**FIREMEN HEAR
THE STATE
FIRE WARDEN**

C. E. HARTFORD, HEAD OF STATE
FIRE COMMISSION, ADDRESS-
ES THE FIREMEN HERE

Last evening the regular monthly
 meeting of the Plattsmouth fire de-
 partment expected pleasure in hav-
 ing with them C. E. Hartford, state
 fire warden, and who is conducting
 a vigorous campaign to make the
 fire losses of Nebraska brought to the
 lowest possible figures.

Mr. Hartford offered the members
 some very valuable suggestions as to
 organization in their work which
 were especially appreciated as the
 membership is just getting organized
 for real work and the suggestions of
 Mr. Hartford will prove very helpful
 indeed to the members.

The portion of the remarks of Mr.
Hartford relative to the preventing
of fires was especially interesting as
the marshal reviewed the steps that
could be taken to prevent accidental
fires and conflagrations that were
caused by the carelessness of prop-
erty owners. In connection with
the campaign to prevent fires the
warden urged the formation of aux-
iliaries of the ladies of the combun-

ity to study fire causes and their
 best means of prevention and this
 method has been found very success-
 ful in the east where it has been
 tried out in the smaller cities
 and has materially aided in checking
 the fire losses of the country.

As is shown in the published re-
 port of the state fire warden in this
 state a larger part of the fires are
 caused by sparks from chimneys and
 defective flues and it is the duty of
 the property owner as well as the
 members of the households to see
 that their property is kept up in
 shape and with inspections of the
 chimneys at least once each year to
 determine their safety. In the con-
 nection with this phase of the safety
 first movement the fire warden has
 issued some notes as to chimney con-
 struction, and states that all chim-
 neys irrespective of what material
 the walls are built of should be lined
 with fire clay, fire lining or fire brick.
 This lining should be made for the
 purpose and adapted to withstand
 high temperatures and gasses from
 burning fuel. The chimneys should
 be constructed from the ground up
 and shall not rest on wooden beams,
 brackets or hung from wooden rafters.

The clean up of attics, cellars,
 closets and yards is another of the
 measures of fire preventing urged by
 the warden, at least twice a year in
 the fall and the spring and all use-
 less rubbish and material removed.
 The care in electric wiring is another
 matter in which the state fire com-
 mission is much interested in and
 urges all citizens to see that their
 electric wiring is done in a manner

that will conform with the law of
the state.

The state fire warden while here
 took occasion to inspect the equip-
 ment of the fire department and
 was much pleased with the chemical
 truck that has been installed as it
 is considered by the state as one of
 the biggest assets in fire fighting that
 a city can possess.

The members of the department
 at the session last night discussed
 to some extent the matter of the
 chief of the department and it was
 the general expression that the pre-
 sent occupant of the office was satis-
 factory and the department did not
 recommend that any change be made
 at this time.

**ASKED TO ENDORSE
NEBRASKA'S STAND**

Proud of Portion Taken on Fofdney
Tariff Bill by Those Representing
This State at Washington.

Eleven members of the house, in-
 cluding the entire democratic group of
 four, introduced a resolution Tues-
 day endorsing the Fofdney emer-
 gency tariff bill which was passed
 by the national house of representa-
 tives and is now pending in the
 United States senate. The representa-
 tives from Nebraska are warmly
 commended for their earnest and ef-
 fective support of the members. The
 introducers of the resolution; George
 A. Williams, George C. Snow, John
 McLellan, Walter Sandquist, Charles
 H. Epperson, Theo. M. Osterman, E.
 E. Good, G. M. Walling, Henry Book,
 W. H. O'Garra and F. Hoffmeister.
 The rules were suspended and the
 communication unanimously endor-
 sed. The resolution is worded as
 follows:

Whereas, there has passed the na-
 tional house of representatives, and
 there is pending in the United States
 Senate, a measure known as the
 "Fofdney Emergency tariff bill, and,

Whereas, the purpose and effect of
 that measure are as we believe in
 the interest of the producers of Ne-
 braska in this time of money strait-
 enness, and farm product price reduc-
 tion;

Therefore, be it resolved, by the
 Nebraska house of representatives,
 That our representatives from Ne-
 braska are commended for their ear-
 nest and effective support of this
 measure; and we respectfully request
 Senators Norris and Hitchcock to sup-
 port said measure with all their abili-
 ty and zeal.

Be it further resolved, that a copy
 of these resolutions be sent by the
 clerk of this house to said senators,
 and to each of the Nebraska members
 of the national house of representa-
 tives.

Representative Snow introduced a
 resolution calling upon the house to
 deny to W. F. Stecker of Omaha,
 a former member, privilege of access
 to the floor until a public written
 apology is made by him for a com-
 munication signed by him and re-
 ceived by members last Thursday. It
 is alleged that this communication
 contained charges against the Ameri-
 canism of members of the Douglas
 county delegation. The house is
 urged to declare its disapproval and
 punishment at the so-called gratuitous
 insult.

Representative Druesedow, chair-
 man of the committee on cities and
 towns, insisted that the resolution go
 over for one day under the rules.

Socialist Leader Says Not Surprised
at Wilson's Refusal of
Commutation.

Atlanta, Ga., Feb. 1.—Eugene V.
 Debs, socialist leader now serving a
 ten-year sentence in the federal
 prison for violation of the espionage
 law, was not "surprised nor disap-
 pointed" over the president's refusal
 to commute his sentence, according
 to a statement he issued today
 through his counsel.

"It was my own only fear," the
 statement said, "that I might be in-
 debted for my liberty to Woodrow
 Wilson. My record, good or bad, is
 at least consistent, and that is the
 only way it could have been
 smirched."

The statement referred to the
 president at the "most pitiful figure
 in history."

After stating that he was "never
 in better physical condition than I
 am at this hour," the statement con-
 tinued:

"Mr. Palmer called attention to
 the fact that I shall be eligible to
 parole August 11, 1922. In answer,
 I have to say that I shall not apply
 for parole, nor accept it. I shall
 serve my term or leave here with
 an unconditional pardon. I came for
 my convictions and I shall not bet-
 ray them for any paltry considera-
 tion such as a parole. I may be in
 prison but unlike the man who keeps
 me here, I am not an exile from my
 country. When I leave this prison,
 I shall go unrepentant."

**Nix on the
"Parley-Voo" stuff!**

A FRIEND of mine,
WHO COULDN'T speak,
A WORD of French,
WENT TO Paris,
AND THE first time,
HE HAD to get,
A HAIRCUT and shave,
HE PRACTICED an hour,
MAKING SIGNS,
IN THE looking glass,
SO THE French barber,
WOULD UNDERSTAND him,
AND THEN he went in,
AND WIGGLED his fingers,
THROUGH HIS hair,
AND STROKED his chin,
AND THE barber grinned,
AND FINISHED the job,
THEN MY friend thought,

HE'D BE polite,
SO HE gave the barber,
AN AMERICAN cigarette,
WHICH THE barber smoked,
AND MY friend pointed,
TO HIS mouth,
AND SAID "Likee voo,"
AND THE barber roared,
AND SAID "You BET,
I USED to smoke 'em,
WHEN I worked,
IN INDIANAPOLIS,
AND BELIEVE me,
THEY SATISFY!"

HERE'S a smoke that talks in any
language and needs no inter-
preter. Light up a Chesterfield, draw
