

# The Golden Throated Claxtonola!

## The New Day Phonograph!

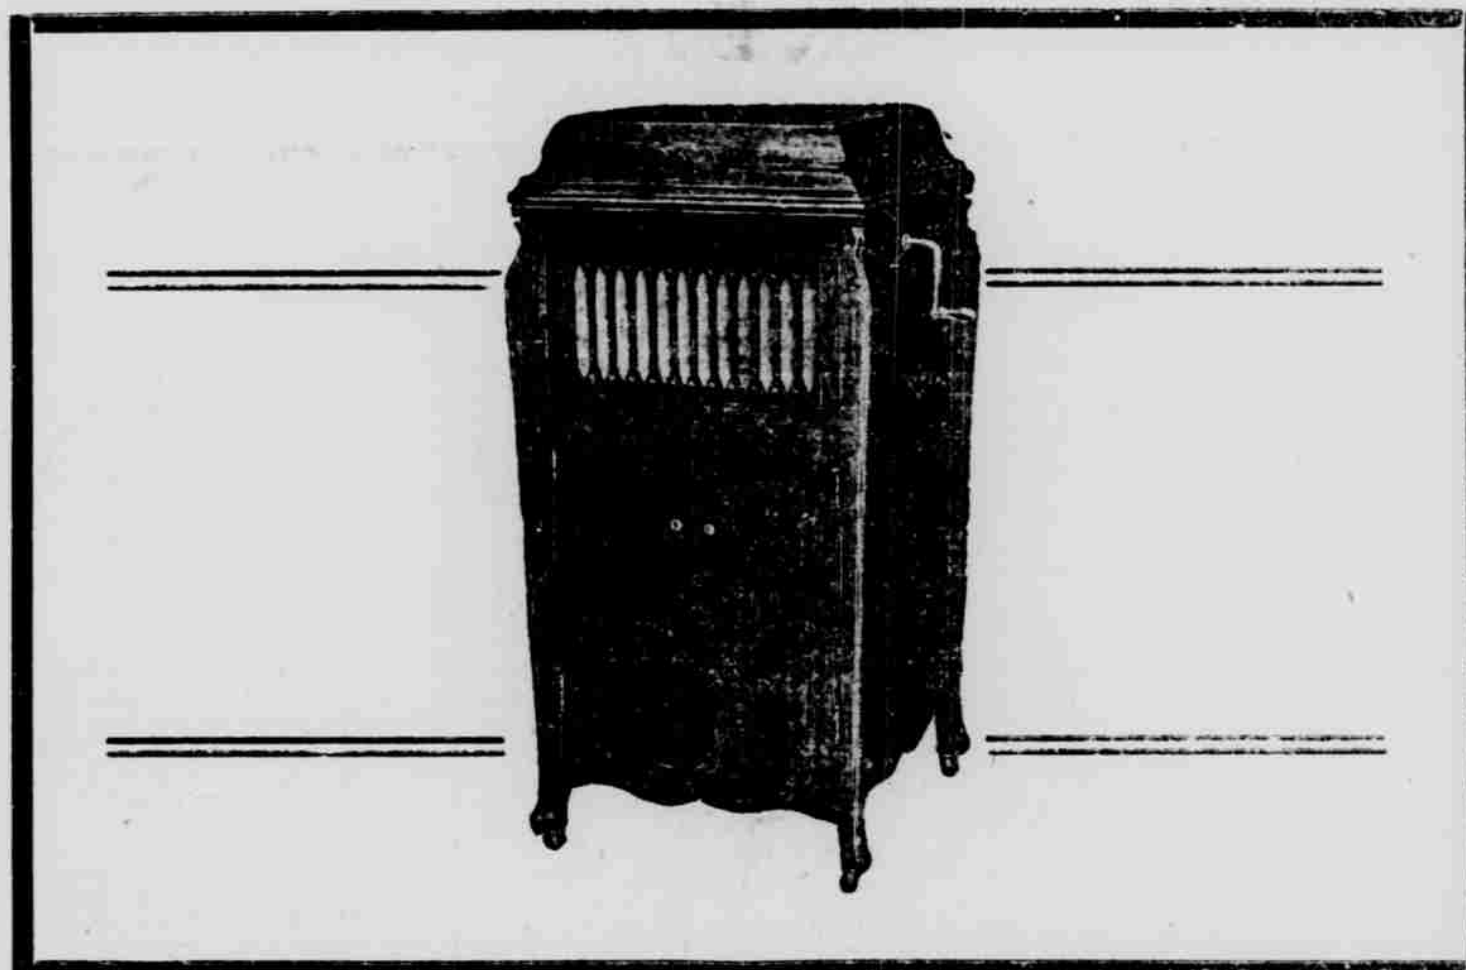

### Golden Throated!

The CLAXTONOLA is a wonder among talking machines and is surpassed by none.

The mellow, smooth, liquid tones which are so characteristic of this "New Day Phonograph" are what makes it so pronouncedly different and are responsible for the term "Golden Throated."

To hear this wonderful machine play is but to open your eyes in wonderment at the superior, full, sweet, smooth, even volume of the actual melody reproduced so faithfully by the CLAXTONOLA.

The CLAXTONOLA is your kind of a machine. Hear it once and be convinced.

### Re-Creation!

Talk about your "Re-Creation." Wait until you have heard the "Golden Throated" Claxtonola and then decide for yourself.

First, you will observe the absence of scratching noises of any kind. The "Golden Throated" Claxtonola possesses all the GOOD features of all talking machines, minus any of the objectional qualities that appear in some.

Especially is this true regarding the scratching noises which mar perfect reproduction in many otherwise good machines but which are not even discernible in the "Golden Throated" Claxtonola.

## The "Golden Throated" *Claxtonola* The New Day Phonograph

is sold throughout the length and breadth of the land. It plays perfect music, reproducing accurately the tonal qualities of ANY DISC RECORD, and in many cases with greater success than the instrument for which the record was especially manufactured.

Any dealer will be pleased to arrange a demonstration, placing the "Golden Throated" Claxtonola in your own home, where you may enjoy its use for a limited length of time without any obligation whatsoever on your part. This generous offer is made that you may have opportunity of judging for yourself the really wonderful melody of this "New Day Phonograph." When you think of the best in phonographs, if you are one who has compared the different makes, you are bound to think of CLAXTONOLA, because of the supreme, smooth melody and perfection of its reproductive qualities. If you have not made this comparison, it is to your interest to do so, especially if you contemplate the purchase of a machine for your home.

Step into the business house of any dealer and hear the sweetest of music, accurately reproduced as sung or played by the living artist, or better still have one taken to your home that the family may hear and there decide as to the excellence of the execution in all its details.

The "Golden Throated" CLAXTONOLA is handled in Cass county by the following reputable business men, any one of whom will be pleased to explain its workings and give you an actual demonstration of its wondrous performance.
