Not If As Rich as Cresus
If you were as rich as Cresus you could not buy a better remedy for constipation than Chamberlain's Tablets. They are easy and pleasant to take and when the proper dose is taken produce a mild and gentle effect. They also strengthen the digestion.

The Old Year is Gone:-
—It has done about all it can for us. We have endeavored to make the best of every day of it. The new year is at hand and with it will come new work, added responsibilities, but hand-in-hand with the friends of the past we shall not hesitate to tread the path that leads into the future. Let us all work together in 1921 to the end that all may prosper. We are wishing you, our many friends, a most Happy and Joyous New Year.

RUN ON TOBACCO GROWERS' BANK

Four-Hour Descent by Depositors at Lexington, Ky.—Bank of Commerce Object of Run.

Lexington, Ky., Jan. 6.—A four hour run on a local bank, together with the starting of a grand jury investigation of rumors that caused the run and news that Gov. Edwin P. Morrow has under consideration a conference to bring about the settlement of the tobacco situation, were the chief developments in the central Kentucky tobacco district today. County mass meetings of growers who forced the closing of most state markets this week, when they refused to accept prices offered, today selected delegates to a general mass meeting to be held here tomorrow. The meeting is to decide whether or not tobacco shall be planted in 1921 and to attempt to devise means of marketing the 1920 crop.

The Bank of Commerce was the object of the run. Rumors that the bank had loaned so much money on tobacco that it could not pay depositors were alleged to have been responsible. It was said that the rumors reached bank officials last night and Cashier F. G. Stiltz asked the clearance house committee to examine the books. This committee today issued a statement that the bank was solvent. Mr. Stiltz supplemented this with a statement that all depositors were fully secured.

These statements with heavy deposits by business men and transfers of large sums of cash from other institutions to the bank apparently quieted depositors before closing time and withdrawal slackened. The bank, in its statement of December 31, showed resources of \$3,387,450.97 and deposits of \$2,496,695.16, notes and bills discounted totaled \$2,951,486.48.

Markets throughout the Burley tobacco district remained closed today except a few of the smaller ones which did not close when the larger warehouses suspended sales.

Lamar, Mo., Jan. 6.—The Millard State bank of Millard, Mo., failed to open today and the state bank examiner soon is expected to begin an audit of the institution's affairs. W. M. Halpin, cashier of the Commercial State bank of Mount Washington, Mo., which was closed yesterday, is vice president of the bank. He is missing.

HER FIVE YEARS OF TROUBLE END

Lincoln Woman Says She Can't Find Words to Express Her Gratitude for Tanlac.

"Even before I had taken half a bottle of Tanlac I noticed a wonderful improvement in my condition," said Mrs. Elizabeth Fennell, 1641 N street, Lincoln, Neb.

"For five years, everything I ate fermented and bloated and distressed me terribly. I had to be taking something constantly for constipation and at times my feet would swell until I could hardly stand. My nerves were shattered, I couldn't sleep and had awful headaches. I often got so dizzy I had to sit down and was so weak I could scarcely do any of my housework."

"Well, I read a lot about Tanlac and decided to try it. My appetite was never better and I don't think anyone has any better digestion than I have. The headaches, dizzy spells and weakness have left me and my nerves are calm and steady so that I sleep peacefully every night and get up feeling fine and my housework is not a bit of trouble."

Tanlac is sold in Plattsburgh by P. G. Pricke and Company; in Murray by the Murray Drug company, and the leading druggist in every town.

LOUISVILLE Courier

Mr. and Mrs. William Gobelman returned home Sunday from Creighton, where they were called last week by the death of Louis Weber, a brother-in-law of Mrs. Gobelman, who died from acute stomach trouble of a cancerous nature. He leaves a widow. Mr. Weber was a retired farmer and owned 160 acres of land near Creighton.

William Stander shelled his corn last week and is making his preparations to hold his sale January 18th, after which he and his wife will go to California for an extended stay during which time they will visit relatives and friends and look over the situation with a view of purchasing a home if they find things agreeable.

Mr. and Mrs. Otto Sprick entertained a number of relatives and old friends at their country home on New Year's day at a delicious roast duck dinner with all the fancy trimmings. The afternoon passed most pleasantly in music on their new Edison and in conversation. Those present on this happy occasion were Mrs. Sprick's brother and family, Mr. and Mrs. Henry Purnoff, Mr. and Mrs. John Busche and the latter's brother, Philip Purnoff; Thomas Tennant and family; Clarence Busche and wife of Cedar Creek, Minn.; Waldron, Mrs. George Waldron and son Orville of Two Harbors, Minnesota.

Freddie Schliefer, the youngest son of Mr. and Mrs. Fred Schliefer, had the misfortune to injure his left foot very badly the latter part of last week when he jumped from a wall onto some hay. He struck his foot against a stone that was concealed in the hay and Dr. Worthman was obliged to put his foot in a plaster cast. He was unable at first to determine whether the foot was broken or not, but after keeping it in a cast for a few days, he will be able to tell more about it. It may be necessary to have an X-ray taken of the foot. After the first day and night he did not suffer very much from it, and it is to be hoped that it may not prove so serious as was at first feared.

The annual meeting of the Kahler Pottery company was held at the office of the company on Monday afternoon, a majority of the stockholders being present. Secretary Forest Brunson had prepared typewritten reports of the condition of the affairs of the company, which was found to be most flattering and General Manager Kahler and his assistants were warmly complimented by the stockholders for the businesslike manner in which the enterprise has been conducted during the past year. The board of directors had met a few days previously and gone over the affairs of the company and voted a substantial dividend which was paid to the stockholders at the annual meeting. The old members of the board of directors were re-elected for the ensuing year as follows: Philip F. Kahler, Thomas E. Parmele, H. A. Funke, Forest Brunson and L. J. Mayfield. There being no further business the meeting was adjourned.

WEEPING WATER Republican

Miss Emily Wolph, of Nehawka, is a new member of the faculty of the Weeping Water high school, taking the place of Mr. Clarence W. Kelso, who resigned at the beginning of the Christmas vacation.

On Wednesday of last week Mr. and Mrs. Philip Horn and children, Mr. and Mrs. Philip Tritsch and two children and Mr. Walter Hegerer took their dinner and took a sleigh ride down to the Wilson Gilmore home, where they spent the day visiting.

Mr. George Shafer, of Manley, brought his daughter, Miss Carrie home from the hospital in Omaha Monday night where she had been taking treatment for some time. They went out to the home of his daughter, Mrs. Edward Pankonin, where they will stay until Miss Carrie gets strong enough to keep house. Mr. and Mrs. George Wiles entertained Mr. and Mrs. Troy Wiles and two sons, Mr. and Mrs. Earl Wiles and children and Mr. and Mrs. Arthur Jones and children to a dinner last Thursday at their home in Weep-

ing Water. Mr. and Mrs. Wiles expect to leave soon for California to spend the winter.

Weeping Water has a lot of advantages that California and Florida are supposed to have a monopoly on, but don't. When it comes to growing lemons for instance, Weeping Water does not have to take a back seat. George Hitchman, Jr., was exhibiting a lemon one day this week grown at their home. It was fully three times the size of the largest we see on the market and weighed 13 ounces. The tree is twenty years old and produces fruit every year. Last year it produced seventeen fine lemons, the largest weighing 23 ounces.

C. A. Anderson, a long time resident of this community, died Sunday morning at the home of his sons, Dan and Albert, southwest of Nehawka. Funeral services were held from the home at one o'clock Tuesday and the remains laid to rest in Nehawka cemetery by the side of his wife, who preceded him to the great beyond about a year ago. Mr. Anderson had been in poor health for a long time and had made his home with his daughter, Mrs. Bedella Stander of Louisville, but has lately been making his home with the two sons and the daughter. Mrs. Henry Meyers and was up and around and was sitting by the fire when taken severely ill and died two hours later. Mr. Anderson was 79 years old at the time of his death. He lived with his family in Weeping Water for many years. He leaves to mourn his loss, three sons, Dan, Albert and Alfred, five daughters, Mrs. E. R. Stander, of Wisley, Kansas; Mrs. Henry Meyers and Mrs. Louis Ross, both of Nehawka; Mrs. Bedella Stander, of Louisville and Miss Esther Anderson, who is teaching school at Los Angeles, California.

ELMWOOD Leader-Echo

Charley McBride and Wm. Hottle closed up a deal on Monday whereby the former has rented the farm of the latter. Mr. McBride will move to the Hottle farm some time next month. He is now living on the Peter Stutz farm. Charley is a good farmer and we know he has secured a mighty good farm and if favored with a good season, will raise some bumper crops.

A letter from John M. Creamer of Lincoln, states, "I am just dropping you a line to let you know where to send our paper. We are located at 1528 F street." John has moved to Lincoln after having served a good many years at the banking business. He does not say what he is intending to do, but we know that John will not be idle and we expect to hear soon that he is in a fine position working at a useful job before long.

Fred Ronneau was over from Syracuse last Saturday for a short visit with relatives here. Fred came to get his brother-in-law, Wm. Rogers, who has been sick with rheumatism and has been staying with Mr. and Mrs. John Lynn. Fred says that his wife has been on the sick list too for a week or so and taking all around he has been acting as housekeeper and keeping the farm work going too. Fred is looking well and we judge that he is enjoying life as usual, but would like to sell some of his surplus stock and corn.

On Tuesday morning Sam Humphrey, while cutting limbs from trees that interfered with the electric light wires had the misfortune to cut his left wrist very severely. He was up in a large tree and in using a hatchet it hit another limb, glancing away from his aim and struck his wrist, cutting a large gash to the bone. The wound was bleeding badly and when it was first treated was rather pale. With the doctor's care,

Sam is getting along as well as could be expected.

Miss Emma Gyger, who died in Lincoln on December 29th, 1920, was buried in the Elmwood cemetery last Friday. Her death was due to pulmonary tuberculosis, of which she had been a sufferer. At the time of her death she was 51 years of age. She leaves three brothers, Jackson, of Ashland, Oregon; Mark, of Sedgewick, Colorado and J. C., of Chappell, the latter being here to attend the funeral. Miss Gyger was born in Elmwood June 19, 1869. For a number of years she and her brother, Stephen, lived in the Gyger home near the M. E. church. Stephen died some months ago and was buried in the Elmwood cemetery. The funeral

services of Miss Gyger were conducted by Rev. Sala of the Methodist church.

DR. P. L. HALL ELECTED PRESIDENT OF REGENTS

Dr. P. L. Hall was elected president and H. D. Landis of Seward, vice president of the Nebraska state university board of regents for the coming biennial at a meeting held at the university at 11 a. m., Thursday.

his family and will remain this winter.

N. J. Riley, president of the alumni association, met with the board and suggested some policies in connection with the alumni association next year. Regent Frank W. Judson was unable to attend the meeting. The meeting will be continued during the afternoon. The morning session was taken up with the election of officers and discussion.

A Sale Wallop!

We are very gratified to hear from some of our friends, who have been attracted to Omaha by the newspaper Sale Siren — — —

On asking to see the Hart, Schaffner & Marx and Kuppenheimer \$50 suits, marked down to \$25, they were shown in all cases Long Dip Front Coats, Over Padded Shoulders, Peg Top Pants and some more Modern lines, but built from gunny-sack cloth.

YOU BET-CHA we sold you these wild-eyed buzzards ten years ago for \$7.50 to \$15. And if we have any left that we don't use for mops, you can still buy them at that figure.

LISTEN IF YOU WILL—Please don't go candied nuts on low prices. Lower prices came suddenly in our lines, brought about by public sentiment, overstocks, a chance to buy better merchandise than had been seen for four years and to turn stocks into money, at all costs. Any honest merchant, no matter what line he sells, will tell you he cannot go into the market and buy 50% cheaper clothing for spring—these reductions in the most part are actually with the merchant. Your chance for gain is now, certainly, if you know merchandise, or have confidence in your merchant, and you should, for he must be sincere with you now, or he is up the proverbial creek without a paddle.

WE DON'T MIND telling you we have taken better than a \$3,000 mark down on our clothing stock the past month—from \$10 to \$35 on every suit and overcoat in the house. You are asked to compare values. Shop here first—**YOU'LL COME BACK!**
