISIT WITH BROTHER HERE

From Saturday's Daily. A. B. Crabtree of Maywood and J. C. Crabtree of west of Avoca, were in Plattsmouth this morning, with their brother, Lewis Crabtree, of Mynard, at whose home they are visiting, and the trio enjoyed meeting with numerous friends of the past.

The brothers have just returned from Success, Mo., where they were guests of their sister, Mrs. John Kiser, and husband. They were in the show-me state for some time, and say the crops and fruit there is excellent, but they were not impressed with the land on account of its roughness and the prevalence of rocks in large numbers.

They report Mr. Kiser prospering and well satisfied with his location. He lives many miles from a railroad however, and admits that, other things being equal, he would prefer closer contact with the world.

After a short visit here, J. C. will accompany his brother, A. B. to the latter's home at Maywood for a visit.

## OGLESBY SWINGS BACK INTO LEAD

Lowden Ticket Picks Up in Later Returns From Illinois Primary and Leads Over Len Small

Chicago, Sept. 17.—Lieutenant Governor J. C. Oglesby, candidate for the republican nomination for governor on the ticket supported by Governor Frank O. Lowden, today took the lead over Len Small, Mayor Thompson's candidate and tonight had an advantage of more than 1,000 votes, with 376 precincts still to be heard from of which 268 were in Chicago.

Congressman William B. McKinley, also supported by Governor Lowden, continued to gain over Congressman Frank B. Smith of the Thompson ticket in the race of the United States senatorial nomination. McKinley had increased his lead to 14,574 tonight, with 407 precincts missing.

The result must remain in doubt, however, until next week, when the official count is made, because ballot boxes from 259 precincts in Chicago were sealed before the count was given to the newspapers.

Part of Oglesby's gain was through discovery of an error of more than 6,000 in Small's Chicago vote.

Returns from 5,396 precincts out of 5,737 in Illinois, tonight showed the following vote: For the republican gubernatorial nomination: Oglesby 351,897; Small 349,034.

In the republican senatorial contest the vote from 5,289 precincts was McKinley 347,485; Smith 321,353.

Chicago, Sept. 17.—Returns from 5,732 out of the 5,737 voting precincts for republican candidate for governor placed Oglesby in the lead by 1,146. The vote: Oglesby 349,795; Small 348,649.

### WILL BLOOM TONIGHT

From Saturday's Daily. Mrs. Dorothy Golding, who has been a citizen of Plattsmouth for fifty-three years last Monday and a well-to-do lady, has at her home a rare plant, a night blooming cactus, which is opening this afternoon slightly and will bloom in its magnificence this evening. When opened out, it measures over seven inches diameter and emits a very pleasant odor which fills the house. Mrs. Golding, who by a fall some years ago, injured herself so that she cannot get out well, but takes great pleasure in the cultivation of flowers and this bloom, which is coming to perfection of one very rarely seen.

### AGE CLAIM IS DENIED

From Saturday's Daily. The Republican reprinted an article last week from the Elmwood Leader-Echo which we thought was a very nice compliment to our townsman, R. D. McNurlin, on his spryness. A man 89 years of age, displayed while moving a building in that city. Now Mr. McNurlin is one of "the boys" and would much rather be called 60 years of age than 80. That's right, Dick, we know you are spryer now than some of the 60 fellows. But you are about half baldheaded. If you will wear a wig we will swear you are only 60.—Weeping Water Republican.

### ARE VISITING OLD TIME FRIENDS

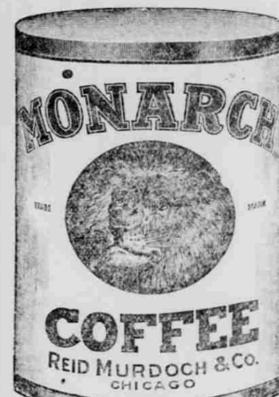

From Saturday's Daily. Last Friday evening George Craig and wife arrived in this city from their home at Valley Junction, Ia., where Mr. Craig is employed with the Rock Island railway. ## A NEBRASKA CITY MAN GETS INTO TROUBLE

TRIES A DRINK OF NEW PATENT MEDICINE AND RUNS HIS FORD CAR IN DITCH

### DRAWN HUNDRED DOLLAR FINE

Arrested by Officer Alvin Jones, and When Found in His Car He Was Unconscious and Bleeding

From Saturday's Daily.

Last night a number of the employees of the O. K. garage found a car in the ditch near K. S. hall and upon investigating found a man in the car, bleeding very profusely, and unconscious. They got him out of the car and by patient working finally got him to walk around and regained sufficient consciousness, that he was able to give an account of himself. He was arrested by officer Jones this morning arraigned before his honor Judge M. Archer and upon the hearing, gave testimony in his own behalf, saying in substance that he had purchased a bottle of patent medicine and which is known as "bracia" and manufactured by the Bracia Drug company of Kansas City, and which was in a black bottle, on the label of which was printed, "not over 25 per cent alcohol." This he had drunk some of and drove to Omaha, and from there had started back to his home at Nebraska City but ran into the ditch near the K. S. hall, the impact of the stopping of his Ford so suddenly had dazed his nose against the steering wheel and caused that organ to bleed profusely.

He was assessed one hundred dollars and costs which amounted to five dollars for which he gave a check on a bank at Nebraska City for

the payment of the obligation and he was discharged. It would look like this "bug juice" was of the "go and get 'em" kind, for it sure brought the answer in his case.

### BACK FROM THE WEST

From Saturday's Daily.

John Lloyd, who has been in the west for the past few days, where he has some land on which he raised a crop of wheat this year, returned home today and reports having completed his threshing and that his wheat went about 25 bushels to the acre, making him an excellent return on his investment. We congratulate Mr. Lloyd on his success and trust he may continue to prosper in the years to come.

### RETURNED FROM HOSPITAL

From Saturday's Daily.

Mrs. Edward Tritsch and father, P. H. Meisinger, were passengers to Omaha this morning where they went to see Mr. Tritsch, who is convalescing at the hospital, and to assist him in getting home. Mr. Tritsch has been at the hospital for some time and has had a very severe time and it is hoped with his return home that he may soon be in his accustomed health again.

### A Grateful Letter

It is in trying conditions like that related below by Mrs. George T. North of Naples, N. Y., that proves the worth of Chamberlain's Colic and Diarrhoea Remedy. "Two years ago last summer," she says, "our little boy had dysentery. At that time we were living in the country eight miles from a doctor. Our son was taken ill suddenly and was about the sickest child I ever saw. He was in terrible pain all the time and passed from one convulsion into another. I sent my husband for a doctor and after he was gone thought of a bottle of Chamberlain's Colic and Diarrhoea Remedy in the cupboard. I gave him some of it and he began to improve at once. By the time the doctor arrived he was out of danger."

Bruce Wolfe and Robert Eaton, two of the star players on the Union ball team, came up this morning to accompany the Red Sox to Ralston

this afternoon, where they will cross bats with the Ralston team for the third time this season. Plattsmouth won both former games. Messrs. Wolfe and Eaton will also be in the Sox lineup tomorrow on the home grounds, when Thurman will cross bats with the local team.

THE UNIVERSAL CAR

During all the years the Ford Model T One Ton Truck has been on the market, we have never had one complaint of rear axle trouble. We have had no complaints of motor trouble. As the motor and the rear axle are the vital fundamentals in a motor truck, we have the right to conclude that the Ford One Ton Truck has not only met the demands of business, but has done so in a satisfactory and economic way. There is no other evidence so convincing as that which comes from long practical experience. Ford One Ton Trucks are serving along all industrial and commercial lines. You will find them everywhere. If these statements were not facts, the demand for the Ford One Ton Truck would not be as large as it is, because people are not buying trucks which do not give service. Coupled with the dependability of the Ford One Ton Truck in all classes of usage, comes the economy in operation and maintenance. On the farm, in factory delivery, for the merchant, manufacturer, and contractor, in these days of modern business methods, this worm-driven One Ton Ford Truck has become an actual necessity. Come in and talk it over.
