

Properly Oiled Motors Purr

Those lubricated with Polarine invariably run smoothly and quietly. When fine bearing surfaces are "filmed" with the finest oil, the squeaks, rattles and wear of friction are practically nil.

Polarine is made by the most up-to-date refining methods—the result of over half a century of experience and research. It is efficient every season of the year. Does not thicken in autumn and winter, or "wear" thin during a long trip.

To meet the requirements of all makes of cars and trucks, Polarine is made in four grades, differing in body but not in quality. These grades are

- Polarine
- Polarine Medium Heavy
- Polarine Heavy
- Polarine Extra Heavy

For winter use the Polarine and Polarine Medium Heavy grades are recommended.

For full mileage and power, use Red Crown gasoline—the standard motor fuel. It is just as dependable and uniform as Polarine. At Red Crown service stations and authorized dealers—everywhere.

FRED McMAKEN SERIOUSLY INJURED

Struck by Truck of the Collins Oil Co., While on His Way Home Saturday Evening.

From Monday's Daily.

A very serious accident occurred on Saturday afternoon shortly after 5:30 near the intersection of Washington avenue and 10th street when Fred McMaken, the young son of Mr. and Mrs. J. H. McMaken was seriously injured by being struck by the oil truck of the Collins Oil Co., which was driven by Chester Shepherson.

It seems that Fred had been at the home of his aunt, Mrs. Guy McMaken during the afternoon arranging for the decorations of a Hallowe'en party and had started home on his pony about 5:30 and had just drove from 10th street onto the pavement at Washington avenue and had passed the intersection and was traveling west when the accident occurred. He was talking with some children who were playing near the crossing and failed to see the approaching truck and the driver of the truck stated that he did not see the lad until almost on him and too late to avoid the collision. The truck struck the boy and pony, knocking the pony down, it is stated by the bystanders while Fred was hurled several feet in the air and thrown with great force on the pavement, striking his head and inflicting a very serious injury at the back of the head. The right shoulder, arm and leg of the boy was also badly bruised. The driver of the truck had attempted to turn his machine out of the way and it was run up onto the curbing before it was stopped by the driver.

The injured boy was hurried to the home of his parents and has been since the accident in a semi-conscious condition, rallying only at short intervals from the effects of the injuries. He was taken to the office of a surgeon shortly after the accident where an x-ray was taken of the head of the young man but no fractures could be located and it is thought that the effects of the concussion may wear off in a short time.

The reports this morning from the McMaken home were to the effect that Fred had several times shown signs of regaining consciousness but had later sunk back into the unconscious condition.

FINDS CONDITIONS GOOD IN THE WEST

John F. Gorder Returns from Trip Through Eastern Portion of the State of Colorado.

John F. Gorder returned home on Saturday evening from a visit of several days at Hugo and Arriba, Colorado, having looked over his land interests near the latter named town. Mr. Gorder says conditions have never been better in the mountain state than at the present time and the crops of the past season have been the best seen there in years, while prospects for the coming season are even better than last year.

In and near Arriba the visitor from Cass county feels very much at home as there are now some fifteen families located there from Union and the immediate neighborhood and Mr. Gorder found that many of his old friends from the southern portion of Cass county had located there to make their home in the future.

YOUNG LADIES ENJOY A FINE HALLOWE'EN PARTY

The H. F. class of the Presbyterian church, composed of young ladies of the church, were delightfully entertained on Saturday evening at the home of Miss Estelle Lister, west of the city.

The members of the party were garbed as ghosts and as they hiked out to the Lister home passed the cemetery, but no one of the party fell in the least afraid. On the arrival at the home the evening was spent in various stunts of the Hallowe'en season, fortune telling by an old witch, as well as several musical selections by the members of the party. The home was prettily decorated with the Hallowe'en decorations and in the beautiful tints of autumn leaves.

At a suitable hour dainty and delicious refreshments were served, coming as a climax to a very pleasant evening.

Those in attendance were Viola Archer, Chloise Swove, Fern Gansmer, Florence Tritsch, Cleone Meisinger, Esther Tritsch, Alice Pollock, Thelma Olson, Emma Smith, Helen Johnson, Lois Smith, Louise Short, Estelle Lister, Fern Trout, Verla Becker, Fae Chase, Emma Wohlforth, Clara Trilety, Verma Stoehr, Claire Creamer.

A Reliable Remedy for Colds and Croup

It would surprise you to know the number of people who use and recommend Chamberlain's Cough Remedy. Mrs. J. N. Rose, Verona, Pa., writes "Chamberlain's Cough Remedy has been used by myself and husband for a number of years for coughs and colds. I also gave it to my little granddaughter three and a half years of age when she had croup last winter. It broke up the attack at once. I have recommended this remedy to many of my friends and neighbors who have also used it with good results."

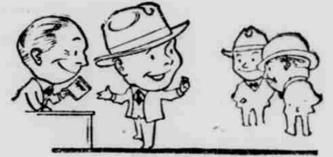

W. T. Richardson, of Mynard, writes insurance for the Farmers Mutual of Lincoln. Phone 2411.

There's always room at the top

for Highest Possible Quality at Lowest Possible Price

Here— you "Know-It-All"

ONCE in a while we run across a man who says, "Aw, they don't make cigarettes like they used to—one's as good as another now-a-days."

All right, we'll give that smoker any kind of odds he wants on Spur and win hands down.

Perhaps you are looking for that good old-time tobacco taste. Spurs are chock full of it. Couldn't help but be, with that jim-dandy blend of choice Turkish, fine Burley and other home-grown tobaccos.

Light up a Spur—take a long puff—and quicker than you can say "Jack Robinson" you will jump for a seat on the Spur band wagon.

Spurs have another surprise for you—they're crimped, not pasted. No other cigarette is rolled with the crimped seam, and you benefit by easier drawing, longer burning, better taste.

And here's extra measure—three-fold package of rich brown and silver to keep Spurs fresh and fragrant.

No use dodging—Spurs meet you at every turn.

LIGGETT & MYERS TOBACCO CO.

Spur Cigarettes

Man, what a wonderful tobacco fragrance is wafted up to you as you cut open the covers of the new Spur tin. Fifty cigarettes—kept fresh—vacuum sealed.

RED CROWN GASOLINE

Mileage

Red Crown is a thoroughbred gasoline. Every gallon is full of last-drop mileage—*stamina*. There's no falling down, no petering out. You pull up to your destination like a fresh breeze.

Regular users of Red Crown gasoline know how far they can go on a gallon—every gallon. And they don't worry about filling up if their supply ought to carry them to a certain place. It always does, for it is uniform—from one corner of the state to another.

Buy gasoline the same way you buy tires, on a mileage basis. Best results are always obtained by using the same kind regularly. You can do this for Red Crown is sold in every city and along all of the principal highways.

Economize on oil by using Polarine. It is made in four grades, differing in body but not in quality. These grades are

- Polarine
- Polarine Medium Heavy
- Polarine Heavy
- Polarine Extra Heavy

For winter use the Polarine and Polarine Medium Heavy grades are recommended

Joliet Power Corn Shellers

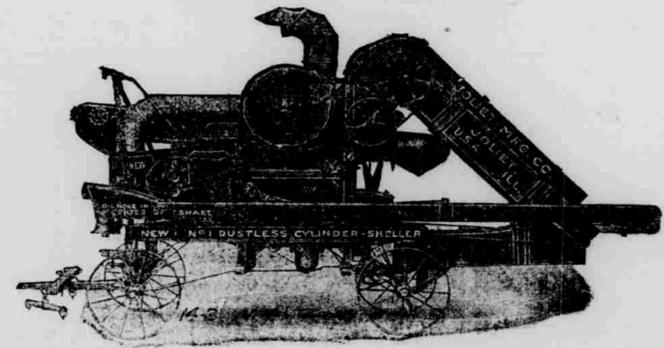

"Famous Wherever Corn Grows"

Established 1851

Incorporated 1867

The Cylinder Machines

BUILT TO SHELL HUSKED CORN

The Joliet Cylinder Corn Shellers possess all the advantages of other cylinder corn shellers and are free from their defects.

They do not require a man to stand behind them in the dust to keep back the unshelled ears of corn.

In fact, these shellers are as nearly automatic as any machines can be that require adjustment for different kinds of work.

We have these shellers in stock. Come in and look them over.
