THE OPEN DOOR!

At this Bank the door to the officers' room is always open, and this, in a sense, is typical of the spirit which pervades the entire place. Austerity, that professional coldness which one sometimes connects with financial institutions, is forgotten here in the general desire of every officer to meet the people of this vicinity as fellow citizens and to serve their needs, regardless of whether they be little or large, with courtesy and consideration. If we can serve you in any capacity do not let the relative smallness of your possessions prevent you from consulting us; rather let it encourage you to do so. If you wish to open a savings account our facilities are at your command. Our advice and experience are yours to draw upon.

YOU'RE ALWAYS WELCOME HERE

nish a neat sum over and above that realized from the milk.

Nominate City Ticket

Last Saturday the citizens of Union got together in a strictly non-partisan caucus and placed a ticket in nomination for the coming village election, April 5th. Party lines were thrown to the wind in an effort to select the best possible men for the positions. For village trustees, four were selected from which list two are to be voted upon. They are W. H. Porter, Frank Bauer, W. Mark and L. G. Todd. For clerk the names of Joe Banning, present incumbent, and J. D. Cross will appear on the ballot. Miss Elsie Taylor, who is the present city treasurer, was selected without opposition as the only candidate for that important office. T. N. Bobbit Visits Here

T. N. Bobbit, of Lincoln, formerly a resident near Alvo, was a visitor in Union last Monday, coming down to call on his friend, Dr. Chas. Schwab, whom he had known for many years when both were residents of Kansas. The doctor happened to be at Omaha, where he is taking some post graduate work and also receiving treatment. Mr. Bobbit accordingly paid his respects to C. L. Graves, another old Cass county friend, going from here to Plattsmouth to renew acquaintanceship with a number of friends there. Mr. Bobbit first entered Cass county on the 28th day of October, 1869, having come to the state some five years before, in 1864, when he crossed the Missouri river at Omaha. He came out with his folks who migrated from Oskaloosa, Iowa to the then wild and unexplored regions of Nebraska. Mr. Bobbit lived in Cass county 61 years, but now makes his home with his son, Charles and family, at Lincoln.

To Hold Services Sunday

The district superintendent of the Methodist church for the Omaha district will hold two services in Union next Sunday, and one at the church at Wyoming. All other auxiliary meetings of the church here will be held at the usual hour.

Testing Out New Tractor

The new caterpillar tractor which has been purchased by the county for use in working the roads of this federal aid district, arrived one day last week. Charles Attebury, of Linwood, Kansas, came with the machine and has been engaged to look after it and drive it by the county.

board of supervisors. E. B. Chapman and Commissioner Harris who have been building a wagon for use with the machine went out in the afternoon to demonstrate the outfit in operation, working from Union to the C. F. Morton corner east of town. Eli Keckler, of Manley, has been secured to handle the grader blades and with his experience at road building should prove an excellent man for the place. With the addition of the new tractor the outfit is well equipped for the summer's work and there will be little excuse for the roads long remaining in bad condition. In this connection it would be well to give the streets in town a little touching up, as about the worst place on the road between Nebraska City and Plattsmouth is the main street hill here.

Modern Woodmen Elect

Last Tuesday evening the members of the local Modern Woodmen of America lodge met at their hall here and proceeded to elect and install a set of officers for the coming year. The order is in a very healthy condition and has a flourishing membership. The newly elected and installed officers are: E. B. Chapman, venerable council; Joe Banning, clerk; H. L. Swanson, banker; Earle Wolfe, advisor; Chas. Swan, escort and H. C. Niday, sentry. The board of managers is composed of Frank Bauer, W. E. Banning and Dan Lynn. At the same time delegates and alternates were elected to the county convention, which is soon to be held at Plattsmouth.

Makes Trade and Has Wreck

John Frans, who is of a daring spirit and not afraid to try anything once, traded his car which had been made into a speedster and was generally known as the "Potato Bug" for a motorcycle with a side car attachment. After having divested the motorcycle of its superfluous equipment, John undertook to ride the animal which ran away with him and deposited him in the road a mile or so west of town. Notwithstanding some bruises and a few minor injuries to the cycle, both are ready to go again, for the motorcycle dealer "rick" and John is imbued with the spirit of '76, which qualities are sure to get them both there.

To Have Base Ball Team

A few evenings ago the lovers of the national game, otherwise known as baseball fans, got together and after long and serious discussion of the subject, decided to maintain a team here the coming season. Fred Clark was selected to head the 1921 aggregation as president, while C. L. Graves was picked for secretary. Both have identified themselves as loyal boosters for the home team in years past and the two working in union will be able to effect the organization of a first class nine here this year. They have secured for a park the coming year, the north pasture, which is very accessible and is so situated that autos can be driven into it. Announcement of the line-up of the team will be made in a short time and after a spell of earnest practice they will be ready to contest all comers.

Striving for Perfection

The Baptist Sunday school which has been separated into three divisions for the purpose of a contest to begin the first Sunday in April and continue three months, has designated it to be a hill climbing contest and the division reaching the top first will be declared winner. The points of advance are counted on attendance, offerings, punctuality and new pupils secured. It is expected much interest will be taken in the contest and all will enthusiastically labor for success for their side.

Lumber Prices Drop!

The present market on lumber is now at a pre-war level (considering the increase in freight rates.)

Our selling price is governed on a replacement basis, and not what the material cost us.

Our loss is our loss—that's all.

From all indications and reliable sources, there will be no further decline in lumber prices this year.

Lumber is the cheapest commodity being offered the public at present, so why not start that building you have been postponing the construction of for three or four years?

You may need a house, barn, hay-barn, hog shed, implement shed or hen house, so why delay?

Come in and get prices and specifications.

We appreciate your patronage.
