\$560,000,000 In the Pockets of America!

It has been estimated that 20,000,000 Americans carry in their pockets \$560,000,000 in bills and loose change.

A Costly, Dangerous Custom

Remember this money in the pocket is non-interest bearing cash, it is not in the bank in the form of deposits and cannot be used as a basis of credit.

The columns of our newspapers are filled with the records of personal hold-ups, pay roll bandits, house breaking and pick pockets.

Why carry money in the pocket? Far better to carry a check book! If it is lost, you can get another and it has no value to the finder. A check is a receipt for money paid.

A safe and wise place to have money in is the bank. Deposit your pocket money today.

Entertained Epworth League.

Last Thursday at the home of W. H. Porter, Miss Leatha, with Misses Ida Maugay and Elsie Taylor, entertained the members of the Epworth League at which a general good time was enjoyed by the large crowd which helped make the evening one of pleasure. A delightful luncheon was served after games and songs had all been indulged in. Ice cream and cake, with coffee was the distinguishing features of the dainty lunch.

Rev. W. A. Taylor Very Ill.

The Rev. W. A. Taylor, who has been troubled for a number of years past with stomach trouble, and which has given him much suffering, had the malady culminate last week in an attack of hemorrhage of the intestines, which was of such a serious nature that some did not expect he would recover. With a grip on life and a magnificent constitution and the best of care and medical attention given by Dr. Garritt, the climax of the attack was passed and on the first of this week there was hopes of his recovery. The many friends of this excellent citizen are hoping that he may soon be well again.

Picture Show a Success.

"The Sapehead" which was given by Bert Willis at the movie theater last Saturday night was a success in the line of furnishing a good show and one which caused a great deal of laughter during the whole show. Everybody was well pleased with the show. The picture for the coming Saturday evening is one as funny as the one last week, if not more so, and is known as "Fair and Warmer." This is a picture that you do not want to miss. It played in the larger show houses of Omaha only a few weeks ago, claiming large audiences night after night.

Royal Neighbors Install Officers.

Last Saturday at their regular meeting, the Royal Neighbors of America installed the officers elected for the coming year. The order has been in a very flourishing condition, and has been blessed with a large number of new members, who are good workers, and we look for still more increases in their numbers and working force. The newly installed officers are: Mrs. Minerva McQuinn, president; Mrs. Nora Niday, vice president; Mrs. Mary Niday, chancellor; Mrs. Martha Lynn, past officer; Mrs. Jesse Liggett, recorder; Miss Clara Dyart, treasurer; Mrs. Della Roddy, marshal.

Union School Notes.

Miss Rosenfield's room. Miss Gussie Robb visited our room last Monday. Cleoma Farris is absent from school on account of serious illness. High School Notes. Vera Upton was absent from school last Friday. Pearl Eaton gave an interesting report last Monday morning on the "Story of Our Continent." The 7th and 8th grades gave a program last Thursday morning which consisted of readings and piano solos. The members of the 9th grade each gave a memory quiz on Thursday last Friday morning during the convocation period. This week was the first week of the second semester and report cards were given out Friday evening in all the grades. Mr. Gaines and Mrs. Subbielt visited high schools last Wednesday and gave very interesting talks that were greatly enjoyed by all the students. Five of the high school boys sang several selections Wednesday morning and several of the 8th graders also gave vocal numbers and readings. The seventh and eighth grades joined with the high school in the opening exercises each morning. Programs are given each morning by different students and classes. Sophomore notes. The Sophomores fully enjoyed two speakers Wednesday, although we need to miss our studies on studies. We want to compliment the "Freshies" on their memory (less) rems? which they rendered Friday a. m. We have taken up the study of Botany and consequently spend most of our time chatting with Webster and the International. La Vern Frans started in taking a primary course at night school last Friday night and became so interested that she forgot to watch the clock and got locked in.

Ford

THE UNIVERSAL CAR

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the Fordson Tractor has been reduced from \$790.00 to \$625.00, effective immediately.

"This price change has been made possible through lower costs of materials, and the fact that we are now located in our new Tractor plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, and are already reacting to a much greater extent, its value as a power and hauling unit. But particularly has the Fordson Tractor proved a most valuable factor in the saving of farm labor at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of brushery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the Fordson within the reach of all.

"There is no change in the present Ford car and truck prices, which are already at the lowest possible figure and now with rock bottom reached on the tractor price, a further reduction in price of either the Car, Truck or Tractor is out of the question, in fact, the big price cuts have been made in anticipation of continuous maximum production, and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present price on Ford products cannot be guaranteed against possible increases.

Ask for the book, "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.
