

JAIL SEEMS TO BE DESERTED

With Departure of Fritz, Corridors of County Bastille Present a Deathlike Silence.

The Cass county jail does not seem the same as it has for the past four years as Sheriff Quinton has lost his oldest and most faithful boarder, Fritz Deitl. For the past four years and three months the county prison has been home to Fritz and all efforts of the sheriff and other county officials to get him to leave the jail have proven fruitless until the United States government decided that as Fritz was "made in Germany," back there he should go and accordingly J. H. Chalk, representing the immigration department, arrived in the city a few days ago and departed with the sheriff's guest and he is now speeding to Ellis Island to await the boat that will take him back to his native land and relieve the taxpayers of the burden of caring for him.

Fritz was taken up a little over four years ago as a vagrant and given a short jail sentence in the hope that he might become disgusted and leave this portion of the country, but instead of being disgusted he seemed well pleased with the excellent food provided by the sheriff and refused to be sent forth when his sentence expired. In an effort to loosen his hold on the jail he was then sent to the county farm but his dislike of manual labor soon disgusted Superintendent Tams, as Fritz would not work and spent the time loafing for the vacant cell in the county bastille and accordingly he returned to dwell under the wing of the sheriff.

CELEBRATES BIRTHDAY

Yesterday was the birthday anniversary of Mrs. R. C. Jahrig and in honor of the occasion a number of the friends and neighbors were invited to assist in seeing that the event was properly observed. The afternoon was spent in social conversation and at a suitable hour delicious refreshments were served that added to the delights of the afternoon.

TOO MANY ELECTED; TO HOLD DRAWING

In order to settle a number of the votes for minor offices over the county, County Clerk George Saylor has sent out announcements to the parties involved that he will conduct a drawing at the court house on Saturday, November 20th at 2 p. m., and distribute the various justice of the peace and constable jobs for which there were the votes in the various precincts.

In the 2nd Rock Bluff precinct there is a tie for justice of the peace between George S. Smith and Captain Harrison Gayer, while in Weeping Water precinct there is a tie between William Weller, Clarence Farmer, Fred Klepper and Gus Ruhza. In Mt. Pleasant precinct, Wilson Gilmore, Lee Brown and F. Massey have a tie vote.

While it is unlikely that any of the parties who have had their names written in by their friends and voted for, will appear, the county clerk will have to hold the drawing, and wish the honor on someone.

CORN IS KING IN NEBRASKA

Yield Estimated at 34 Bushels Per Acre, Total of Quarter Billion in State.

A corn crop ranking first in both yield and production since 1905 leaves no argument to the fact that "corn is king" in Nebraska this year. According to the November 1 report of A. E. Anderson of the bureau of crop estimates and Leo Stuhler of the department of agriculture, the preliminary estimate of yield is 34 bushels per acre. Last year the yield was 26.2 bushels and the ten year average is 23.7 bushels. The total production is 250,988,000 bushels as compared to 184,186,000 bushels last year and the ten year average of 178,926,000 bushels. This year's crop ranks fifth in size since 1865.

Even though this year's corn crop is approximately 36.4 per cent larger than last year's production, its total value is about 32 per cent less based upon prices now and a year ago.

Burt, Dodge, Douglas and Fillmore counties share alike in first honors with average yields of 45 bushels per acre. Other counties averaging 40 to 44 bushels are Dakota, Stanton, Hamilton, Sarpy, Saunders, Seward and Washington. The quality is generally good although there was a slight damage to some late corn from frost. The quality as well as yields was reduced somewhat from drought in north central counties. Approximately 7 per cent of last year's crop is still on farms.

The average weight per measured bushel of winter wheat is 57.5 pounds; spring wheat 53 pounds; oats 33.3 pounds; and barley 47 pounds. The light tests of wheat, peculiarly spring wheat are due to shrinkage caused by black stem rust.

Potatoes average 97 bushels per acre according to the preliminary estimate of yield. Last year they averaged 55 bushels. The total production is 10,988,000 bushels as compared to the ten year average of 3,222,000 bushels. Some of the counties have lower yields than expected. The average yield of flax is 8 bushels. The condition of sugar beets at the time of harvest was 100 per cent. The total production of apples is 41 per cent.

PASSES AWAY AT HOSPITAL IN OMAHA

Mr. Joseph H. Burton of Murray Dies at St. Joseph Hospital in Omaha After Serious Operation.

The death of Mrs. Joseph H. Burton, one of the old and well known residents of Murray, occurred at the St. Joseph hospital in Omaha on Wednesday afternoon and the body brought to the old home at Murray where the funeral services will be held tomorrow morning from the home conducted by Rev. W. A. Taylor of Union.

The deceased lady whose maiden name was Lucy Dable, was born June 26, 1857, in the state of Michigan and resided there during her girlhood days. In 1879 she came to Nebraska and on February 22, 1873, was married at Plattsmouth to Mr. Joseph H. Burton, the wedding ceremony being performed by Rev. Cyrus A. Alton, then pastor of the Christian church in this city of which faith Mr. and Mrs. Burton were lifelong members. To Mr. and Mrs. Burton there came nine children all of whom with the father survive the death of the mother as follows: Mrs. Fannie Cook, Hadar, Neb.; Mrs. Alice Joiner, Nebraska City; J. W. Burton, Arlington, Neb.; Mrs. Howard Graves, Plattsmouth; Guy Burton, Palmyra, Mark Burton, Nebraska City; Ray Burton, Henry S. D.; Roy Burton, Plattsmouth, Vance Burton, Plattsmouth.

For several months Mrs. Burton has been suffering from cancer and in the hope of giving her relief she was taken to the hospital in Omaha on last Friday and operated on Wednesday, never recovering from the operation and sinking into death. The death has brought a lasting sorrow to the members of the family and the many old friends in the community where she has so long made her home and to the husband the death comes as a very severe blow as he is in very poor condition, having been injured in an accident three months ago and is now just able to be up and around the house.

LOCAL NEWS

From Thursday's Daily. Elmer Wetenkamp was a visitor in Omaha today, going up on the afternoon Burlington train.

John Hinz and wife departed this morning for Omaha to spend a few hours visiting with friends.

Ed S. Tutt of Murray was in the city yesterday afternoon for a few hours looking after some matters of business.

J. V. Burton of Murray, was in the city yesterday afternoon attending to some matters of business for a few hours.

William Ferguson, who is now residing at Earl, Iowa, came over yesterday afternoon to see if it were possible to secure a good corn shucker in this city to assist in curing for his corn crop.

From Friday's Daily. Sheriff C. D. Quinton went to Greenwood this morning to spend a few hours visiting and serving some papers for the county.

Mrs. W. H. Seybert departed this morning for Omaha, where she will visit for the day with friends and look after some matters of business.

James Gilmore, who has been here for a short visit at the home of his parents, Mr. and Mrs. W. E. Gilmore, returned this morning to Sioux City, Iowa, where he is now employed.

TO ATTEND CONVENTION

The Christian Endeavor societies of this city received a very pretty and very urgent invitation from the City C. E. Union of Aurora, Neb., to attend the state convention there November 11 to 14. These were printed in red, on neat white paper—thus carrying out the C. E. color scheme of red and white. Delegates from the intermediate society of Presbyterian church are Miss Viola Archer, Miss Emma Wolfarth, and their superintendent, Miss Clara Weyrich, while Mr. Frank Glaid goes from the Senior society. From the Christian church, Miss Fern Niel, their efficient society president, goes as delegate. Others may attend from this society. The jolly crowd leaves on the Saturday train this afternoon. We are glad that Plattsmouth will be so well represented at this big gathering. Aurora is expecting about 200 young people there this week.

PRESSION ISSUES STATEMENT

Department Commander J. H. Presson, has called the attention of C. A. R. posts to the annual election of officers at the first meeting in December. He says the permanency and usefulness of the Grand Army of the Republic depend upon the loyalty and faithfulness of the local post. His order to the post chiefs: "The attendance, enthusiasm and success of the Grand National Encampment at Indianapolis assure us that the Grand Army will keep its well-earned place in the country for many years yet. Let us help to maintain it through. If our post becomes weak because of deaths and removals, let us who remain redouble our efforts, and, if needed, enlarge our sacrifices that the old flag may be kept flying, and the name of our post abide in the roll of the Grand Army of the Republic."

MEETING OF ST. LUKE'S GUILD

The ladies of the St. Luke's Guild met on Wednesday afternoon at the pleasant home of Mrs. E. S. White on North Sixth street. Mrs. White being assisted by Mrs. J. H. Haldean in entertaining. The afternoon was spent in playing the brux needle, the ladies preparing aprons that will be offered for sale at the Christmas shop to be given by the Episcopal ladies in the coming month. A suitable hour very enjoyable refreshments were served by the hostesses. Had added to the enjoyment of the occasion, Mrs. J. H. Donnelly, of Omaha, was present at this meeting as a guest of honor.

Let the Realism Test help you "measure"

The NEW EDISON as a Xmas Gift

WOULDN'T you like to know why the family will get more enjoyment out of the New Edison than out of any other phonograph? Come in and ask for the "Personal Favorites" Realism Test. We've said that listening to the New Edison is the same as listening to the living artist. We've said you get the same emotional thrill when you hear your favorite music RE-CREATED by the New Edison, as when you hear it by the living artist.

The Realism Test will help you test these claims for yourself.

If you find what we've said is true, you will know the New Edison is the phonograph your family wants for Christmas. You know they'll get more enjoyment out of the New Edison than out of any other musical instrument.

Every New Edison is a Period Cabinet Select from 17 Models

Jacobean William & Mary

Xmas Tip! Investigate our Budget Plan. It brings your New Edison for Christmas—makes 1921 help pay.

ANOTHER TRIUMPH FOR LIBERTY MOTOR

Army Planes Whiz Over Glaciers and Wooded Wildernesses—9,000-Mile Journey.

Ford-built Liberty motors carried the four army airplanes which on October 29 completed the 9,000 mile journey from Mitchell Field, Long Island, to Nome, Alaska, and returned. The feat was greeted over New York City by a flotilla of forty army planes which escorted it to Mincola. The returning planes touched their wheels to earth at 3:15 in the afternoon.

The Alaskan Flying Expedition, commanded by Captain St. Clair Street, undertook the journey to demonstrate the durability of modern airplanes and motors, and to effect the establishment of an aerial route to the Northwestern corner of the American continent and Asia. Such a route would bring mail from Alaska to the States in two or three days, whereas the present method of transportation requires thirty days.

"Talk about service," said Captain Street. "Those planes and motors sure stood up. Why, the only trouble we had on the entire trip was caused by the worst bit of weather I've ever known through or want to fly through. We had everything—rain, snow, hail and sleet, clouds, fog and mist. But we kept right on flying."

"The 200 miles of glaciers we traversed was a wonderful sight, but there would have been little hope for rescue had we cracked up in that wilderness. Altogether it was a rough trip. I never want to fly thru such weather again, but the planes stood it magnificently. Instead of battered hulks, flopping to earth after winded flight, they looked brand new. Even the turbos were polished and the motors looked as if they had just come off the testing block. We never changed a spark plug. Never a cylinder missed on us the entire trip. The motors are in as

EARLY CHRISTMAS SHOPPERS

The early Christmas shopper can find the latest Christmas novelties, cards, stationary and books at the Journal office as well as a complete line of the most attractive and hand-carried anywhere in the west. Do your shopping early and call at our Christmas shop to make your selections.

SHOWING SOME IMPROVEMENT

John Cory who was badly injured Thursday afternoon by falling from a ladder, is now showing some improvement although he is still confined to his bed. Mr. Cory is suffering from two broken ribs which gave him a great deal of pain and is also badly bruised but is thought in a few days he will be able to be up and around.
