The Business of Being Human!

We believe in the business of being human. Applied directly to our particular line of work, we believe that the general public deserves and is entitled to the best that we can give. The smallest saver is no less welcome in this bank than is the man with a fortune to invest. The widow or inexperienced woman who wishes to protect her small possessions is as much a human problem to us as are the heirs of a large estate. To one and all, rich and poor alike, we extend the same invitation to make the fullest use of our facilities.

Is just what one hen will make you in a single season, if she is properly cared for.

Where can money be invested that will show any where near such attractive returns?

Not being satisfied with making you such large returns, she goes out scratching for herself, producing enough eggs the same season to pay for the board of herself and family.

With eggs selling from 25c to 60c per dozen and chickens from \$12.50 to \$18.00 per dozen, any one can see the advantages of raising poultry.

However, it must be remembered to accomplish the above results, Biddy must have a comfortable home.

Build that chicken house now and start a bank account. We will quote you lowest market price on material.

We appreciate your patronage.

Cross, met with the city council last Friday evening and asked that the city co-operate with the community club in the establishing and maintenance of a rest room for the ladies who come to Union to trade. The council willingly agreed and they will pay the rent of the Taylor building, while the community club will look after the care of the place. This is a step in the right direction and an action which many a town larger than Union could well afford to follow. Let us see what city will be next to look after this much-needed public convenience.

He is moving into the Methodist parsonage in Union, where they will make their home for the present.

Put in a Busy Day.

The Rev. W. A. Taylor and wife went by auto to Wabash last Sunday where they had services at the church in that place where Rev. Taylor has ministered for the past fifteen years. Knowing that there was work for them at home they departed for home immediately after the close of the morning service and arrived home at one-thirty. After a hurried luncheon they went to the home of Mr. and Mrs. J. H. Osborne, where their son, Harvey A. Osborne, lay in state awaiting to be taken to Fair Play Mo., for interment.

The scripture was read and expounded with comforting words for the grief stricken family, and prayer to the Father of all and His consolation and guidance asked, with His blessing called on the sorrowing home. Later Rev. Taylor and wife departed for the home of George W. Shrader who is living with his son H. H. Shrader, east of Murray, and where he is kept to the home on account of a stroke of paralysis, and visited with him and offered comfort, returning to Union in time to attend the evening services at the Baptist church. They thus rounded out a very full and complete day.

Union Postmistress Married

Miss Lydia Clark who has been the efficient postmistress at Union for many years, and who has served the public in the most satisfactory manner, being efficient, pleasant, and courteous, was smitten by the arrow of Master Cupid, and on last Wednesday at high noon, was united in marriage with Mr. Fred B. Borne of Nebraska City, at the court house at Auburn in the presence of the mother of the bride, Mrs. Vesta Clark, and her sister, Mrs. O. W. Finney, by the county judge, Robert Armstrong. Following the ceremony they young people were given a reception at the home of Mr. and Mrs. O. W. Finney at Auburn, after which the newly married couple departed for a wedding trip which extended until Sunday when they arrived at Union, where they will make their home for the present. All who know the bride and her winsome pleasant ways, know that the man who was fortunate to secure her as a life's partner, has secured a worthwhile wife. The groom who has made his home at Nebraska City for a number of years, was married on the anniversary of the day of his discharge from the aviation service two years ago when Mr. Borne was in the service during the war and spent nine months in France in the service of the United States in the aviation service. The Journal, with the many friends of this estimable couple, unite in extending the best wishes for a long, happy and prosperous life, filled with the blessings of peace and service to all whom they may know.

Undergoes an Operation.

On account of the prolonged illness of Mrs. W. L. Stine, it was found necessary that the lady be taken to the hospital in Omaha, where she was treated from Friday until Monday and underwent an operation for the improvement of her health. Mrs. Stine has been in poor health for some time and all was done possible to afford her relief, but with no permanent and beneficial results, and it was deemed best to have her

taken to the hospital for treatment it is hoped that she may soon be able to return home improved in health.

Returns to Former Position.

After many weeks of illness, A. H. Austin has returned to his former position in the business house of L. R. Upton, where he is salesman for Mr. Upton. Mr. Austin passed his 67th milestone last Saturday, March 5th, and says he is feeling fine as a fiddle and he sure looks his part. Mr. Austin landed at Rock Bluffs on April 11th 1861, and has been a part and parcel of this community since, with the exception of but a short period at a time and remembers how this community grew and became the prosperous place it is now.

Is Asked to Continue Service.

With the twentieth of this month, fifteen years will be completed by the Rev. W. A. Taylor at service at Wabash, where he has ministered for the past years. The congregation by unanimous consent, have extended a call for Rev. Taylor to be their minister for the coming year. The continued re-election of Rev. Taylor to the position, is one of the greatest compliments for the service, and speaks volumes for his ministry and it is with the feeling that he will continue to make good, that we predict a continuance of the good work which he has been doing.
