Telephone Company Will Improve

The Union Telephone company will in a short time make some very radical changes in the handling of their lines in the city. They have on the way some 3,000 feet of cable which will be installed in the city in the course of a few weeks. The cable will be laid from the pole near the exchange east to the home of L. G. Todd and also extending one block south and two blocks north of that place. The cable will be laid under ground and connections will

be made at the alley, thus doing away with the poles in the streets. This will make main street the better and will add much to the service of the patrons as the underground circuit will do away with trouble.

Made a Good Drive.

The committee which was appointed to look after securing funds for the Salvation Army drive, and of which L. G. Todd is chairman, has succeeded in collecting a considerable amount of money for the work. A balance of \$67, left on hand from other drives was applied to this fund, and with the contributions made a total of \$118.50. The contributors and amounts were as follows: F. H. McCarthy and L. G. Todd, \$10 each; W. B. Banning, \$5; Mont Robb and Joe Banning, \$3 each; Robert Willis, \$2; W. C. Carraker, Dr. C. M. Swab, H. L. Burbee, R. D. Stine, J. M. Patterson, J. A. Talkington, Frank H. Bauer, Jessie Todd, J. R. Upton, Jack Lidgett, C. F. Harris, Derwood Lynde, E. W. Keedy, W. O. Burbee, A. H. Austin, Geo. Eaton and D. W. Foster, \$1.00 each; C. W. Clark, 50c.

He declares that he likes the vicinity of Union the better.

Did Not Want the Office

Unknown to the Rev. W. A. Taylor, his friends placed his name on the ballot for justice of the peace and

notwithstanding his protests he was elected to the position. Mr. Taylor who is a minister of the gospel, and by virtue of that position, his mission is to heal difference between friends and neighbors, not try them to a case of law and for that reason he is not accepting the position. He is expressing his warmest thanks to those friends who so graciously supported him for the office, supposing that he would accept it. While feeling deeply grateful for the expression of their friendship, he must assure them that he cannot accept the position.

Will Take Business Course.

Herbert LaRue will depart for Lincoln next Sunday evening to begin a business course in the Lincoln Business College, preparatory to entering a business career. Herbert has the native ability and we are sure he will make a success in his chosen line.

The Epworth League will wage a campaign of eight days for the purpose of extending the beneficent influences of their order to their associates and will hold a series of meetings extending over eight days for that purpose.
