THE GRAND OLD MAN OF BASEBALL

Andy Graves, Star of the Armour's, Former Cass County Man and Peer of the Hurlers.

The sporting department of the Omaha Bee Sunday had a very interesting sketch of Andy Graves, the grand old man of baseball in Nebraska, and who is well known and popular with the fans of this city, despite the fact that he has often humiliated our team in its contests with the meat handlers from Packingtown. The article is as follows:

Pitching 33 Years

Beginning his career as an amateur and semi-pro ball player 33 years ago, "Andy" Graves, 44 years old, star hurler of the Armour Packing company team, semi-pro champions of Nebraska, is still in the game, twisting them over the platter in the same old style that made his reputation as one of the best, if not the best, pitcher in the central west.

The 44-year "young" pitcher was born in Rock Bluffs, Neb., August 2, 1876, during the Independence centennial. He began his amateur base ball career with the Rock Bluffs team in 1887 at the age of 11 years. He played with the home town aggregation until the close of the season of 1892. He went with the Plattsmouth team two years and in 1894 played with the Cedar Creek, Neb., nine.

Played with Louisville

In 1895 and 1896 he played with Louisville and Eagle, Neb., teams, respectively, and in 1897 Plattsmouth again called for his services and he played with the Red Sox until the close of the 1899 season. He signed with the Colon, Neb., in 1900 and 1910 he again pitched for the Bellevue team. In 1911 he started with the Armour packing company team, playing until the close of the 1915 season.

"Andy" pitched the greater part of the 1914 season with Lake Park, Ia., but finished the season with the Armour's and has been with the Packers since.

The Omaha Western league club gave him a try-out in the spring of 1912 and he made good, but was bothered with an injured leg at times and feared he would not last long in the game with the leaguers, so refused to report for a game at Lincoln. "Andy" when in his prime, received a number of offers from professional league clubs, but preferred to remain in the ranks of the amateurs and semi-pros.

"Andy" has the distinction of being the oldest pitcher or ball player in amateur or semi-pro ranks in this part of the country.

During the latter years of his mound work he has been the mainstay of the Armour team. He has hurled three no-hit, no-run games. Two of these remarkable feats were performed during the 1920 season, and the other took place at Lake Park, Iowa, in 1916. In the opening game of the 1920 season against the All-Nations "Andy" failed to give his opponents a hit or run, and only two of the visitors reached first base, one on an error, the other on a pass.

Pitched No-Hit Game

Five weeks ago at Plattsmouth "Andy" performed his second no hit, no-run contest, only one Plattsmouth runner reaching first base on an error. In his no-hit, no-run fray at Lake Park, Iowa, there was not a man reached first base, the old hurler fanning twenty-four and the other three men went out on infield flies. In 1909 at Bellevue he struck out twenty-four men, but lost an eighteen inning game 2 to 0, on a scratch hit and a homer. He has never walked more than two men in any one game, and as a rule refused even to issue a single pass.

FOURTH ROLL CALL OF THE RED CROSS

Cass County Chapter Will Start Roll Call Over County on Nov. 12—Enroll in the Good Work.

The Cass county chapter of the American Red Cross are preparing to take up the work of the fourth roll call and expect to launch the drive on the 12th of November, immediately following Armistice day.

The work of the Red Cross over the country has been one of the greatest movements in the interests of humanity that the nation has ever witnessed and their efforts have brought cheer and comfort to the suffering and needy where found.

The home service department of the Red Cross is touching the lives of the former service men and their families and contributing an important part to the caring for the welfare of the men and women who are suffering or in need of material assistance, and who have suffered for their country's cause.

It is not alone in the field of war work activities that the Red Cross has earned the title of the "greatest mother in the world" but in the everyday activities the society comes in touch with the heart of suffering humanity.

To be a member of the Red Cross is a privilege that every citizen should avail themselves of and the small sum asked for a membership will do a great deal toward benefiting the society in their uplifting work among the people of the United States and all over the world.

The international Red Cross operates in every nation of the world and the membership in the foreign nations is very large as the importance of the Red Cross is fully realized in the countries where the inhabitants have been aided in the desolations caused by the war by the Red Cross society.

When the opportunity to enroll is presented remember that the membership costs but \$1 and is a small contribution in a mighty cause and be prepared to cheerfully and willingly contribute to the worthy cause of the great American Red Cross.

NO TRUTH IN STATEMENT

It has been reported in several portions of the county that an agreement existed between myself and C. F. Vallery, democratic candidate for county commissioner, relative to the position of road commissioner. Such a statement is absolutely false and without foundation and circulated simply to injure Mr. Vallery. There has been no agreement of any kind made by myself or Mr. Vallery and I would not accept the office of highway commissioner or any other office under any condition, and the person circulating such report has been misinformed or is stating something that is without any foundation whatever.

Zelnicker Ever-Tyte Piston Rings in Hudson Super-Six.

Mr. M. W. Andres writes:
"Since installing the 18 Zelnicker Ever-Tyte Piston Rings in my Hudson Super Six Touring car I have cut down oil consumption about 60% and have increased the mileage on gasoline about 15%. The increase in acceleration has been fairly trebled.

In my estimation, too much cannot be said for the Zelnicker Ever-Tyte Piston Rings. Therings do absolutely everything you claim for them, and give entire satisfaction." M. W. Andres; Andres Stone and Marble Co., Milwaukee, Wis.

Zelnicker Ever-Tyte Piston Rings have equipped the engines of some of the largest industrial plants in America, solely on actual engineering tests of their economy. Also used for every type of truck, tractor and automobile.

AN APPRECIATION

The entertainment at the Leete home on Monday afternoon given by the Daughters of the American Revolution in honor of the members of the Grand Army of the Republic and the Woman's Relief Corps was certainly one of the most delightful in which the members of the order have ever had the opportunity of joining. The members of the two orders feel deeply grateful to the spirit of love and esteem that was manifested at the meeting toward the members of the G. A. R. and W. R. C. and especially do they appreciate the gracious hospitality of Father Leete and wife and Madame Leet toward them, both in the cordial greeting given in the delightful manner of Father Leete and the hospitality afforded them by Mrs. and Madame Leete. The ladies of the D. A. R. have the most heartfelt appreciation of every member of the G. A. R. and W. R. C. for their splendid efforts.
