Mrs. Isaac Stone, Obituary.
Melicent P. Wycal was born at Rising Sun, Indiana, July 9, 1835, and died at University Place, February 1, 1921. The early years of her life were spent in the vicinity of the public schools, and she also gave her life to God and united with the Free Will Baptist church at the age of twenty years. She attended and graduated from Hillsdale College, Indiana, and was later a teacher in the public schools for 13 years.

At the age of thirty years she was united in marriage to Isaac Stone, February 26, 1865, in Indiana, where they resided until 1872, when they moved to Kansas, living there one year, then moving to Cass county, Nebraska in 1873, where she resided until the last two years, moving to University Place in July 1919, and resided there until the day of her death, being 85 years, 6 months and 21 days old.

Isaac Stone, who passed away in July, 1908, was a minister of the Baptist church and for many years was pastor of Fairview church near Wabash. He had a wide circle of acquaintances throughout the county and especially in the community of Alvo where he was greatly loved and respected. His wife was a woman of superior intellect and qualities of character, so much so that even a casual acquaintance was at once impressed with that fact. And although practically helpless for some time before her death, she retained the clear use of all her faculties of mind. She died without suffering.

The following children survive: Edgar M. Stone of Alvo; Isaac Deane of Denver, Colo.; Rollin A. of Los Angeles, California; Martha A. Manners of Wood River, Neb.; Josephine W. Baldwin of Denver, Colo. A step-son, Richard K. Stone, resides in Kansas. She leaves besides her children, two sisters and one brother residing in Indiana. There are also seventeen grandchildren and five great children and many other relatives and friends to mourn her loss.

The funeral was held from the Methodist church at Alvo, Friday afternoon, February 4th, 1921, at 2 o'clock, Rev. E. A. Knicht, pastor, officiating, and she was laid to rest in the Alvo cemetery beside her husband. There was a large attendance and a great abundance of beautiful flowers showing the great appreciation in which Mrs. Stone was held in the community.

Effects of Constipation
Constipation causes a stoppage of the sewerage system of the body. The poisonous refuse matter that should be carried away is retained in the system and often poisons the blood and causes numerous disorders. No one can afford to neglect his bowels. A box of Chamberlain's Tablets will afford relief. Avoid drastic cathartics as they take too much water out of the system and their use is likely to be followed by chronic constipation.

Maximum Service Machinery!

The Litchfield Manufacturing company are not claiming that they have the only good manure spreader, but they are claiming that they have the best, from a number of points, which is effective service, economy in operation and thoroughness in the work done, no matter what kind of material which is operated upon.

It is said that the makers of the Special spreader do not know how to make anything else, but the great and potent fact is "They do know how to build the best spreader."

That is not all they do. They furnish a machine that pays on a farm, not a toy, but a real revenue getter, a better instrument than an auto, a truck or a tractor.

There is a number of other good features in this machine which we have not space to enumerate. Give us a chance to demonstrate.
