

"Back to Earth" Prices!

Folks are ready and anxious to know and to believe that definite price levels and fixed standards of value have been securely established.

Great industries are starting to carry out their pigeon-holed plans for development.

This store is doing its part—buying quality goods and marking them at prices which are revised down to the levels that will become general six months ahead. "—because we have faith; more, we know that this nation is booked for a period of unparalleled progress.

FORWARD MARCH! — to a period of clear-headed, firm-knit, sinewy progress that knows what it wants, and get is — in action, not words.

SPECIAL TODAY—Men's Winter Caps, inside pull down, 98c.

"EVERYBODY'S STORE"

BASKET BALL LEAGUE WILL OPEN SEASON

ON NEXT TUESDAY EVENING AT THE H. S. "GYM"—TWO GAMES SCHEDULED.

The basket ball enthusiasts who have been lying dormant during the holiday week, will have the opportunity of witnessing some very exciting games during the coming week, when the city league, composed of the Eagles, Elks, Morgan's and High School Reserves open the season.

The opening games will be held on Tuesday evening at the high school "gym" and the Eagles will do battle with the High School Reserves in the opening affair while the Elks and the Morgan team will attempt to wrest the honors of the opening meet from each other. In both games there is doubt as to the outcome and the first appearance of the tossers on the floor will be awaited with interest and the friends of all teams will be on hand to root for their favorites.

It is expected to stage the games twice a week, on Tuesdays and Thursdays and the players are getting lined up ready to go.

To settle disputes that may arise the various teams have selected a committee composed of C. E. Pratt, H. A. Schneider and R. W. Knorr, who will endeavor to untangle any complications that may arise in the way of the league games and set in judgment on them.

The teams will meet during the coming week to arrange their regular schedule and then the battle will be on in full swing for the flag. Each team and its manager are confident of victory and all have an abundance of good fast basket ball material to draw from.

The admission will be as low as possible, only enough to defray the actual expenses being charged and from the indications there will be a big crowd present on the opening night of the battle.

You can get any kind of a diary you wish by coming early and picking from the Journal's sample line of "Standard" diaries now on sale.

CAMP FUNSTON SOON TO BE DISMANTLED

Buildings Representing an Outlay of Fifteen Million Dollars Will Be Removed.

Camp Funston, Kas., Dec. 30.—With the fading of the year the final scenes are being enacted in the history of this cantonment. Through this camp 450,000 Americans passed in the process of training for the world war and here Major General Leonard Wood labored while three complete divisions were whipped into shape to face the foes of democracy. Abandonment and dismantling of the cantonment under recent orders of the war department probably will mean also the turning of Army City, a civilian municipality on its border, into a deserted village. In the summer of 1918 there were as many as 45,000 men in training here at one time, but when the order to vacate was received 2,000 officers and enlisted men of the Seventh division were stationed here. These are being sent to Camp Meade, Md., with the exception of the Eighth field artillery, which is going to Hawaii, and the divisional rank corps, which is destined for Camp Pike, Arkansas.

Officers here said today that the camp will be deserted by all except a few hundred caretakers by January 15 of the new year. In case the war department order is carried out to the letter, the "junking" of the property, camp officers say, will mean the dismantling and removal of 1,215 buildings of all descriptions, built at an outlay of approximately \$15,000,000. Kansas representatives in congress have presented to the war department numerous protests from Kansas organizations against this program. This state is particularly concerned in the "Kansas building," built with \$20,000 raised on popular subscription and used as a "community center" by soldiers and visiting relatives.

Camp Funston, occupying 506 of the 19,000 acres in the Fort Riley government reservation, was established early in 1917 and the building plans inaugurated in June of that year. The first troops moved in the following September. It was first a training camp, then a demobilization center and of late the station of the Seventh division.

General Wood was the first commandant. Under his supervision the Eighty-ninth division was trained in four months, going overseas in May of 1918. General Wood then was returned to Funston and trained a new division—the Tenth—which was ready to go when the armistice was signed. Prior to the assembling of the Eighty-ninth, Gen. J. C. Winn took the 35th division overseas from this camp late in 1917.

NEW BISHOP MATE OF JESSE JAMES IN SCHOOL

Wilmington, Del., Dec. 30.—The Right Rev. Philip Cook, now bishop of the Protestant Episcopal diocese of Delaware, in his first public address today, announced he had been a classmate of Jesse James. Speaking to the Kiwanis club of Wilmington, Bishop Cook referred to the "amazing democracy" of America, and said he was born in Missouri, where he had attended school with General Pershing and Jesse James.

TO RUSH PROSECUTIONS UNDER ANTI-TRUST LAW

Washington, D. C., Dec. 29.—A 50 per cent increase in prosecutions under the anti-trust laws is expected by the department of justice during the next year, Frank Nebeker, assistant to the attorney general, has told the house appropriations committee. "There was cessation of prosecutions under this act during the war," Mr. Nebeker said, "and a great many cases that were thought to be good ones under the act were held more or less in abeyance."

The Ford Sedan is the favorite family car, seats five comfortably. While an enclosed car with permanent top, it has large windows, and may in a minute be changed to a most delightful open car with always a top protecting against the sun. In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and demountable rims with 3 1/2-inch tires all around. A real family car. Anybody can safely drive it. It has all the conveniences of an electric car with the economy which goes with Ford cars, low cost of purchase price, small cost of operation and maintenance. Won't you come in and look at it?

Bad Cold and Cough Cured by Chamberlain's Cough Remedy

Several years ago C. D. Glass, Gardiner, Me., contracted a severe cold and cough. He tried various medicines, but instead of getting well he kept adding to it by contracting fresh colds. Nothing he had taken for it was of any permanent benefit until a druggist advised him to try Chamberlain's Cough Remedy. He says, "I was completely cured by this remedy and have since always turned to it when I had a cold and soon find relief."

RECEIVES PLEASANT NEWS

From Friday's Daily. This morning a message was received by Dr. and Mrs. C. A. Marshall announcing the fact that they were grandparents for the second time within the last two weeks, the occasion being the arrival of William F. Bull, Jr., at Botkin, Ohio, where the family have been residing for several years past. The occasion has been one of pleasure to Dr. Marshall and wife and the many old friends here of Mr. and Mrs. W. F. Bull will be pleased to learn of their good fortune. Mrs. Bull was formerly Miss Gladys Marshall.

Joliet Power Corn Shellers

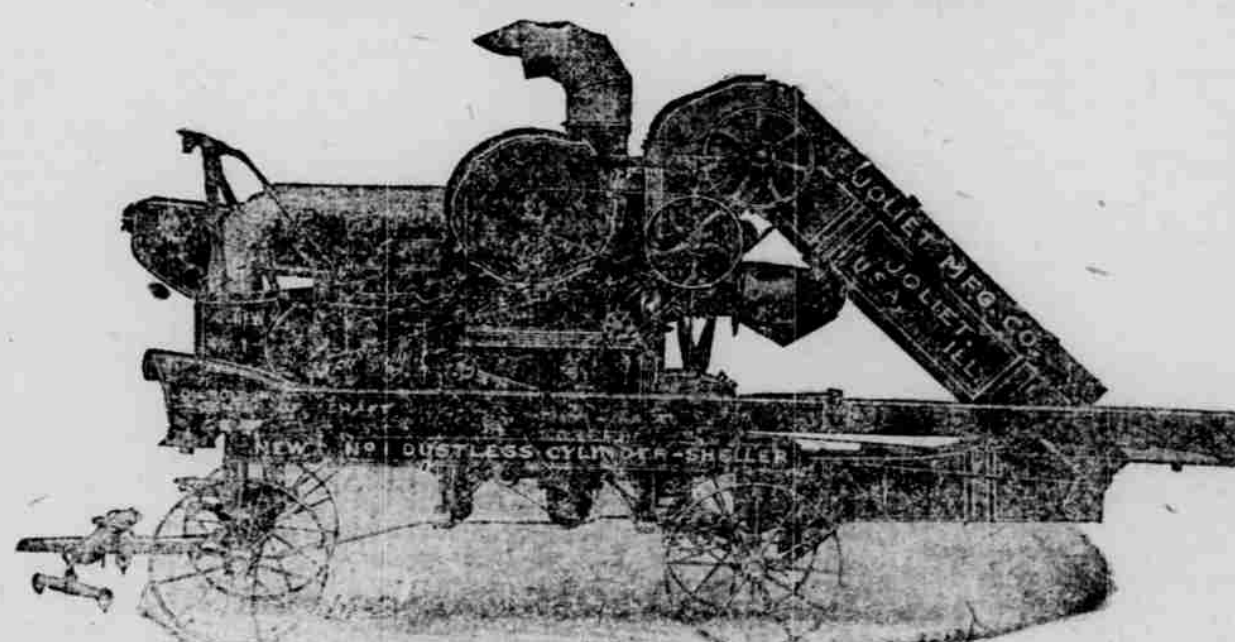

"Famous Wherever Corn Grows"

Established 1851

Incorporated 1867

The Cylinder Machines

BUILT TO SHELL HUSKED CORN

The Joliet Cylinder Corn Shellers possess all the advantages of other cylinder corn shellers and are free from their defects.

They do not require a man to stand behind them in the dust to keep back the unshelled ears of corn.

In fact, these shellers are as nearly automatic as any machines can be that require adjustment for different kinds of work.

We have these shellers in stock. Come in and look them over.
