The Masons are doing some very good work and at the meetings of the lodge at Elmwood a week ago last Saturday, a large class was received and instructed in the mysteries of the order. There were from Murdock to attend the meeting, Messrs Wm. Gehrts, H. W. Tool and O. J. Posthast.

Arthur Kraft of Ithica, and a nephew of G. Bauer and brother of Mrs. Louis Schmidt, arrived in Murdock and will work with Mr. Louis Schmidt on the farm for the present. Speaking about a trip which he took in an airplane last fall, Arthur said that the sensation was one far from being pleasant, as the extreme height to which he ascended robbed the trip of all joy.

Max Dusterhoff, the proprietor of the Dusterhoff shops, is at this time engaged in refinishing a work table for the Bank of Murdock, and is producing from the old scathed and used table, one which is just like new, and with as fine a finish as when first built. Later he will get at the interior of the bank, which the banking company expects to have materially changed in the near future.

Are Equal to the Task.

The matter of carrying the scholars to and from the schools, is progressing very nicely, notwithstanding the extreme softness of the roads. J. Johansen and L. G. Gortley are keeping the work up with their usual promptness. Superintendent J. H. Bushnell had very favorable words

to say regarding the excellent service these gentlemen were giving.

Ladies Give Reception.

The ladies of the Royal Neighbors of America met last Wednesday at the home of Mrs. Jess Landholm, where they had an excellent time in their usual pleasing manner. The occasion was a shower which the members of the society and others were extending to Mrs. Landholm, and also extending well wishes. The hostess as an entertainer is par excellence.

Corn Forty Cents.

While the price of corn has fallen to forty cents per bushel, there are considerable offerings, but owing to the roads which are in very bad condition, the receipts have been cut off. During a period of a few weeks, the farmers have shipped four or five teen cars of wheat and but one of corn.

The almost impossible condition of the roads is interfering with the completion of the line, though the work is going on rapidly just the same.

Little Daughter Dies of Pneumonia.

The little daughter, but seven months of age, of Mr. and Mrs. James Sullivan, died at their home in Lincoln and was buried at Wabash cemetery last Tuesday. The funeral services were conducted by a minister from Elmwood. The little one had a severe attack of pneumonia and while all medical services were employed that could aid the nursing was the best, the little one could not be saved. They are to appear in a number of the lyceum course at the Modern Woodman hall on Thursday, January 27th. Do not fail to be in attendance at this very interesting evening.

Does Fine Piece of Work.

E. W. Thimngan the popular garage man, was a brief visitor in Lincoln last Thursday looking after some business matters and returned home on the noon train. Mr. Thimngan, by the way, is an expert when it comes to car work, as we observed a very fine piece of workmanship which he accomplished on a piston for a car on which he was working, fusing a piece of metal into the piston which produced a finished piece of work, which could scarcely be detected from the original piece.

Gave Interesting Program.

Last Sunday evening at the Evangelical Association church was given a very interesting program which was enjoyed by a large crowd, the services consisting of music by the choir and an address by Miss Bertha Merckle, entitled "Self Control," which was enjoyed very much for its worth and the pleasing manner in which Miss Merckle delivered the number. ## RESERVES TRIM UP THE ELKS

Leaders in City Basket Ball League Experience Defeat at Hands of Young School Players.

From Friday's Daily.

Last evening the games in the city basket ball league attracted quite a good sized crowd that witnessed the defeat of the Elks, leaders in the league race, by the High School Reserves, composed of the lower classmen of the school, by the score of 29 to 25, in a very exciting battle which was desperately fought to the last second of play by both teams. The Reserves by their speed and quickness were able to get away with the game from their more experienced opponents and as a result are in a fair way to contend for the leadership in the league.

The game between the Morgan's and the Eagles resulted in a top-heavy victory for the Morgan team by the score of 49 to 5. The Eagles secured their tallies through the persistent work of Vic Kirvanek, the center, who was able to annex two field goals and saved the team from a shutout. Vic, however, suffered a great loss of hide in his handling by his opponents and bears the mark of the grueling battle in which he was a factor.

The speed with which the Reserves are cleaning up on the other teams in the league makes the race very interesting and the forthcoming games will be watched with interest by the followers of the game.

## WOMEN ON JURIES.

One of the measures introduced in the legislature at Lincoln is one that is to provide for removing the disability on women serving on juries in the state of Nebraska, and extending to the newly franchised ladies the full responsibilities of citizenship and among which jury duty is some of the uncomfortable features. It will not be long until the eloquent attorneys of the bar will lift up their voices to plead with the "ladies of the jury" and then the handsome members of the legal fraternity will enjoy an immense advantage over their less charming but more learned legal adversaries. The trials and tribulations of jury duty that the males of the community have long endured will not be divided with the ladies, as the law will without
