

'INDEPENDENT WIFE' TELLS HOW TO DO IT

Discusses Recent Letter in Journal by "A Neglected Wife" and Gives a Line on Naughty Men

The Journal has received a number of communications from parties who have given their opinions as to the question raised in a recent communication in this paper from "a neglected wife" and in which the question of whether or not the neglect of the husbands was the cause of so many of the wives going wrong.

As we are not capable of whether or not this is the cause, having no neglected wives hanging around or having assisted any in going wrong, we leave it to the readers to make the decision and several interesting letters on this subject have been received.

"In reply to the query as to "why do so many married women go wrong," will say that if there is an answer to this there are a dozen and a half.

A husband is sometimes neglectful because he has some other man's wife to think about, and he doesn't care for his own wife.

He may be too much of a business man to be home much, and on the other hand he may be out dining with some one else.

Act as if you do not care to go with him, perhaps he may change his ways.

Do not think too badly of your husband. He may care for you more than you think.

Do all you can for your husband to make him happy and keep the home clean.

Perhaps you are too good to your husband and allow him too many privileges.

Yes, indeed, I am one who says that a wife has as much to say about the business dealings of the family as a man. I believe in nothing but a fifty-fifty proposition as to the home. But I do not believe in the woman wearing the overalls. That means I do not believe in the woman being boss.

Most certainly a woman should know her husband's business affairs of she is helping make the living, and I call it helping if she is the wife.

Some men have no thought as to their wife's pleasure, thinking only of their own and I say this without any desire of being called a man hater.

These are part of the reasons that leads to the wives going wrong if they do according to my view of the conditions.

My advice to the wife is to continue to be a good wife and raise the family right and there will be nothing to regret. Be good to the husband and give him no reason for faithlessness. If he continues to be neglectful get up courage and tell him to go one way and you go the other. Don't worry about him."

INTEREST IN BOXING IS GROWING

Fast Four Round Go Tonight at the Legion's Smoker and Luncheon at Coates Hall.

An error in yesterday's Journal relative to the contestants in the four-round boxing match at the Legion's reunion for ex-service men at Coates hall tonight is corrected by the substitution of "Battling" Dooler, a young corner in the squared circle, who will do battle with the local padded mitt artist, Smetana. This alone will be well worth attending the meeting to witness. In addition turning exhibitions, several short speeches, music by the Eagles orchestra, a brief business session, smokes and buffet luncheon are on the bill. All ex-service men, whether members of the Legion or not, are invited and urged to be present.

It is rumored that John Lyons is ready to challenge the winner of tonight's go to a similar encounter at an early date.

Raymond Larson and John Wichman, Jr., are joint chairmen of the entertainment committee and the success of tonight's program will be largely due to their untiring efforts.

WIDENING OUT ROAD WAY TO THE FERRY

W. J. Partridge and County Road Commissioners Are Blasting Portion of Hill Along Road

In the movement to widen out and improve the road that serves to link this city and the neighboring state of Iowa, the county is now engaged in doing considerable blasting near Rocky Point. For a number of years this road has been handicapped by the fact that there are several very dangerous curves along the bluff side, where there is an impossibility of two cars making a passing and where the road is confined between the bluff and the river side. The county commissioner, Mr. J. A. Pitz, has yielded to the request of the parties interested in making the road better and has had W. J. Partridge, an expert handler of explosives, come up from his home at Weeping Water to take on the job of blasting away the hill. The workmen made two shots on Thursday and one yesterday afternoon with the result that some 240 feet has been brought off the hill and there will be more removed today to make the road wide enough for all practical purposes. The amount of dirt estimated to be necessary to remove is 380 feet. John Richardson, the ferryman, who has had charge of the work of securing funds for the removal of the dirt blown up by the county, has received the greatest of support from the business men of the city as well as a large number of the auto owners.
