ATTACKS MONROE DOCTRINE POLICY

Argentine Writer Rises to Give the United States Advice—Would Have Us Renounce It.

Buenos Aires, Nov. 18.—The United States is advised to renounce the Monroe doctrine and enter the league of nations, in an article by Wenceslas Tello, formerly professor of the United University of Buenos Aires, published in La Razon today, and entitled "Argentinism and Monroism." The writer characterizes "Monroism" as "clear imperialism—the obsession of a people in the face of the twentieth century facts."

"With the convening of the league of nations," he continues, "the North American people soon will realize it has no thinkers and no national policy acceptable before the world. It is not enough to say, 'China is mine,' England could say, 'Half the world is mine.' France could proclaim that Switzerland and Belgium belong to her."

"With the existence of the league of nations, the North American protectorate over South American countries is needed less than ever. Argentinism is an expression of the universal political desire to form a dramatic league of nations. Monroism is a grave imperialism which no nonarchical form of government would dare to proclaim and the more so because of its impotency to put it into practice."

"North America went into the war for the liberty of the seas, but obtained the opposite result. It went into the war to achieve the self-extermination of peoples, but it has contradicted itself. It pursues a policy of aggrandizement and marches to its decadence unless it halts in time. And all this is for lack of thinking."

The author concludes with this suggestion to the United States: "Permit us to give you counsel: renounce your Monroism and you will have the friendship of Latin America. Enter the present league of nations in order to secure your own fundamental democratization. In this matter Argentinism will mingle with the North American policy in homage to universal fraternity."

SERVES MEALS FOR 17 CENTS

New York, Nov. 19.—Delegates to the convention of the national hotel association here could not believe that only fifteen minutes from the tip of Manhattan tempting meals are served for exactly 17 cents each. So Frederick A. Wallis, immigration commissioner on Ellis island, invited delegates on a tour of culinary inspection, just to show how they do it on Uncle Sam's doorstep. A number of the hotel men, who say they are intent on bringing down the cost of tavern fare, accepted the commissioner's invitation, with the idea of showing some of the island method into the conduct of their own kitchens.

"For particulars," said the commissioner, "see MacGowan."

The secret of reducing the costliness of provender as it appears, steaming and succulent, on the dinner table, is a mystery, but MacGowan, D. T. MacGowan, caterer on the island, is on the inside. His explanation runs: "Purchases on a lowest bid basis, quantity, production and profits never more than 1.95 per cent on the monthly investment; result, 17 cent dinners."

And when someone interposed that MacGowan "couldn't serve a 'regular' meal for 17 cents," he exhibited, as a sample menu, the following:

Breakfast: Rice with milk stewed prunes, bread and butter and coffee with two lumps of sugar on the top.

Dinner: English beef soup with barley, Irish stew with vegetables, tapioca pudding and coffee.

Supper: Lamb hash, green peppers, bread and butter, blackberry jelly, coffee and tea.

READY TO BID ON RIO GRANDE

Denver, Nov. 19.—Several prospective buyers tonight had filed the required security to make them eligible to buy in the Denver and Rio Grande railroad properties at the foreclosure sale here at noon tomorrow. Other than that the Western Pacific railroad was one of the bidders, the identity of the bidders was not made public.

The sale will take place on the steps of the company's freight depot here under the direction of William A. Jackson, special master. United States court of appeals denied the application of a stockholder's committee.

The sale is to satisfy a mortgage of some \$26,000,000 held by the Equitable Trust company of New York, representing the bond holders of the old Western Pacific railroad, the bonds of which were guaranteed by the Denver & Rio Grande. A curious anomaly is the effort of this reorganized Western Pacific railroad company to buy up the road which had underwritten the obligations of its predecessor.

A court order provides that not less than \$5,000,000 can be bid at tomorrow's sale.

In addition to the railroad property, right of way, equipment and stations, a long list of securities held by the company are included in the sale.

ENGINEER SAYS IT HAS NO EQUAL

Had to Use Two Canes to Get Around Before Taking Tanlac, but Rheumatism Gone Now

"I made a statement soon after Tanlac set me right two years ago, and as I am still enjoying fine health, I want to go on record again, this time to let my friends know how thoroughly the medicine did its work for me," said Cornelius O'Connor, of 1312 Q street, Lincoln, Neb., a few days ago.

Mr. O'Connor, who is now retired, was a locomotive engineer for thirty-two years. He helped to construct the Chicago, Burlington & Quincy and for a long time pulled passenger trains number 1 and 2 over this road between Omaha and Lincoln.

"Before I took Tanlac," said Mr. O'Connor, "I had suffered from rheumatism for six years. My legs were so lame and painful that I had to use two canes in order to get about at all and the joints in my arms and hands ached so bad I could hardly stand it. I was in perfect misery for days at a time and had lost strength until I couldn't get as far as one block without stopping to rest. I tried everything I ever heard of for rheumatism, but nothing helped me a particle.

"One day an old railroad man and friend of mine told me how Tanlac had helped him and advised me to give it a trial. Well, I have felt thankful a thousand times that I took his advice. Before I finished the second bottle my pains had eased up so I could get around better. While on the third bottle my improvement was especially noticeable. My pains left me and I was walking better and gaining strength every day. I just kept taking Tanlac and improving right along and in the following Spring I went to the country on a fishing trip. On starting home I left my walking sticks at a farm house and have never needed them since for I have had no signs of rheumatism to this good day. I have gained twenty-four pounds in weight since taking this medicine and feel fine in every way. I don't believe there's an equal of Tanlac and it's always a pleasure for me to recommend it.

Tanlac is sold in Plattsmouth by F. G. Fricke and Company; in Murray by the Murray Drug company and the leading druggist in every town.

CONSTANTINE FOR A POLICY OF PEACE

Former Greek King Expects Allies to Let Him Resume Throne—Stands Upon Treaties.

Paris, Nov. 19.—Former King Constantine of Greece today outlined his views of the future foreign policy of Greece to a representative of the Petit Parisien.

"Our policy," King Constantine is reported to have said, "will be one of peace. We must reach an agreement with Bulgaria concerning Bulgarian outlets to the sea, and also must conclude with Serbia a lasting agreement."

"Concerning Asia, we will hold out for restitution of Greek territory, and eventually we will succeed in arriving at such relations with Turkey as will put an end to the massacres of Greeks in Asia Minor."

"I always have tried to establish friendly collaboration with Rumania and Turkey, and still maintain that our interests would be united. But in order that this may be done, Turkey must accept the accomplished fact created by the Sevres treaty."

"We shall keep the letter of the treaties just signed."

Referring to the situation created by the defeat in the election of Premier Venizelos, Constantine is reported to have said:

"I can count upon the sympathy of Italy. And England itself, if it desires, will find in me as faithful a collaborator as my former premier. Regarding France, when the whole truth is known, she will find that I never wished to break with my father's traditions."

London, Nov. 19.—Admiral Coundouriotis resigned as Greek regent last night, and was succeeded by Queen Mother Olga, says an Athens dispatch to the London Times. Immediately a message to the Hellenic press was issued by the new regent, announcing she had assumed office in conformity with the constitution.

"On account of the absence of my well beloved son, Constantine," the people were invited upon to maintain to compromise national peace and prosperity.

General political amnesty has been proclaimed in Athens, and all political prisoners have been released. The city is said to be fairly quiet.

POSITIVE PROOF

Should Convince the Greatest Skeptic in Plattsmouth.

Because it's the evidence of a Plattsmouth citizen. Testimony easily investigated. The strongest endorsement of merit.

The best proof, read it: Wm. Hassler, proprietor blacksmith shop, corner 5th and Oak streets, says: "I know the straining work I have had to do most of my life as a blacksmith is what caused my back to weaken several years ago. Many times I have been down shoeing a horse, when a sharp stitch would take me through my kidneys and hurt severely. My back was stiff and lame at times, too. I started to use Doan's Kidney Pills and they soon corrected the trouble and made my back strong again. About two boxes of Doan's Kidney Pills from Weyrich & Hadraha's drug store was all I had to use. I can work every day now and give Doan's the credit for my good condition. I always keep Doan's on hand and take them occasionally to keep my kidneys well and they never fail."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hassler had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
