Col. W. R. Young, of Plattsmouth was a visitor in Nehawka a short time last Wednesday while on his way to cry the Morris sale. The local bank safeguards the best interests of the community. See that you have their advice when in doubt about an investment.

Nehawka has been rather on the quiet order so far as farming visitors were concerned during the past week, the farmers, many of them, being in the fields during this good weather, cutting stalks and doing other work preparatory to the production of a bumper crop, notwithstanding the low prices realized the past season from their efforts.

The Union orchestra was in Nehawka last Tuesday evening practicing at the auditorium for a dance which was given Thursday evening, and at which they furnished some excellent music. The body of the little one was brought to Nehawka for burial last Monday. Mrs. Glaze was formerly Bethel Allen, daughter of Mrs. Edward Sheehan, who formerly lived in Nehawka, being then Mrs. Cora Allen.

**Much Corn Spilled**  
Last week a car of corn which had been loaded at the Sturm elevator and was being switched, was spilled along the track for a considerable distance when a post at one of the doors gave way, allowing the wall to slip out. The agent noticed the condition and yelled lustily in an effort to have the engine stopped, but as a brakeman was on the other side of the string of cars giving signals to proceed, his effort to get the car stopped were unavailing until it had been moved some thousand feet, leaving a trail of shelled corn extending from the elevator to the Sheldon factory. As much of the grain was gathered up as possible and returned to the elevator. The car had two ends on it specifying it to be in good condition for grain, and was loaded and cooped to safeguard against loss, but the weak post caused a break and spilled the corn—not the beans.

**Held Joint Meeting**  
The Ladies Aid society of the United Brethren church and the "Busy Workers" of the Methodist church held their meetings of the past week jointly at the home of the pastor of the former church, Rev. They put out one of the best burial vaults on the market and are helping to keep Nehawka on the map from a commercial standpoint.

**Graduated Last Week**  
Leland Hodge, who has been attending the Nehawka consolidated schools, graduated last week with a total of 31½ credits, which is an excellent record considering the number of studies he was carrying. He will continue with some extension work he has been taking, and will also be associated with his father in the garage.

**Eating House Changes Hands**  
The eating house which has been conducted by Blake Bros., has been disposed of to H. M. Griffin, the deal being made through the agency of Frank Resnik, the real estate man, who by the way is doing an excellent business. Mr. Griffin will go after the matter of feeding the public in his usual energetic way of doing things, and should provide an excellent place for the accommodation of the traveling public.

**Celebrated Friend's Birthday**  
When Winfield Scott Davis, who on Thursday, February 24th, arrived at his 65th birthday, was receiving the congratulations of his friends, little did he dream that that night a crowd of his friends would gather to surprise him. Waiting until he began preparation for retiring, the company chose that as the time to announce themselves, and aroused him by knocking at his window. Opening the door he found his good neighbors ready for the celebration which they had planned wholly unbeknown to him. The evening was spent in a most enjoyable manner, everyone having a fine time. Those who were present on this auspicious occasion were Messrs and Mesdames R. B. Stone, Henry Kropp, J. W. Magney, H. M. Pollard, E. A. Kirkpatrick, George C. Sheldon, B. O. Mr. Hodge and his two sons, Leland and Sterling, will make some alterations, and will in a short time have an announcement for the public as to the conduct of their business and the lines which they will carry. G. L. Whiteman has been employed as mechanic and will be an important cog in the business mechanism. He has the advantage of a broad experience and general knowledge of all cars and is in position to look after the customers' wants in the best of manner.

**Better Service Assured**  
The Nehawka Milling company is here again. Arrangements have been made for the return of the Nehawka roller mills to their original owner, Mr. C. D. St. John, who will conduct the business in the future. The institution was leased some time ago to an Omaha firm which lately has not been looking after the business in a manner guaranteeing a market for grain or a source of securing milled products, but upon the return of management of the property to Mr. St. John, the community is assured of the enterprise being conducted in a way that will reflect to the best interests of Nehawka and vicinity. Mr. St. John will continue the making of his excellent brand of flour, "Letter Roll" which will again be on the market in a short time.

**Married in Iowa**  
John Sheed and Miss Blanche Tengel took a trip to Council Bluffs last week and while there surprised their friends by being united in marriage. Rose farm near Nehawka, where they will engage in tilling the soil.

**Will Play Ball This Year**  
The baseball fans of Nehawka are active when the sun shines and the recent good weather has brought to life the dormant interest in a team for the coming season. As a result, the boys have gotten together and organized their forces. They have leased grounds for a park and already have the following signatures on the 1921 roster: Thomas Mason, first base and playing manager; H. M. Griffin, catcher; H. Kemblin, second base; F. Miller, shortstop; H. Westell, third base; E. Rutledge, in the left garden; H. Johnson, center and Leland Hodge, right, with O. G. Glesney, O. J. Johnson and G. L. Whiteman, pitchers. This combination promises to materialize into a strong team; look out for them.

The Royal Neighbors met Tuesday at the home of Mrs. Nels Sogard to give a farewell for one of their members, Mrs. Henry Haslam, who leaves soon for the west. Two other social events were given last week for the Haslams at their home. The first was the Rebekah order calling with well-filled baskets of edibles and a substantial gift for their departing members, the gift being a silver knife, fork and spoon for each of them.

Martin C. Johnson made a deal March 1st with Henry Snell, east of town, whereby Mr. Johnson and family will move onto the Henry Snell farm and take charge of the same this year while Mr. and Mrs. Snell visit their old home in Denmark. Mr. Johnson gave up the farm he had near Eagle and had a public sale expecting to move to his land in Colorado, but Mr. Snell was without a tenant March 1st so Martin postponed his move to Colorado this spring.

Mr. and Mrs. W. W. Davis went to Avoca on Tuesday afternoon to spend a few days at the home of their daughter, Mrs. C. W. Everett. Miss Fern will go back and forth on the train to keep up her school work while the folks are at Avoca.
