TO SELL STOCK IN NEW STORE

Farmer's and Laborers' Exchange of This City Authorized by State to Sell Stock in This State.

The Farmer's and Laborer's Exchange of this city, the co-operative association recently formed here by the Burlington shops and a number of the residents of the nearby territory, and which it is planned will operate a co-operative store in the city, has received permission from the state department of securities the desired permission on that will enable them to sell stock in the store.

The application asked for the selling of \$20,000 worth of the stock and the state board has granted the desired permission and the matter will now be placed in the hands of the directors of the association to permit the sale of the stock to those that may desire to purchase the same.

CASS CO. FARM BUREAU NOTES

FARM BUREAU NOTES

Farm Bureau Federation: Earl Towle of Weeping Water after attending the big meeting at Aurora, solicited 68 farmers and 65 joined the federation. Arthur Wolph of Nebraska reported 650 members out of less than 800 farmers in Thurston county. What is Cass county's aim? Watch your county paper for information. George Domingo is helping in Polk county.

Membership: A million and a quarter members in 37 organized states. Ten thousand in Nebraska since October 1918.

Farm Visits: One day last week I was in Salt Creek precinct and visited Arthur Kellogg's farm. Besides farming he makes brooms and harness. No one can tell them from factory made.

Winter Care of Layers: At this time your pullets should be at the top for health and vigor and should have commenced laying, and now the work should be done. Once more we wish to repeat our often repeated suggestion. Do not overcrowd. Do not keep them in close, air-tight, ill ventilated buildings. Do not keep immature or weak birds in the houses with the rest. Do not keep them in houses that are infested with lice and mites. Do not fuss with or dope them with concoctions that are labeled to make hens lay. The best tonic we know of is early hatching, and common sense.

Nebraska Second in Purebred Sires Campaign: Nebraska stands second in the number of stock raisers using nothing but purebred sires. More than 300 farmers in this state have enlisted in the campaign to encourage breeding of better stock. Virginia leads all states, with 1,000 farmers using only purebred sires. South Carolina follows close to Nebraska. The campaign is being conducted co-operatively by the United States Department of Agriculture, state colleges of agriculture, and local farm bureaus. In an effort to improve the quality of stock. When a farmer has replaced all his scrub sires with purebreds he applies to his local farm bureau for official recognition as a breeder of better stock. When his application is accepted he is awarded an emblem to post on his farm, advertising the fact that he is a progressive farmer. It is believed that in five years

the campaign will result in a material improvement in the quality of the live stock produced in the United States.

RED CROSS PROVIDES NEEDED WHEEL CHAIR

Which Has Been Placed at the Burlington Station for Use in Case of Need.

The local branch of the Cass county chapter of the American Red Cross has purchased and received for use in this city, one of the latest type wheel chairs that will be used as the occasion demands.

The chair is of the type used in the army hospitals and is the latest type of the invalid chairs that are used by those who are unable to get around freely and will be especially valuable for those who are ill or crippled and arrive in the city by train. The chair is kept at the Burlington passenger station and will be used as it may be needed.

It is the intention of the local branch of the Red Cross to have this equipment used anywhere in the city that it may be necessary and it will prove a very valuable asset to the work of caring for the sick.

Not so many people keep diaries, but for those who do, the Journal has secured an assortment of the well-known "Standard" line, which are now on sale.

Barred Plymouth Rock Cockerels I have for sale some pure bred, Barred Plymouth Rock cockerels, at \$2 each. D. A. Young Murray phone 1511, Murray, Neb. T's sw.

FIRE AT RABBIT; SHOT STRUCK FRIEND

Joe Smetana is Victim of Poor Marksmanship of His Companion While Hunting Sunday Afternoon

Joseph Smetana is taking an enforced layoff from his duties in the Burlington shops as the result of a startling experience Sunday while out hunting. Joe was able to serve in the navy throughout the war from early in 1917 until 1919 without receiving a wound and has now come back home and been filled full of buck shot.

It seems that Joe with two companions hastened out at an early hour Sunday morning to hunt the festive cotton tail and thereby hangs the story of the injury of Joe, he with one of his companions were standing on the bank of a small creek while the third of the trio was in the creek itself when suddenly a rabbit started up and at that instant both of the companions fired at the rabbit and missed. The boy who was standing in the creek took a second shot at the rabbit as it tore up the side of the creek bank and missed the rabbit, but Joe received the assortment of shot that was intended for the cotton tail. He was struck in several places in the chest and legs and the lower part of the body and while the injuries were not serious they have proven very annoying. Joe worked Monday and Tuesday in spite of his injuries, but the shot that entered his shoulder and breast have given him so much pain that he was compelled to knock off today.

The most exquisite line of birthday and gift cards to be found anywhere! At Journal office.

Ford Low Prices

still hold good although production of all cars has been greatly curtailed due to present financial conditions.

The buyers who had intended to purchase big, expensive cars are again putting their orders in for FORDS and we expect the Ford company to soon be flooded with buyers' orders.
