that citizens of the county have or mills are running to capacity. While will organize as a mob to spirit him in the eastern section of the state, especially in the larger centers, there are signs of a surplus of labor, the Scottsbluff country is short of hands. from the corn belt country is not

The story which Mr. Hyers brings so pleasing as that from the sugar beet section. The farmer who operated on borrowed capital is up against it. "It's a peculiar situation," he

said. "Never in history did the corn grower receive such a blow in the face of a bumper crop. Farmers gave their notes at loca Ibanks for the necessary funds to plant and tend the crop. The planting and tending were at war-time prices. Most of the notes came due on or about November 1st. The banks are demanding payment and the farmers find that with corn selling at less than 40 cents a bushel they can't realize enough from sale of the crop to take up their obligations and have any-

thing left for a living." "In many cases the banks are up gainst it. They can't carry all of their outstanding paper and must call some of it in. The blow falls particularly hard on the man who enlarged his farm holdings and purchased high priced land when prices were at the peak. The purchaser in many cases made a payment down and gave his note for the balance He figured on meeting his obligations from sale of the 1920 cap. With a return that barely meets the overhead cost of production, he is up against it and can't take up the
