DON'T RISK NEGLECT!

Don't neglect a constant headache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. Ask your neighbor! A Plattsmouth case:

G. T. Archer, painter, Locust near 8th street, says: "As a rule all painters are bothered with disordered kidneys because of the fumes of the turpentine. This has always affected my kidneys when I have had inside work to do more than when outside. I have had to get up as often as every hour of the night to pass the secretions. Sometimes when going up or down the ladder I would have quick stitches take me in my kidneys that felt like needles. I have always found Doan's Kidney Pills a very reliable medicine for this trouble. A few always give me good relief and keep my kidneys in good and active condition. I would not be without Doan's for I know what they will do and have done."

"I believe such a remedy as Doan's should be given the best of praise, knowing as I do from personal use of them."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Archer had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

HARVEY CORY IS PASSING AWAY

John Cory Received Message Announcing That Brother is In Very Serious Condition.

This morning John Cory received the announcement of the serious illness of his brother, Harvey Cory, at Cedar Rapids, Ia., and the information that the life of the brother had been despaired of by the attending physicians. Mr. Cory left this afternoon for Omaha from where he goes to Cedar Rapids to be at the bedside of the brother and hopes to reach that city before the brother passes away. Harvey Cory has been in very poor health for several months and while on a visit in Omaha a few weeks ago suffered a very severe attack of asthma and other complications from which he has never fully recovered. He is seventy-five years of age and this also makes his recovery a matter of much doubt.

August Pautsch of Louisville, was among the visitors in the city today for a few hours looking after some matters of business.

"NO PEACE ON EARTH UNTIL IRELAND FREE"

SO SAYS MAC SWINEY'S WIDOW IN RECITING ALLEGED OPPRESSION BY BRITON

Washington, Dec. 9.—The widow of the late lord mayor of Cork, Mrs. Muriel MacSwiney, presented today to the commission of the committee of 100 investigating the Irish question, the history of the hunger strike in Brixton prison, London, of her husband and of his death and the details as she had witnessed them of attempts by the Irish republicans to gain freedom for their country.

Mrs. MacSwiney concluded her story with the declaration "England shall have no peace, the world will have no peace, until our republic is recognized."

Miss Mary MacSwiney, sister of the late lord mayor, recalled to add details to the story she told the commission yesterday, added to the declaration of her sister-in-law the assertion that the coming winter will be Ireland's Valley Forge, and appealed for American aid, not, she said, for the men and women of Ireland, but for the children.

"The coming winter in Ireland," said Mrs. MacSwiney, "will be hard. The British have destroyed our crops, our supplies of food. The men can get on; the women can stand the suffering, but it is for the children I plead. We must have help this winter."

MacSwiney Died Happy

The widow of the lord mayor of Cork declared there was no choice for the Irish republicans but to stand together, whatever the cost, and continue the fight for independence. She said it was such a spirit that actuated her husband to refuse food until death.

"I knew my husband was happy as his physical strength was worn away by hunger, for his countenance absolutely radiated peace and contentment," Mrs. MacSwiney asserted. "I was brought to plead with him to take food. But I would not, for I never, never would interfere with my husband in a matter of conscience. It was his choice. It was the decision of his spirit."

Miss MacSwiney expressed the belief that the fatal hunger strike of her brother had greatly benefited the Irish independence movement. She told of the series of telegrams she had exchanged with Premier Lloyd George in an attempt to fix responsibility for her brother's prison sentence and for the treatment he and his relatives had been accorded by the British government.

Blames Lloyd George

"The result of this exchange of telegrams," she added, "made me feel that Lloyd George was responsible before God and man for the death of my brother. I shall continue to feel that way, and I shall continue to spread that feeling throughout all of Ireland."

Miss MacSwiney gave an account of what she characterized as conspiracy between officials of Brixton prison and the British home office "to defeat plans of the family to take the lord mayor's body back to Cork," because, she said, "the British feared an uprising and they did not want any more trouble than they already had."

"We Irish are no domestic problem of England's," she said. "We are an international problem. Our ideals, the ideals of all Irish republicans, are the same, and my plea to the American people is that you at least give fair play and justice to us, for the British stories of the separatist movement do not carry all the facts. We are not divided, and we intend that the whole world shall know the truth, both of our cause and the misrepresentations of the British."

The commission tomorrow will hear several former members of the Royal Irish constabulary.

NO EXTENSION OF TIME OF PAYMENT

Of Last Installment of 1920 Income Tax—Collector Loomis Advised by the Commissioner.

The Commissioner of Internal Revenue, Washington, D. C., writes to Collector Loomis under date of December 1st, as follows:

"December 15th is the last day for the payment of the fourth installment of the income and excess profits taxes due this year. To avoid penalty the tax must be in the offices of Collectors of Internal Revenue or branch offices by midnight of that date."

"Inquiries reaching the Commissioner of Internal Revenue indicate a belief that taxpayers have ten days' grace on this installment. Such a provision was contained in the 1917 Revenue Act, but was removed by the Revenue Act of 1918."

"Payment of the fourth installment may be made in cash or by money order or check. The Bureau of Internal Revenue urges that whenever possible payment be made by check or money order. This method helps the taxpayer by saving him a trip to the collector's office and avoids congestion at the cashier's window. Check or money order should be made payable to 'Collector of Internal Revenue.'"

"Bills will be sent to taxpayers, but failure to receive a bill does not relieve the taxpayer of his obligation to pay on time."

CROPS ARE PAYING FOR RECLAMATION

Washington, Dec. 8.—The value of crops grown on lands within government reclamation projects for the single year 1919 was \$25,000,000 greater than the total of \$125,000,000 spent on the projects constructed up to the close of the last fiscal year according to the annual report of the reclamation service made public today. The value of crops produced on reclamation lands, the report said, was "just about twice as large" per acre as the average yield of unirrigated lands in the humid regions.

A total of 2,648,000 acres is now being irrigated by water from government projects, the report showed, including 1,636,000 acres relying entirely upon such projects and 1,012,000 acres receiving a supplemental supply from private irrigation systems.
