FARMING-- The Basic Industry!

The business of farming is the basic industry upon which all of the industries of the world depend. Of course, even the very life of the people of the world depends upon the production of food.

When the farmer raises no crops, the banks of the country have no money, the merchant's business is poor, the manufacturer has little demand for his goods and the whole world is topsy-turvy.

Farming is the greatest business in the world. This bank lends every encouragement possible to farmers. It appreciates that its prosperity depends upon the prosperity of the farmer.

DAUGHTERS OF AMERICAN REVOLUTION

Fontenelle Chapter Holds Meeting at Home of Mrs. E. H. Wescott and Pleasant Time Had.

From Tuesday's Daily.

Last evening the members of the Fontenelle chapter of the Daughters of the American Revolution met at the home of Mrs. E. H. Wescott on high school hill and a very pleasant meeting was enjoyed by the ladies in discussing the affairs of the society and the program of the season.

Mrs. H. R. Cole gave a review of the February number of the D. A. R. magazine that proved very interesting and this was followed by one of the subjects of the winter's course of study, "Lafayette" being the topic, and a most thoroughly enjoyed paper on the great Frenchman was given by Mrs. Lynn O. Mifnor who covered thoroughly the many interesting facts in the life of the soldier-statesman which are so closely interwoven with the American republic.

Mrs. W. L. Street of this city also gave a very interesting history of early days in Plattsmouth and Cass county that was much enjoyed and which brought forth many very interesting facts concerning the early life in this community.

The chapter also held their election of delegates to the state conference which is to meet at Columbus on March 16-18, and Mrs. W. S. Sete, regent of the chapter, and Mrs. J. E. Cole were selected as delegates with Miss Bernese Newell as the alternate.

HOW TO IMPROVE YOUR HEALTH

At the Dentists' Convention held in the last days of January in Chicago, one of the foremost speakers said: "If you would like to improve your health, try eating with deliberation." And he enumerated many physical ills that the "quick lunch" habit suffers. But this bad habit of devouring food without mastication cannot be easily removed, and therefore we must reckon with it and look for a sure corrective. Triner's Bitter Wine is the remedy. It aids digestion and cleans out the bowels. Everybody who has tried it is satisfied. So wrote us Mr. Fernino Lopes from N. Bedford, Mass.: "I have tested Triner's Bitter Wine and must say that it helped me remarkably." Your druggist or dealer in medicines will confirm you that the renown of all Triner's remedies is peerless. Triner's Liniement, Triner's Cough Sedative, etc., are all excellent remedies.—Joseph Triner Company, 1233-45 S. Ashland Ave., Chicago, Ill.

MARCH WEATHER IS HERE AHEAD OF TIME

The weather conditions of the past few days are clear indications of the fast nearing approach of springtime, and the fact that March is but a few days off is plainly evident.

With the soft and balmy conditions and the slight rainfall of last night, the cool northern wind today has brought many a shiver to the householder and caused a hurry-up call on the stoves and furnaces.

Last evening the first lightning and thunder of the season was recorded and every indication is that the real cold weather has gone for this season, although there will probably be several snappy days before real springtime.

HOLD POOL HARMLESS INDOOR AMUSEMENT

Lincoln, Feb. 15.—Pool was defended as a harmless indoor amusement in the senate today, when a bill providing amendments to the present law forbidding minors in billiard rooms to include "pool room" came up for consideration. The measure also provides for fining a minor who misrepresents his age.

"You've already legislated to prevent the boy from working," Senator Berka argued. "Where can he go or what can he do?"

The measure was recommitted to the committee on child welfare for specific amendment.
