To save is to insure yourself and your family protection.

'FLU' WAVE DUE AGAIN IN APRIL

A warning that we may have a recurrence of influenza in April was sounded a few days ago by the Health Commissioner in an address before graduates of the Home Nursing school at Chicago. He said that if "it runs true to form it will arrive April 15." Now—don't be excited! Be calm, because the fear aids the epidemic and kills more victims than the flu. All the experts agree that the first "flu" rule is: Keep the bowels open. The elimination of waste matters in the intestines and lowering local congestion builds up the resistance. Therefore, have Triner's Bitter Wine from now at home and keep your bowels clean! The ingredients of Triner's Bitter Wine (castor oil in the first place) are the best guarantee for the result. Use also Triner's Antiputrin, which is the most efficient gargle and nose douche (dilute one part of Antiputrin to four parts of lukewarm water.) Every druggist and dealer in medicines has Triner's remedies in stock or can get them for you—Joseph Triner Company, 1333-45 S. Ashland Ave., Chicago, Ill.
