PROPOSES TO CUT OUT THE BRIGHT LIGHTS

AGITATION OVER GLARING AUTOMOBILE HEADLIGHTS REACHES STATEHOUSE.

The agitation over the use of glaring headlights by automobile drivers all over the state, which was quite extensive the past summer, has found an echo in the Nebraska statehouse and Representative George A. Williams of Fillmore county is on hand with a bill to define the legal lens for lights, provide a penalty for violation of the law and also to prohibit the bringing of cars into the state that are not provided with the proper kind of lights.

The state meeting of the sheriffs at Lincoln recently discussed the glaring headlight question and it was the general expression that a large percentage of the accidents and fatalities that occurred in auto wrecks were caused by the lack of uniform and safe lenses in the automobile lights. The bill that Mr. Williams has introduced has been given endorsement by Geo. E. Johnson, head of the state department of public works. It is declared unlawful to use, sell, offer for sale, ship or otherwise import into the state any motor vehicle lens except as described. Possession of unlawful lenses, either in vehicle or in stock, shall be prima facie evidence of intent to violate the law.

Ban On Sale. It is provided that no motor vehicle lens shall be shipped into the state and none sold or kept for sale within the state until a sample shall have been submitted to the proper state authorities for inspection. The bill provides for the issuance of permits to sell and sets forth the following fee schedule: permit to manufacture, wholesaler and jobber, \$2.50; permit to retailer, 50 cents. Permits shall be posted in conspicuous place. The bill declares it unlawful to drive up the public highways in the state of Nebraska, any motor vehicle not equipped with lawful lenses. The violator may be fined not less than \$10 nor more than \$50 for each offense.

Any person, firm or corporation who sells or offers for sale within the state a car not properly equipped as to lights, shall be fined not less than \$100 nor more than \$200 and the motor vehicles which have been shipped or otherwise transported into the state in violation of the act may be confiscated.

The last section is said to strike at the very heart of the evil. It puts it up to the manufacturer in Michigan, Kokomo and New York to acquaint himself with the Nebraska provisions relative to automobile lenses. It would mean, in some cases at least, specially equipped cars for the state although it is assumed that the motor products of some of the factories will be acceptable even under the proposed act. Since the laws of the several states are not uniform on the subject of lens regulation, it is presumed that more or less confusion would result. If the bill becomes a law, its influence necessarily will spread beyond the state boundaries it is said. It will be essential not alone for the maker of motor vehicles to bring his lens equipment under the law but cross-country travelers will find it necessary to acquaint themselves with the Nebraska law or else arrange their schedules so as to not include this state. Since every state and lesser community is said to have taken up the problem of the glaring headlight, it may be argued that the bill should work little or no hardship. This measure is the only one to have been introduced on this subject.

Williams Bill. Section 1. For the purposes of this act the words and phrases used shall be construed as follows: "Motor vehicles" shall include automobiles, motorcycles and all vehicles propelled by any power, other than muscular power, excepting hovert, traction engines, road rollers, and other vehicles which run only on rails and tracks. "Lawful lenses" are lenses for use on motor vehicles that have been submitted to and approved by the secretary of the department of public works. Sec. 2. Lawful lenses within the meaning of this act are declared to be lenses made of other than clear glass, that do not cause a blinding glare and that have been approved by the secretary of the department of public works. No use, sell or offer for sale, or to ship or otherwise import into the state any motor vehicle lens except as described above. The possession of unlawful lenses, either in the motor vehicle or in stock shall be prima facie evidence of intent to violate the law. Sec. 3. No motor vehicle shall be shipped or otherwise imported into the state, and no lenses shall be sold or kept for sale within the state, except they have attached, in a form that cannot be effaced, traded, or name, easily discernible; nor until a sample of the lenses shall have been submitted to the secretary of the department of public works, to be kept on file; nor until the secretary of the departments of public works shall have issued a permit for the sale of such lenses within the state, for which permit he shall receive the following fees: Permit to manufacturer, wholesaler and jobber, the sum of \$2.50; to retailer, the sum of fifty cents. Every person, firm or corporation receiving permits shall keep the same posted in a conspicuous

place in his place of business. Sec. 4. It shall be unlawful for any person, firm or corporation to drive, or cause to be driven, upon the public highways, or upon any street or alley, in the state of Nebraska any motor vehicle which is not equipped with lawful lenses. Sec. 5. Any person, firm or corporation violating any of the preceding sections shall upon conviction be fined not less than ten dollars nor more than fifty dollars, and cost. Sec. 6. No motor vehicle shall be shipped or otherwise imported into the state, and no motor vehicle shall be sold or offered for sale with a state unless equipped with lawful lenses. Possession of motor vehicles equipped with unlawful lenses shall be prima facie evidence of intent to violate the law. Sec. 7. Any person, firm, or corporation violating the provisions of the preceding section, shall, upon conviction thereof, be fined not less than one hundred (\$100.00) dollars, nor more than two hundred (\$200.00) dollars, and motor vehicles which have been shipped or otherwise transported into the state in violation of this act may be seized and confiscated.

W. D. WHEELER SICK. William D. Wheeler, former county treasurer, and one of the well known residents of the county, is confined to his home on the farm south of the city, where for several days he has been suffering with a severe attack of the grippe. The condition of Mr. Wheeler is not the best and while his illness is not of a serious nature it has proven very annoying.

WILL TEST CATTLE. Dr. O. Sandin will be at the Manpeaker livery barn in Plattsmouth, commencing Monday, to make tests of cows that are used for dairy purposes. Anyone desiring tests made may call Dr. Sandin at phone 388 or 155. ti-daw.

FOR SALE. Good Ford car with self starter, 1919 model. Inquire at the Cedar creek blacksmith shop.

PUBLIC SALE!

The undersigned will sell at public auction on the J. C. Meisinger farm, known as the old "Bud" Murray place, six miles west and one and one-half miles south of Plattsmouth, four and one-half miles west and three-fourths of a mile north of Myriad, on Tuesday, January 25th, 1921.

The following is the described property: Live stock—1 black mare, 13 years, weight 1250; 1 bay mare, 10 years, weight 1400; 1 black mare, 6 years, weight 1100; 1 black mare, 5 years, weight 1000; 1 black mare, 4 years, weight 1000; 1 bay mare, 3 years, weight 850; 7 milk cows, three giving milk, all to be fresh in the spring; 1 red bull, coming 2 years old; nineteen head of pigs.

Farm machinery—One wagon, one hay rack, one mower, one riding plow, one walking plow, two walking cultivators, one 2-row cultivator, one hay rake, one 1-horse drill, one harrow, one corn stalk cutter, one press drill, one disc, one lister, two sets of harness, two sets of fly nets, one gear separator, one 4-gallon churn, one 100-egg incubator, one buggy, one carriage, two steel hog troughs, and numerous other articles. Sale begins at 10 o'clock. Lunch served at noon.

Terms of sale—All sums of \$10 and under, cash in hand; over that amount a credit of four months will be given, purchaser giving note with approved security bearing ten per cent interest from date of sale. All property must be settled for before being removed from the premises. GEORGE H. STOEHR, Owner. W. H. Young Auctioneer, J. L. Meisinger, Clerk. 2td 21w.

PLEASANT FAREWELL PARTY.

The neighbors of Mr. and Mrs. William Stander, south of town, gathered at their home last Friday night, laden with baskets of lunch to give them a pleasant-farewell party, as they will leave their farm sale the 18th, after which they go to California for an extended stay.

The evening passed swiftly in games and lively conversation and Mrs. Stander made the coffee and all enjoyed the splendid supper which the ladies had prepared. Mr. and Mrs. Stander have lived on this old home place of Mr. Stander's parents for the past sixteen years and in that time have proven themselves to be everything that good neighbors should be and their departure is regretted by their many friends. Those present upon this occasion were: Mr. and Mrs. John Scholman (Mrs. Scholman having arranged the party), Mr. and Mrs. William Hoover and two daughters, Grace and Mildred; Mr. and Mrs. Charles Osberg and family; Mr. and Mrs. William Patkoun and family; Mr. and Mrs. Albert Shelhorn; Mrs. Anna Kraft; daughter Miss Emma and son George; Mr. and Mrs. J. Embury and family; and Mr. and Mrs. Herman Deining and family, all near neighbors and close friends—Louisville Courier.

Coming His Way!

Merchants and manufacturers endorse pure-bred cattle because they make business better. They buy electric-lighting plants; farm power; machinery; pianos; household conveniences—power washers, sweepers, churns; better buildings; better homes. They buy improved roads and more efficient schools.

Farmers raise pure-breds for the same reason. They like to be prosperous and pure-breds will make them so. Better cattle widen the margin between the producing cost and the selling price of beef; they make their own market as breeding stock.

Don't let a pure-bred bull go to waste in this community. Remember that the poorest pure-bred is better than the best scrub. He is easier to feed, he makes better beef, and he will pass his money-bringing qualities on to his get. Only the pure-bred can make the cattle industry stable and certain of steady return, year after year.

THE COUNTRY GENTLEMAN, whose cooperation enables us to present these advertisements, has long been an ardent supporter of the pure-breds, because they pay the farmer who raises them. This dominant weekly of farm service studies for you every aspect and every problem of your business and the conclusions at which its trained investigators arrive can be accepted as thoroughly reliable. These investigators say: "Buy Pure-Breds."

In the next 52 big issues (which will come to you for just \$1.00) the editors will tell you why.
