That "Saving" Habit

Saving is a matter of habit. And the habit grows, just like the savings.

To acquire the habit when young with small sums is to practice the habit when older with larger sums.

So encourage the little fellows to start a savings account with us at once, and watch the habit grow.

Perpetrate Surprise on Birthday

The friends of Fred Hild organized for the purpose of surprising him on his birthday which occurred last Saturday and with the preparations for one of the best parties they appeared at his home as the shades of evening were falling and turned his quiet home into a scene of merriment, such as was very unexpected to Mr. Hild. There were good things to eat, carefully tucked away in the bodies of the touring cars which made, when the time arrived, a spread fit for a king. A most sociable time was had and on the departure of the guests they all wished Mr. Fred Hild a prosperous journey through life, and many more such friendship demonstrations. To Phillip Hild also was extending the same manifestations of friendship. Those to assist in making this most pleasant time were: Messrs and Mesdames and their families, Phillip Hild, Amos Wright, L. H. Puls, A. Gansmer, Henry Wolf, Will Wolf, of near Avoca; George Hansen, Herman Wolforth, Mike Hild, Fred Seliz, George Hill, Leslie Smith and John Parkening and wife, Grandma Mrs. Adam Hild, and Albert Schaeffer and family and Mrs. E. L. Jahrig of Plattsmouth.

Makes Purchase of Essex Car

Last Monday L. H. Puls of the Murray garage and Mr. Glen Perry, living north of Murray, went to Omaha where they selected a new Essex car for Mr. Perry. The one selected was one of particular beauty and a car which will make one of the most serviceable that can be bought. Mr. Puls is making a specialty of these cars and meeting with a good demand for them, as well might be expected from the excellence of the cars, also he is able to make very prompt deliveries which is an added feature in the handling of a car. Mr. Perry exercised good judgment in the selection of the Essex as it is a car which has demonstrated its exceptional qualities in the performance which it has made at all competitive contests as well as the service it is giving thousands of owners.

Ear of Corn 13 Inches Long

W. C. Gilmore came in with an ear of corn which was grown on the place of Mrs. J. A. Walker which measured 13 inches in length and is perfectly filled. With ears of this size it would not be difficult to get an extra large yield. Any way Mr. Gilmore knows just how to raise corn and he has the right farm on which to grow good corn. Now let the next man come along with something better if he can produce it.

Delighted With Arrival

Dr. J. F. Brendel has to report the arrival at the home of Mr. and Mrs. Grover Hopkins of a son and heir, who was greeted with the most delighted reception and if there is a happy home in Cass county it is the one where Grover Hopkins and wife live. They have awaited the arrival of this young American and his family, and were delighted when he came bringing a happy smile and good cheer for the household. Mr. Hopkins was still wearing a smile and promises that it will not wear off. We are hoping that the young man may add comfort and solace to the parents as the years roll by.

Will Visit Northwest

Lee Nickels and Misses Etta and Bertha Nickels departed last Wednesday in their auto for the northwest where they will visit for about ten days and will include in their trip, a stop at the home of J. MANUFACTURER'S WAY OF TRYING "TO BRING BUSINESS DOWN TO NORMAL."

AUTOS DROP 31 PER CENT

Although Wages of Ford Employees Will Not be Reduced—Opportunity to Buy Now.

Detroit, Mich., Sept. 21.—Re-establishment of pre-war prices on all products of the Ford Motor company, effective immediately, was announced today by Henry Ford.

The price reductions range from approximately 14 per cent on motor trucks to 31 per cent on small automobiles.

In announcing the decision of the company, Mr. Ford, in a formal statement said:

"Now is a time to call a halt on war methods, war prices, war profiteering and war greed. It may be necessary for everybody to stand a little sacrifice, but it will be most profitable after all, because the sooner we get business of the country back to a pre-war condition, progress, prosperity and contentment will occupy the attention of the people.

"For the best interests of all, it is time that a real practical effort was made to bring the business of the country and the life of the country down to normal. Inflated prices always retard progress."

The announcement said the price reductions were made despite unfilled orders for 146,065 vehicles.

There will be no reduction in wages at any of the Ford plants, it was announced.

In line with the above announcement, the F. H. Pollock Auto company of this city, authorized distributors of Ford cars and accessories for Cass county has a half page ad elsewhere in this issue announcing the new schedule of prices, delivered, for each of the different models.

This Sure Was Some Game

The young men of ball playing inclinations, residing east of Murray, have organized two teams, one known as the Rock Bluffs team and the other as the Kenosha team. They arranged last Sunday to play on the grounds owned by Captain Harrison Gayer, and while Earl Hutchison looked after the management of the Rock Bluffers, Fred Neal did the same for the team from Kenosha.

The game was an exciting one from start to finish and no one could say that he had spent his time in vain watching the boys roll up the runs, as they were very unsuccessful during the first eight innings. An then, when it looked like the game might have to be prolonged into the night in order to determine the winners, the Kenoshaites came to bat and made a dash for victory, being successful in getting some twenty-one runs, and felt rather safe as pennant winners. But the Rock Bluffers would listen to no such noise, and in their inning piled up some twenty-two runs before they could be headed off.

The contesting teams will try it again next summer.

J. R. C. Gregory Home Again

It will be remembered that J. R. C. Gregory was injured by a horse kicking him and that he had submitted to an operation for relief from the effects of the injury, but a relapse occurred and he was compelled to go to a hospital at Omaha later where five separate incisions had to be made in his leg to remove the clotted blood and restore the limb to its normal condition. He is getting along very nicely now, having returned home last Sunday evening.
