

MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

The Bank of Murdock

The wise man, and the successful man, invariably is very careful in the selection of his bank and his doctor. He knows that his life may depend on the judgment and ability of his doctor. He fully realizes that the life and success of his business, be it professional, merchandising or farming, may depend on his banker.

There is no question but that we shall pass through an adjustment period, bordering on a panic, within the next few years, present conditions foreshow this, and the man who has not already tied up with an established, reliable bank—a bank whose officers have successfully withstood times of stress, may shortly regret his lack of judgment. Select a bank that is able to take care of you in times of plenty, as well as in times of famine, and you can then rest easy. Remember the solid, dependable things of life are not based on promises, but on deeds. Our past record is what counts.

We have the above necessary qualities to offer our customers, besides personal services whenever our opinion is desired on business or personal matters of our friends.

All deposits in this bank is guaranteed by the depositors guaranty fund of the State of Nebraska.

The Bank of Murdock

"The Bank where You Feel at Home"

HENRY A. TOOL, President
H. A. GUTHMANN, Cashier

J. E. GUTHMANN, Vice-Pres.

John Amgwert was a visitor in Lincoln last Monday driving over in his car to look after some business matters.

Lacey McDonald and Charles Long were in attendance at the foot ball game last Saturday, driving over in their auto.

Misses Rose and Anna Schell were visitors at the home of their parents north of town over Sunday, enjoying the visit greatly.

John Miller has accepted a position as a harvester of corn for Wm. Heier, Sr., and has been gathering in the golden ears.

Diller Utt began picking corn for Irvin Heier last week and expects to make a good record of shucking during the season.

A. J. Neitzel and family were visitors in Lincoln last Friday, driving over in the car to see about the arm of their little daughter.

J. E. McHugh and Fred Towle were visiting with friends and looking after some business matters in Omaha last Wednesday, driving over in the car of Mr. Towle.

Gust Wendt was a visitor in Omaha last Friday driving to South Bend and from there going to the metropolis where he was looking after some business for the day.

Frank Roseman and Henry Heineman, who have been in the west for some time past, where they were building grammar on the land of Mr. Roseman near Kanarado, returned home last Monday.

Charles F. Hite, the carpenter, has been busy for the past week working on some carriages for the purpose of carrying children to and from school in case the weather gets so that the autos cannot run.

Henry Heineman has been constructing a cave for Wm. Weddell that it may be out of the way when Mr. Weddell begins the construction of the new home which he expects to erect in the coming spring.

Wm. Holka, living west of town purchased a corn elevator from the extensive and reliable stock of Wm. Gehrts, which he has just completed installing on his farm and is now ready for the picking of his crop of corn in earnest.

The boys at the home of Gust Wendt succeeded in capturing an opossum which they now have at the farm. The "possumship" would be in danger if some of the darker population of Lincoln or Omaha should happen to come in contact with the animal.

Jack Sairles and Frank Fralun, who were painting this season with Max Dusterhoff, are now working in Omaha, having accepted a position there recently.

Fred Lau and wife were visiting in Omaha for the day last Thursday, where they were the guests of friends and were looking after some business.

Miss Rose Amgwert of Council Bluffs, was a visitor at the home of her mother in this city for over Sunday last week, and returned to her work at the Iowa city the same evening.

The young people of the school had a meeting last Thursday for the purpose of getting better acquainted and thereby enjoying the society of the others. The meeting was productive of good results in making all better acquainted with one another.

Dan Bornemeier who is employed in the bank of Manley, was a visitor in Murdock over night last Thursday, having been looking after some business matters at Omaha and returned home this way, visiting at the home of Martin Bornemeier.

The schools are being equipped with more or the needed supplies and is being better conditioned for the best work. The high school is in possession of a piano for their music, while at the other building the different grades are supplied with Victrolas.

A number of the farmers near Murdock have found that much of the wheat is cut off undespecially on the poorer ground, seemingly an inch or two under the ground. The coming of the rain seemed to revive the crops and it is hoped that nothing of a serious nature will come of the apparently injurious effect of the condition.

Dr. B. F. Brendel of Murray, who is a candidate for representative for the state legislature, was a visitor in Murdock last Wednesday from his home in Murray, and met a large number of the people of Murdock in the cause of his candidacy. Dr. Brendel has many friends living in and near Murdock.

The grade cards for the first test show good progress made by all of the classes and is a matter of gratification both to the parents who are desirous that their children should progress and to the teachers who have worked hard to make the schools a success. The students being really the winners as they are the ones who are deriving the most benefit.

Little Girl Getting Along Nicely

Miss Ruth Neitzel, who was injured when the car which was being driven by her father some time ago turned over and broke her arm, is getting along nicely and it is expected that she will continue to improve as it is the desire of her friends.

Ducks Are Getting Ripe

Last week Harry Gillespie, H. A. Tool and Louis Hornbeck were visitors at the Platte river and stopped for a hunt at Pawnee Lodge and which it was still warm at that time, they succeeded in getting two ducks, while H. H. Lawton also found a chance to kill two at the lake southeast of town on the land of Henry Schlichters. With the coming of a little cold weather there should be plenty of good shooting in this neighborhood of the river. Not much can be expected until we have some cold nights and fresh mornings.

Were Guests at the Reinke Home

J. H. Reinke and wife entertained at their home last Sunday, a number of their friends who were made to feel at home and enjoyed the occasion greatly. The day was spent in social conversation and visiting with friends, who always enjoy a day at this hospitable home. There were present on the occasion, Mr. and Mrs. Arthur Heier, Misses Mina Dowling, and Ruth Kohlmeier, Ervin Heier, Allen Kohlmeier and Charles Maxner, all of Lincoln. They drove over in the morning with their car and after a most pleasant day returned in the evening.

Has House Now Completed

The completion of the home of L. B. Gorthey and wife, which has been in progress for some time past, is now finished, the painting and interior decorating having been completed last week by Max Dusterhoff and his worthy assistant Joseph Wutchenick. Mr. Gorthey has now one of the finest of homes and has the satisfaction of knowing that the work was all done the best, the carpenter work having been the product of Mr. Depner, Frank Melvin and C. F. Hite, while the decorating was done by Mr. Dusterhoff and Joe Wutchenick.

Home From Across the Pond

Jacob Goehry and wife, who have been spending the summer in Europe, where they visited for some time at the home of their childhood in France and Germany, returned home last week. They were away since last April and while they found many friends whom they had known in years that are gone when they were young, they found a changed world, which did not appear to them and the village of Murdock looked pretty good to them as they alighted from the train.

Have an Excellent Number

The lovers of mirth and fun are exceptionally fortunate in the fact that in November there will be given an entertainment by the Kelo company which is composed of the young ladies who are indeed fun makers and who will favor the citizens of Murdock with some of the cleanest fun and mirth than is afforded by the present day. The company which is furnishing the entertainment for the season is one which consists of the most exceptional talent and all who have not heretofore purchased season tickets should do so and get the full benefit of the entire course.

Electric Lights Look More Sure

The electric light question which has been considered by the people of Murdock for some time, with every step made to be getting nearer a realization than it has before. Last Monday a committee sent by the city board, consisting of August Panska, Harry V. McDonald and J. E. McHugh went to the county seat where they consulted with the county attorney regarding the best manner of procedure to secure the funds necessary by a bond election. After the consultation the committee returned and proceeded to call an election for November 3, when they will vote to issue some \$8,000 for the purpose of securing the electric lights for Murdock. There is still a considerable work to go through, but with the exercise of care which will be done, the end is nearer than it has been heretofore. That the city may have the much needed and desired service is a fact which they are to be congratulated upon, after having overcome so many difficulties.

Makes Address at High School

The Rev. A. H. Schwab who formerly was the minister at Murdock, but who is now located in Omaha, was a visitor in Murdock for a short time one day last week, coming to see about the grades of his daughter as they are attending the schools at Omaha. While in the city Rev. Schwab made an address at the high school that was well received and enjoyed by the large number of students, many of whom are personal friends of Rev. Schwab.

Made a Good Record

The ball team of Murdock who got a little late start, made good nevertheless, as in the sixteen games which they played, they won twelve, which gave them 75 per cent. They are feeling pretty good over the successful termination of the summer series, but they say they will exceed the coming season.

Miss Mary Rush was a visitor in Lincoln yesterday where she was the guest of her sisters, Misses Leona and Mable Rush, for the day.

John Schell and mother, with others of the family, were visiting in Lincoln for the day last Tuesday, John driving the folks over in his car.

The Matter of Election

The election which is to be held on November 2, is a matter of some concern to the election board, as there are for their use only five election booths and as there is now estimated to be over 400 voters for this precinct, with the women now voting. This will make some 80 votes for each booth. Giving ten minutes for each voter to make their ballot it will take ten hours continual voting for the entire number to get their work done. The board has made request that those who live in town, to vote during the morning, as this will leave the afternoon for others, but who ever is in town during the morning it is placed that they vote as rapidly as possible, in order that all may have an opportunity to get their ballot in before the closing of the poles.

Visits With Brother Here

John Baur of Kell county, was a visitor in Murdock for a number of days last week and a guest of his brother G. Baur of the firm of Baur & Kraft. Mr. John Baur, who is a farmer in the west, says that he was surprised when he came to Murdock to visit and he had found here one of the richest places in the whole country, with a town which had an active and energetic set of business men and surrounded by a community of farmers having much wealth. He had expected to find in Murdock, electric lights, water works, sewerage system and many other things which would make the town have more pep. He told of the commercial plug of their town going after things which would make more life and business in the town and they generally got it also.

Celebrated Fifty-Fourth Birthday

The children of Wm. Rush celebrated at his home the birthday of their father last Sunday, when they had a most enjoyable gathering. Mr. Rush being the guest of honor at the gathering at which there were in attendance, besides Mr. and Mrs. Rush, Miss Mary, who lives at home, Messrs. and Mesdames John Burt and Harry Roessig of Omaha, the ladies being daughters of Mr. and Mrs. Rush, Misses Leona and Mable Rush and Messrs. Ewald Green and Eldo Miller of Lincoln. They all drove over to Murdock in their cars and the occasion was a family reunion as well as the celebration of Mr. Rush's fifty-fourth milestone.

Very Interesting Meeting Being Held

The Evangelical Association, who worship at the Callihan church, are holding a series of evangelistic meetings at their church for the week which is developing much interest and are being attended by a large number of people in and about Murdock. The meetings are under the direction of the pastor, Rev. Ezra Cole, who also ministers at the Elmwood church, and he is assisted by Rev. Mary, who lives at home, Messrs. Rev. Schumback and Rev. A. Bauehler of Murdock, Rev. F. Besken of Elmwood, Rev. F. S. Weegert of Millford, and Rev. Henry Hoersch of the western portion of the state.

CROWDS IN INDIANA THROUG TO HEAR COX

Fort Wayne, Ind., Oct. 14.—Attack on the league of nations policy of Senator Harding and of former President Taft was continued today by Governor Cox in another strenuous day's campaigning in Indiana.

That there was a conspiracy to deprive the American jury by depriving it of the facts in this great case through failure to print the league covenant in "reactionary" papers and in the republican national campaign book, also was stressed by the candidate. He issued a statement calling upon the league supporters to get the facts in this case and distributing the covenant.

Governor Cox addressed crowds aggregating many thousands at Delphi, Logansport, Peru, Washburn, Huntington and here, where he closed with a street meeting tonight. At most of the facts in this great case spoke from especially built stands on court house squares. Windows and ledges of the court house and adjacent buildings were filled with spectators. At Logansport the candidate spoke to a large crowd on a corner lot.

"These great crowds," the governor said to one of his audiences, "tell me that the soul of Indiana is aroused."

Regarding the stand of Senator Harding and Judge Taft on the league, Governor Cox repeated the charge that the senator was "colluding" and declared that the republican candidate's recent Marion statement was his eleventh change of position.

"Poor Judge Taft," the governor continued, "tries to apologize for him (Senator Harding) and tries to deny him, but he moves so fast that Taft can't keep up with him."

The governor said that there was a great tidal wave of sentiment sweeping America for the league, and declared that America was aroused. He said many republicans foresook Senator Harding when he disapproved the league at Des Moines.

At Delphi the candidate reiterated there was a conspiracy to change the federal reserve act and that "big business was opposing him in every state and in every county."

TANLAC DISPLAY MAKES GREAT HIT

Unique and Attractive Display of Celebrated Medicine in Window of Fricke Drug Store.

An advertising display which has attracted unusual interest, has been placed in the show window of F. G. Fricke & Co., the South Sixth street druggists in this city, who are local agents for the well-known and highly successful proprietary medicine, Tanlac.

The display is not only interesting from an advertising standpoint, but is educational, combining in an attractive and artistic manner beautiful scenes from many foreign countries where the ingredients of this preparation are obtained.

It has occasioned such favorable comment in the city that the proprietors of the store state that it will remain in their window several days longer.

Work of Great Artist

The display is the work of one of America's greatest lithographic artists and the manufacturers of Tanlac state that the total cost will exceed sixty thousand dollars, which is said to be a record price for window displays. It is in ten distinct and natural colors and presents scenes from the Rocky mountains, as well as from Europe, Asia, Peru, Egypt, and other foreign countries.

The natives are seen in their natural habitat and environment, gathering the roots, herbs and barks that form the medicinal ingredients of Tanlac, packing them upon the backs of camels, elephants, llamas and other beasts of burden for transportation by land and sea to the immense laboratories at Dayton, Ohio, and Walkerville, Canada.

One of the most striking features of the display is the reproduction of the magnificent laboratory at Dayton. Here the artist has very effectively and impressively portrayed the popularity of Tanlac by introducing a group of people in all walks of life, who are looking at the Tanlac laboratory with expressions of confidence, plainly indicating their belief and faith in the medicine.

Another distinctive feature is the bulletins accompanying the display. They tell briefly and concisely of the marvelous growth and development of Tanlac, until today it has the largest sale of any medicine of its kind in the world. These bulletins also quote various standard medical authorities as to the therapeutic value and physiological effect of the medicine.

60,000 Bottles a Day

From these bulletins one also learns that the new Tanlac laboratories at Dayton and Walkerville have a combined daily capacity of 60,000 bottles and that the medicine is now selling at the rate of approximately 10,000,000 bottles per year.

That Tanlac is a preparation of exceptional merit has never been disputed, which accounts for its tremendous popularity and large sales throughout the country. It is a powerful reconstructive tonic and body-builder and has a far reaching and most beneficial effect upon the entire system. Many strong local endorsements, from those who testify as to the benefit they received, have appeared in the columns of this paper.

The manufacturers of Tanlac are firm believers in newspaper advertising and have forcibly presented to the public the merits of their products in this way. Their total annual appropriation for newspaper space exceeds one million dollars. Their copy appears in practically all the leading daily and weekly newspapers throughout the United States and Canada.

I have taken up on my farm four and one-half miles south of Murdock a hog weighing about 160 pounds. Owner please call, pay for keeping and get the hog.

\$20-3w. WM. WESTFALL.

Grip

Grip usually starts just the same as a cold with a watery discharge from the nose. You are much more likely to contract the grip when you have a cold. For that reason when grip is prevalent you should go to bed as soon as you feel that you are taking cold and stay in bed until fully recovered, which should not be long if you take Chamberlain's Cough Remedy. Three days in bed now is better than three weeks later on.
