

MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

The Bank of Murdock

The wise man, and the successful man, invariably is very careful in the selection of his bank and his doctor. He knows that his life may depend on the judgment and ability of his doctor. He fully realizes that the life and success of his business, be it professional, merchandising or farming, may depend on his banker.

There is no question but that we shall pass through an adjustment period, bordering on a panic, within the next few years, present conditions foreshow this, and the man who has not already tied up with an established, reliable bank—a bank whose officers have successfully withstood times of stress, may shortly regret his lack of judgment. Select a bank that is able to take care of you in times of plenty, as well as in times of famine, and you can then rest easy. Remember the solid, dependable things of life are not based on promises, but on deeds. Our past record is what counts.

We have the above necessary qualities to offer our customers, besides personal services whenever our opinion is desired on business or personal matters of our friends.

All deposits in this bank is guaranteed by the depositors guaranty fund of the State of Nebraska.

The Bank of Murdock

"The Bank where You Feel at Home"

HENRY A. TOOL, President J. E. GUTHMANN, Vice-Pres.
H. A. GUTHMANN, Cashier

Supt. J. H. Burwell spent the week end at his home in Lincoln.

Will Meyers was a visitor at Murdock for Saturday and Sunday.

Artistic modern wall paper at the Dusterhoff shops, at a saving reduction. 2t T's w.

Misses Catherine and Margaret Tool were enjoying a visit at home for over Sunday.

F. L. Lawton, of Omaha, was a visitor in Murdock last Wednesday at the home of his brother.

Miss Eva Sorich, of Lincoln, was a visitor at the home of her sister, Mrs. H. H. Lawton, several days during the past week.

The two teachers, Superintendent J. H. Burwell, and Principal George Warren, are making their home with Mr. and Mrs. J. Johansen.

The town board met last Friday evening at the Bank of Murdock to further consider the work of building the electric line into Murdock.

W. O. Gillespie is having the porch at the rear of the home where they live enclosed in order to make it better and more comfortable for the winter.

Will O. Schewe and Will Klyser spent one night and a day at the hunting grounds of hunting waters, whichever you might call it, and had as a result, thirteen ducks and one goose.

Homer H. Lawron who has been picking corn for Frank Rosenow, is getting his hands in shape so that he is able to bring in a good average each day.

Harry V. McDonald and wife departed last Friday for a few days visit at Hampton, where they visited at the home of their son Gale McDonald and family.

Louis Schmidt is going after the corn picking in the right way and last week had five teams at work and would use twice that number of they could be gotten.

Henry Bornemeier and Henry Klemme are reported as being through with their corn picking and fortunate are they in this early completion of their work.

M. R. Pollock of Omaha, was the guest of W. O. Schewe for a number of days last week, they putting in the time hunting at the Platte river, where they surrounded a number of ducks who immediately surrendered, but not until they had forfeited their lease of life.

O. W. Gillespie and son Harry, and J. G. Hornbeck spent two nights and one day at the shack during the past week, going down on Monday evening and returning home Wednesday ad found excellent shooting, returning home with some twenty-one ducks as the result of their trip. They say the hunting was excellent and they enjoyed the outing to the limit.

Yes, thank you just tipping the scales at ten pounds, a young American arrived at the home of Mr. and Mrs. Ed Rau, coming to gladden their home, and doing so, as one would know that some great joy had entered the home from the radiant smile which came from the face of both the happy parents. The little stranger is rapidly making himself at home and winning the hearts and affections of all whom he meets.

Which Will Be the Line

Pertinent to the installation of the electric light service in Murdock, which is assured at this time, the question arises as to what route the line will traverse from the junction of the Louisville-Weeping Water line, to Murdock. The shortest line is on the road north of Murdock and while this is true and many have evinced a desire for service, there are still more on the line south, but which as it is longer, will cost more to construct. With the competition strong the south line which traverses the state highway, may win out by a little extra work. The amount of subscriptions at this time has not entirely justified the project in allotting the line to that road, but it is hoped by those now interested that others will be interested and that the line will be located on that road, but more work will have to be done and at once to insure the line there.

Will Open a Restaurant

Mr. A. Peters, the man who will have charge of the constructing of the new electric line into Murdock, on account of the absence of an eating house of a public nature, will open a restaurant, probably in the Farmers building, and will have a couple of cooks, preferably a man and wife, to care for it and will serve the meals to the workmen while the line is under construction.

Attended the Bankers Association

H. A. Guthman of the Bank of Murdock, was attending the state bankers association which convened in Lincoln last week, remaining during the session and meeting many of the banking fraternity with whom he was acquainted and with the exchange of views was able to return to his work here better equipped for the work of serving the community than before. It would seem that one could hardly be better equipped for the best service of the public than this bank with its two hard workers for the benefit of the people of the community.

Heard Great Music

Mr. and Mrs. A. J. Tool were in Lincoln last Tuesday where they attended the concert given by the great "Sousa's Band" an organization of world renown, and who only give exhibitions in the larger cities of the country. Mr. and Mrs. Tool were well pleased with the rendition which was given by this aggregation.

Children Had a Great Time

The young people of the Murdock high school held a hard time social at the high school building last Thursday evening as a fitting close to the Armistice day celebration that was participated in by the schools during the afternoon, when a patriotic program was presented. The program consisted of recitals, readings and songs, in which all joined with enthusiasm and made the day one long to be remembered. Many and varied costumes were worn to the social in the evening and all in attendance had a mighty good time.

Neighbors Enjoy Meeting

The members of the Royal Neighbors of America enjoyed a pleasant afternoon at the home of Mrs. W. H. Rusk last Tuesday afternoon, when they met in regular session to look after the business of the society and to enjoy the sociability of the occasion. After the business had been disposed of, the ladies plied their needles busily while social conversation held sway. Near the close of the afternoon the hostess provided a delicious luncheon which heightened the pleasure of the occasion.

Many People Have Measles

There seems to be an epidemic of measles that has been going the rounds of this vicinity during the past few weeks, but while many have been extremely sick the patients all seem to be getting along nicely at the present time. At the home of Ray Boldan, the entire family was sick at the same time, with the exception of Ray. Mrs. Boldan, who is not very rugged, had the worst siege with the malady, but is now on the road to recovery. Two of the children are still broken out.

Bobbie Stock was sick the past week with the disease but is better, as is Miss Bernice McCrorney who was confined to her bed with them.

Celebrated First Anniversary

Last Saturday Mrs. C. Moomey returned home from Byrne, Kansas, where she had been visiting at the home of her daughter, Mrs. Homer Hess, and incidentally attended the celebration of the first birth anniversary of her grandson, Master Edgar Hess, whose birthday occurred on October 7th. The visit was one of much pleasure, both for Mrs. Moomey and her daughter's family.

Secures a Good Man

The Village board has secured the services of Mr. A. Peters, an experienced and efficient lineman to construct the new electric light line leading from Manly to Murdock. Mr. Peters has just completed lines running from Louisville to Weeping Water and from Louisville to South Bend. He has established his office in the small building just south of the Bank of Murdock, where he will maintain headquarters during the time that the line is being built. He is hopeful of having the street lights burning in Murdock by the first of the year, and says he will endeavor to rush the construction so as to give them to our people for a Christmas present. Certainly no more pleasing gift could be chosen for the majority of our citizens than these long looked for electric lights.

LOUISVILLE GIRL TO TEACH IN JAPAN

Miss Rachel Stander Receives Flattering Offer While in Tokyo, and Decides to Remain.

Mr. and Mrs. P. C. Stander received a telegram from Seattle last week from a man returning from the World's Sunday school convention in Tokyo, Japan, informing them that their daughter, Miss Rachel Stander, who was also a Nebraska delegate to the convention, had accepted a position to teach in Tokyo at the same salary she received in Nebraska last year. She was expected to land in Seattle last week and knowing her parents would be expecting to receive a telegram from her from that city, she had instructed one of their party to send the telegram and a brief letter has since been received with further particulars.

The offer she accepted came unexpectedly as she was about to board her ship and she had less than an hour's time to decide and her letter was necessarily brief, but the next steamer will no doubt have a missive of greater length.

Miss Stander is highly accomplished and is splendidly qualified to accept any educational position, and her many Louisville friends congratulate her upon the opportunity afforded her to broaden her experience by spending a year in the Orient. She will no doubt let them hear from her through the columns of the Courier as she has done since her departure from this country.

Miss Stander will make her home with an American family in Tokyo, who are there as missionaries and who are not entirely strangers to herself. The Courier wishes her the best of success and feels assured that she will make the most of her unusual opportunity.—Louisville Courier.

MR. WRAY SPENT NO MONEY IN ELECTION

And Therefore It Can't be Charged He Contrived to Purchase His Own Defeat.

Arthur G. Wray, independent candidate for governor, reports to the secretary of state that he spent nothing in the recent campaign for the furtherance of his election to the office of governor. Governor McKelvie and ex-governor Morrehead have not filed their expenses accounts.

Auditor George W. Marsh reports the expenditure of \$336.00; Attorney General Davis, \$552.00; Lieutenant Governor P. A. Barrows, \$189; State Superintendent John M. Matzen, \$626; Judge George A. Day, \$450; Chief Justice A. M. Morrissey, \$1,040; Grant Martin, \$382.53; R. C. Hunter, democratic candidate for attorney general, \$163; Land Commissioner Dan Swanson, \$300.46.

Congressman C. F. Reavis reports that he received \$1,500 from the national congressional committee and he paid out \$100 to county publicists. All other expenses incurred by him he says were without the corrupt practices act.

ORGANIZING NEW ELKS CONCERT BAND

Prof. Edward Schulhof in Charge of Organization Holding Its First Practice Last Night.

After a season of idleness the musicians of the city are to join in a new band which will be known as the Elks concert band and be composed of Elks and sons of Elks. One of the best musical instructors in this portion of the state, Prof. Ed Schulhof, will have charge of the new organization.

The band will be composed of eighteen of the best musicians of the city and their practicing has commenced in the Elks club, which has been placed at their disposal for this purpose and the band will carry the name of Plattsmouth lodge No. 729. The new musical organization will fill a long felt want and give the city the high class concert band that they are entitled to have. The opening concert of the band will be awaited with interest by the residents of the city and the musicians will receive the hearty support of the public in their work.

For a Disordered Stomach

When the stomach fails to perform its functions the bowel become congested, the liver and kidneys congested. The important thing is to restore the stomach and liver to a healthy condition and for this purpose Chamberlain's Tablets are excellent. Give them a trial. They only cost a quarter.

Something to be Thankful For

DE FORD'S JAZZITEERS will play for a Thanksgiving day dance at COATES HALL, PLATTSMOUTH K. K. G.

WAR DECLARED ON HOME BREWED BEER

INTERNAL REVENUE BUREAU CLAMPS LID ON SALE OF MALT AND HOPS.

Washington, D. C., Nov. 12.—The internal revenue bureau in formal statements today confirmed reports that a crusade against home-brewing of alcoholic beverages is planned by the government's prohibition enforcement agencies. The bureau did not reveal, however, the means it proposed to employ in the campaign nor admit that it had approved preliminary instructions by Prohibition Commissioner Kramer directing that sales of malt and hops be restricted to bankers and confectioners.

"If malt extract, hops, isinglass, gelatine or other materials are sold or advertised for sale for use in the unlawful manufacture of intoxicating liquor," said a statement issued tonight by Commissioner Williams of the internal revenue bureau, "it is the purpose of the bureau to prosecute persons so offending."

"The so-called home brew beer manufactured in the home for beverage purposes, even though for the sole use of the family and bona fide guests is under the bureau's construction of the law, illegal and the sale of materials for such manufacture is likewise illegal."

Mr. Kramer was still absent from the city tonight, and no authoritative statement of the nature of such instructions as he has already issued in the anti-home brew campaign was obtainable. The statement of the federal prohibition director of Ohio, however, that he had received instructions from Mr. Kramer to prevent sales of malt and hops except to bakers and to confectioners has not been denied by the internal revenue bureau, although it is understood that Commissioner Williams has not as yet approved these specific orders.

There was an apparent difference of opinion between officials of the bureau of internal revenue and Commissioner Kramer's staff of advisers as to the powers granted under the Volstead act with respect to prohibiting the sale of articles employed in the manufacture of beer at home. Commissioner Williams conferred during the day with aides familiar with the act, and this was followed by numerous other conferences in the bureau, the nature of which was not disclosed.

PRESIDENT ISSUES THANKSGIVING CALL

Retiring Chief of Nation Says Return of People to Peaceful Pursuits Abundant Cause for Gratitude

Washington, Nov. 12. President Wilson issued his Thanksgiving proclamation tonight, saying that "in plenty, security and peace, our virtuous and self-reliant people face the future," and setting aside Thursday, November 25, for the usual observances, he text follows:

"The season approaches when it behooves us to turn from the distractions and preoccupations of our daily life, that we may contemplate the mercies which have been vouchsafed to us and render heartfelt and unfeigned thanks unto God for his beneficence and goodness."

"This is an old observance of the American people, deeply imbedded in our thoughts and habits. The burdens and the stresses of life have their own insistence."

"We have abundant cause for thanksgiving. The lessons of the war are rapidly healing. The great army of free men, which America sent to the defense of liberty, returning to the grateful embrace of the nation, has resumed the useful pursuits of peace as simply and as promptly as it rushed to arms in obedience to the country's call. The equal justice of our laws has received steady vindication in the support of a law-abiding people against various and sinister attacks which have reflected only the baser agitations of war, now happily passing."

"In plenty, security and peace, our virtuous and self-reliant people face the future, its duties and its opportunities. May we have vision to discern our duties; the strength, both of hand and resolve, to discharge them, and the soundness of heart to realize that truest opportunities are those of service."

"In a spirit, then, of devotion and stewardship we should give thanks in our hearts and dedicate ourselves to the service of God's merciful and loving purposes to his children."

"Wherefore, I, Woodrow Wilson, president of the United States of America, do hereby designate Thursday, the twenty-fifth day of November next, as a day of thanksgiving and prayer, and I call upon my countrymen to cease from their ordinary tasks and avocations upon that day, giving it up to the remembrance of God and his blessings and their dutiful and grateful acknowledgment."

Serious Results from Colds

Colds not only cause a tremendous financial loss but are also a serious injury to every one who contracts them as they lower the vitality and prepare the system for the more serious diseases. It is not at all unusual for people who have serious lung trouble to say, "I had a hard cold last winter." Why not take Chamberlain's Cough Remedy and cure your cold while you can.

If it's in the stationery line, call at the Journal office.

THE BEST - AUTOMOBILES!

We are selling Buicks, Dodges and Mitchells. There are no more reliable cars on the market. Ask for a demonstration. We are always at your service. A full line of tires and accessories always on hand. The best of workmen for your repair jobs. Bring them in.

ED. W. THIMGAN, Phone 35-B Murdock, Neb.

Violin Lessons!

I will give violin lessons during the winter months for beginners and also the more advanced pupils. See me or call phone 19-G.

Joseph Wutschinek, MURDOCK, NEBR.

HARDING'S PLAN IS CALLED CHILDISH

By South American League Delegate Now in Paris, Says Killing Pact is Dangerous.

Paris, Nov. 12.—Suggestions from the United States that the present league of nations should be superseded by another world body are not likely to be met with approval by the assembly of the league at Geneva, in the view of Dr. Mariano Cornejo, head of the Peruvian delegation to the assembly as expressed in an interview in L'Eclair today. Although President-elect Harding has spoken of the "decease" of the league, he might be mistaken. Dr. Cornejo said. To wish to kill a building organization, he continued, in order to create another appeared to him a dangerous and childish proceeding, even though the people of the United States may have voted rejection of the league plan.

"The Peruvian and Bolivian governments on November 1," he continued, "asked the league to examine the treaties Peru and Bolivia were forced to sign with Chile in 1883 and 1904. There is nothing in these requests which can wound Chile, a member of the league, since these three countries naturally have confidence in their respective rights and have accepted the obligations of the pact contained in Article 19. (This article provides that the assembly of the league "may, from time to time, advise the reconsideration by members of the league of treaties which have become inapplicable and the consideration of international conditions whose continuance endanger the peace of the world.")"

"Nothing would prevent one or the other of them," he said, "from applying this doctrine to the grave difference dividing them, which does not appear likely to be settled by any other peaceful method."

Referring to the question as to whether the league had the means to make its decisions respected, he said: "You will observe for the moment we only ask that the treaties in dispute be studied, but an institution in which the governments of the principal powers are represented cannot lack the means of affirming its authority."

ONLY FOUR CEMETERIES IN FRANCE

Suresnes, Romagne, Belleau Wood and Bony to Be Permanently Maintained.

Washington, Nov. 12.—Decision of the war department to authorize the maintenance of only four permanent cemeteries in France was announced today. These will be at Suresnes, on the outskirts of Paris; at Romagne, in the Argonne region; at Belleau Wood, where American soldiers and marines met the Germans in the first important engagement, and at Bony, in the Department of the Aisne, which shall be known as "Flanders Field."

A permanent cemetery also will be established near London for those soldiers who died in Great Britain while en route to France.

No distinction as to rank will be made in the grouping of bodies, and the headstones will be identical except for the inscription and the cross or the "star of David" to indicate religious faith.

The TITAN TRACTOR

Keep in mind that we are handling the famous "TITAN" Tractor, and have a few on hand that we can deliver on short notice.

Ask us for a demonstration, or anything pertaining to these tractors or the work they will do.
