RUDOLPH BERGMAN, MANLEY NEBRASKA -:-4241

Lumber Prices are Lower!

The farmer, laborer, manufacturer and retailer are taking their loss. All must do this in the present readjustment process, and we have taken stock, and are placing our lumber prices back to where they formerly were, even at a considerable loss. They are now at a level where even the present low prices of grain will justify their purchase for immediate building.

We furnish you better prices and service than you could possibly hope to secure from out of town firms. We buy from the mills the same as they. When you buy out of town you pay for reloading together with a high local freight rate, and you know what that means -over \$50 per car. We can save you that, and you don't have to purchase a lot more than you need, either. See us before buying.

And say, how about a hog house or a chicken house? They will pay you big dividends. We have plans, specifications and estimates of their cost.

We want your business on the basis of good service and money-saving prices. Unless we can give you these, we don't want you to feel under any obligations to buy of us.

Frost, Curyea & Murtey
